WPA Using Funds Already On Hand To Give 30,000 Jobs Weekly

ACTION STILL AWAITED ON LENDING-SPENDING BILL

Most Of Additional Work Provided In Large Industrial Communities

WASHINGTON, June 4.—(AP)—The administration has started its lending-spending attack on the depression although congress still has a week's work to do on the $3,723,000,000 bill that will supply most of the ammunition.

Officials disclosed today that the WPA was using funds already on hand to create additional work relief jobs at the rate of approximately 30,000 a week.

If congress finally approves the $1,425,000,000 which the lending-spending bill now carries for WPA, they said, they expect an average of 2,800,000 persons to be given work relief employment in the next seven months. This could compare with an enrollment of 2,679,656 on May 28 and an officially-expected winter peak of 3,000,000 or more.

Most of the additional jobs provided since May 28, it was said, were in large industrial communities where the unemployment situation was most acute.

Secretary of Agriculture Wallace also has taken steps to put the administration's relief program into effect without waiting for congress to

FORD SPONSORS FARM MOVEMENT

Thinks Back-To-Soil Plan Will Restore Nation To Prosperity

DETROIT, June 4.—(AP)—On a site of some 300 acres of land in nearby Dearborn, not far from the farm on which he was born nearly three-quarters of a century ago, Henry Ford has under way a "back-to-the-land" project which he hopes may become nation-wide in scope and furnish the impetus for an "out-of-the-depression" movement.

"This is no mere experiment," Ford said today, shading his eyes with his hand to look far across the acres of small plants pushing up through soil cultivated by nearly three score needy youths. It is, Ford said, the result of many experimental efforts carried on under his direction over a long period. There are wax beans and potatoes, radishes and melons—"every crop that will grow in this region."

"We will establish very definitely, with the cooperation of veterans' organizations," Ford added, "that an individual can live from a relatively

THREE INJURED IN AUTOMOBILE CRASH

Three persons were injured yesterday morning shortly after 10 o'clock when an automobile driven by Mrs. L. W. McDonald, of 3018 Gordon avenue, was reported by the Monroe police to have crashed into the rear of an automobile parked on Louisville avenue near Fourteenth street and occuped by E. B. Johnson, entomologist connected with the Louisiana state board of health, and H. W. Conner, John G. Keller, Ray Bostick and Jim Forbito, all of Monroe and employed by the Ouachita parish health unit here.

The injured were Mrs. McDonald, Mr. Forbito and Mr. Bostick, who were taken in ambulances to St. Francis sanitarium following the accident. Mrs. McDonald, although said to have been the most seriously injured of the trio, was not in any danger. The others were said to have been badly shaken up and were released from the hospital after treatment.

Police reporting on the mishap said Mrs. McDonald was driving west on Louisville when her machine unaccountably crashed into the rear of the car occupied by the public health workers, which was parked on the right side of Louisville avenue facing west.

Mrs. McDonald, who was the only occupant of the automobile she was driving, was reported to have been rendered unconscious by the impact but regained consciousness after admittance to the sanitarium.

It was the most informal dance ever given by the British rulers.

TRADE MADE TO SAVE ON BONDS

State Conditionally Sells Paper Valued At $8,612,200 At Big Saving

BATON ROUGE, June 4.—(AP)—The state today conditionally sold $8,612,200 refunding bonds on a basis to save the state more than one million dollars during the life of the bonds.

The refunding bonds were sold to a syndicate headed by Edward Jones and company, Inc., New Orleans, on a basis to cost the state 3.37 per cent interest.

The sale of the bonds is contingent upon favorable action on a bill now before the state legislature and the securing of a supreme court opinion as to its validity before July 1, the date the state proposes to call the outstanding bonds.

The bonds which are being called are dated January 1, 1941, and bear interest at the rate of 4½ per cent per annum.

The Jones syndicate today offered to buy the refunding bonds on the following basis at par and accrued interest: 2½ per cent for maturities in 1939, 1940 and 1941; 3½ per cent for

8-YEAR-OLD BOY CALLS GOVERNORS

MEMPHIS, Tenn., June 4.—(AP)—The telephone bill received today at the R. E. Luten residence carried the following perplexing charges:

"Call to Governor White, Jackson, Miss., 95 cents. Call to Governor Browning, Nashville, Tenn., 90 cents. Report charges, call to White House, Washington, D. C."

Eight-year-old Earl Luten, called in for questioning by his puzzled parents, quickly cleared up what had the makings of a major mystery. "I just wanted to talk with them," said Earl, explaining that while he did converse with the governors, he was unsuccessful in his attempt to speak with the president.

The long distance spree took place during the absence of his parents.

Agents of the federal bureau of investigation, with Director J. Edgar Hoover personally on the ground, doggedly pushed their examination of clues.

POLICE JURORS STRIKE AT BILL

Dislike Removal Of Right To Grant Public Utility Franchises

BATON ROUGE, La., June 4.—(AP)—L. U. Babin, honorary and former president of the Police Jury Association of Louisiana, said today he had received numerous protests from police jurors to the bill which would authorize the Louisiana public service commission to grant public utility franchises when police juries refuse to do so.

The bill to give this authority to the public service commission was introduced in the senate by Senators Harvey Peltier of LaFourche and Coleman Lindsey of Webster and was passed by the senate last week over the opposition of Senator Jules G. Fisher of Jefferson.

In the debate Senator Fisher charged that the bill was the outgrowth of a fight between the Gulf Natural Gas corporation and the Jefferson parish police jury, which, he said, had refused to grant a natural gas franchise until the company had posted a $50,000 bond. Senator Peltier, who said he was a former attorney for the corporation, asserted that the company was willing to post $20,000 bond and declared that the passage of the bill would in no way injure Jefferson parish, but would provide a market for Louisiana-produced natural gas.

Babin said the police jurors are protesting the bill on the grounds that it is taking from the police juries authority which they believe they should continue to hold.

"If every time a legislator gets into an argument with a police jury a state law is passed to give him what he wants, it won't be long until the police juries will be stripped of all their powers," Babin said.

COMMITTEE ON WAGE AND HOUR BILL UNABLE TO BREAK DEADLOCK

Question Of Uniform Pay Standards For South Still In Dispute

2 COMPROMISE PROPOSALS RECEIVE SOME SUPPORT

Southerners Might Agree To Suggestion Made By Mrs. Norton

WASHINGTON, June 4.—(AP)—The joint congressional committee trying to reconcile differences between the house and senate wage-hour bills recessed tonight for the week-end, apparently deadlocked as tightly as when it began deliberations Thursday.

Still in dispute was the major question of whether uniform minimum wage standards should be applied to the whole country or different standards provided for different sections.

Two compromise proposals, both based on the house theory of making wage-hour regulations uniformly applicable in all sections of the country, won a measure of support in the committee.

But southerners, intent on getting a varying scale which would permit lower minima in the south, blocked both of them.

They warmed somewhat to a proposal by Chairman Mary T. Norton, Democrat, New Jersey, of the house labor committee.

She suggested that a minimum wage of 25 cents an hour be required uniformly at first and that it be increased gradually. When the minimum reached 30 cents, an administrator within the labor department would be empowered to grant exemptions from provisions requiring that the wage be increased further at the rate of three cents a year.

These exceptions would not be granted on a geographical basis, but would cover a nation-wide industry, Mrs. Norton said. She proposed to extend to five years the time for attain-

100 Men Wearing Overseas Veterans' Caps Break Up Meeting

NEWARK, N. J., June 4.—(AP)—Socialist Leader Norman Thomas was showered with rotten eggs and howled down tonight by 100 men, most of them wearing veterans' overseas caps, when he attempted to speak at Military park.

There were flurries of spectators' fists and police nightsticks as friends helped Thomas, his face smeared with egg yolks, to a park bench.

A temporary stand erected for his speech was splintered.

Others in the crowd of 500 Thomas sympathizers were hit with eggs.

As Thomas was introduced by Clara Handelman, Essex county secretary of the Socialist party, and stepped forward to speak, shouting and flag-waving veterans, accompanied by a 25-piece band, marched through the Thomas crowd and a melee broke out.

NEW DEAL TO GET IOWA VOTE TEST

Wearin Supporters Continue Policy Of Claiming Presidential Support

DES MOINES, June 4.—(AP)—The New Deal tests its pulling power Monday in the Iowa Democratic primary where it has been a creed and never an issue since 1932.

Principal opponents are Senator Guy M. Gillette, an anti-court plan Democrat, and Otha D. Wearin, endorsed by WPA Chief Harry L. Hopkins and called "my friend" by James Roosevelt, son of the president. The foes are two of the five candidates seeking the party's senatorial nomination. Gillette, as the election neared, today pledged his support to the Democratic winner.

Wearin is outspoken in his claims of presidential support. Gillette insists the president is neutral. Wearin says the party needs a "loyal administration senator" in Gillette's place in Washington. The incumbent says he is "intensely loyal" to the president but has added that "anyone who is either 100 per cent for or against the New Deal either is blindly partisan or lacks information."

The issue has split the Iowa Democratic party, ruler of tall corn politics since the New Deal sweep of 1932, from its federal patronage sources down into the statehouse.

The Wearin-Gillette battle hurtled into the spotlight as a test of New Deal strength when Hopkins announced he would be for Wearin "if I voted in Iowa."

Continuing on the policy of claiming presidential support, the Wearin forces have flooded the state with pictures of their candidate taken with James Roosevelt at a Harpers Ferry, Va., rally. The congressman's followers also jubilantly made public a telegram from the younger Roosevelt taking issue with what the latter

WINDSTORM STRIKES SHREVEPORT COLLEGE

SHREVEPORT, La., June 4.—(AP)—St. Vincent's college here was struck today by a sudden windstorm of near cyclonic proportions which caused minor damage.

Several large trees on the front lawn were blown down and window panes in the college were smashed by the wind. Fifty-five persons in the building escaped injury.

The storm hit so quickly, Mother Mary Constance of the college said, that no one had time to leave the building.

Communications were interfered with slightly in the vicinity.

The city of Monroe has appropriated $1,500 to aid in financing a mosquito control campaign, Mayor H. H. Benoit announced Saturday. The campaign will be inaugurated Monday, June 6, and will be prosecuted with vigor.

Concerning the campaign, Mayor Benoit had the following to say: "The city officials are cognizant of the fact that malaria is one of the most serious public health problems encountered here and we have made an appropriation to carry on the campaign during the mosquito breeding season. The supervision of the program will be under the direction of Dr. G. Douglas Williams and his staff of the Ouachita parish health unit. O. P. H. S HOLDS COMMENCEMENT

Class Of 283 Receives Diplomas Friday Night; Dr. C. M. Wise Speaks

Two hundred eighty-three members of the 1938 class of the Ouachita Parish High school received their diplomas at the Neville High school auditorium Friday night. It comprised the largest class that has ever been similarly graduated. The principal address of the occasion was delivered by Dr. C. M. Wise, director of the speech department of Louisiana State university.

The members of the class formed a pleasing picture as the curtain on the large stage rose disclosing the group completely filling the stage. Young women were attired in evening dress while the young men were dressed in white suits. Corsages and shower bouquets of sweet peas worn or carried by the young women added to the color scheme.

Invocation was by Rev. C. K. Smith, pastor of the First Methodist church of West Monroe, after which a mixed glee club rendered "Songs of the Vikings" and "Carmena."

The salutatory address, "Bridges," was delivered by Charlotte Roberts, picturing life and its vicissitudes and showing how bridges, figuratively speaking, can carry over all obstacles. The valedictorian was Edna Mae Vallery, but she was not present to deliver the address.

Dr. Wise discussed "Dignified Living." He said in part: "My subject is a broad and difficult one and in my

WHITE URGES EARLY AID FOR LOUISIANA

BATON ROUGE, La., June 4.—(AP)—J. Lester White, chairman of the state planning commission, today called for an early submission of Louisiana applications for federal aid from the new $3,700,000,000 spending fund voted by congress.

White's statement followed a conference here with G. C. Street, Jr., assistant public works administration regional director.

"As chairman of the commission," White said, "I am urging all those who propose to submit applications to have them prepared as quickly as possible and get them in."

White said that the PWA system used previously would prevail on the new applications, that is the federal government would grant up to 45 per cent the entire cost of a project. The 55 per cent balance could be handled by the applicant or by the government on a loan basis of four per cent over as long a period as 25 years.

"The commission is very anxious to secure as many benefits as possible through this program and urges that applications be submitted as early as possible," White said.

Japanese were reported in occupation of Kaifeng, ancient capital of central China.

It was predicted that Japanese troops would enter Chengchow, junction of the Lunghai and the Peiping-Hankow railway, within 48 hours.

Kaifeng, 40 miles east of Chengchow, had been the objective of Japanese troops stalled temporarily at Lanfeng. About 30 miles west of Lanfeng, Kaifeng was considered the key to Chinese Lunghai defenses.

CANTON, June 4.—(AP)—Japanese air raiders continued their heavy bombings of this industrial city today with two devastating attacks.

Officials feared casualties would exceed those of a week ago when they estimated 750 persons were killed and 1,350 wounded.

French Moroccans And Legionnaires On Duty As Martial Law Prevails

PARIS, June 4.—(AP)—Veteran French Moroccan troops and foreign legionnaires patrolled the sanjak (state) of Alexandretta tonight under martial law with 30,000 Turkish troops said to be across the border watching their efforts to keep order.

Foreign Minister Georges Bonnet and Suad Davaz, Turkish ambassador to Paris, conferred again in the tense Arab-Turk dispute over a pending plebiscite in the region on Turkey's southern border which France rules under her Syrian mandate.

Both insisted, however, despite the display of military strength in the near east, that their differences over rule of the strategic "elbow" of the eastern Mediterranean was near settlement.

The territory at stake is the city of Alexandretta and a surrounding district with a total population of about 220,000. It lies between Turkey and Syria, with at least seven distinct nationalities and races. It is considered a melting pot of near eastern peoples.

The date of the plebiscite, to be

An address on the principles and purposes of Masonic craft will be delivered. Dr. Joseph Whitaker, master of the fourth district, will preside. Among the prominent Masons in attendance will be Dr. Dee A. Strickland, of Monroe, grand junior warden, and Robert Cretney, of Monroe, district secretary. Following the ceremonial refreshments will be served by the Ferriday lodge.

Britain Sees New Hope For European Peace

Cabinet Ministers Slip Away For Whitsun Holiday Over Week-end

Subsiding War Fears And Apparent Cooling Of Tempers Prove Encouraging

LONDON, June 4.—(AP)—The subsiding of war fears and apparent cooling of tempers in Europe inspired bolder hopes among British statesmen today for success in the drive for continental appeasement.

Cabinet ministers slipped away for the three-day Whitsun holiday week-end with increased optimism for the settling of some of the more urgent problems threatening peace.

In the forefront of the issues before Europe were the dispute between Czechoslovakia and her autonomy-demanding Sudeten German minority—which threatened to flare into an armed conflict two weeks ago—and the Spanish civil war.

Great Britain has offered to take the role of mediator in both.

United States Secretary of State Cordell Hull's assertion yesterday that the United States was ready to cooperate in broad moves toward better international understanding cheered British leaders.

British diplomacy now is directed chiefly at assisting in solution of the Sudeten German minority question in Czechoslovakia and smothering the Spanish war first by reducing foreign intervention and then by trying to bring a truce.

If satisfactory progress is made in these undertakings, the next step likely will be a renewed attempt to reach an understanding with Germany.

Negotiations with Germany, along the lines of the Italo-British pact for settling African, Spanish and Mediterranean differences, were about to be opened when Germany annexed Austria March 13.

British leaders believed tension in Central Europe had relaxed sufficiently over the Sudeten German demands that a peaceful settlement was possible.

Meanwhile, in Bratislava, leaders of Czechoslovakia's 2,300,000 Slovaks met in a party rally and presented their own autonomy program.

With the Spanish struggle virtually at a halt in eastern Spain and an early insurgent victory discounted, prospects were improved during the week for evacuation of foreign volunteers fighting with the government and insurgent armies.

Soviet Russia agreed during the week to a British plan for removing 10,000 volunteers from each side but other issues remained to be settled and the subcommittee of the 27-nation "hands-off Spain" group is scheduled to confer again next Friday.

The British government also let it be known that it was seeking a favorable opportunity to try to bring the Spanish factions into truce conferences.

Britain also envisaged possible leadership in an international move to halt bombings of civilian populations both in Spain and China.

NEWARK, N. J., June 4.—(AP)—Socialist Leader Norman Thomas was showered with rotten eggs and howled down tonight by 100 men, most of them wearing veterans' overseas caps, when he attempted to speak at Military park.

There were flurries of spectators' fists and police nightsticks as friends helped Thomas, his face smeared with egg yolks, to a park bench.

A temporary stand erected for his speech was splintered.

Others in the crowd of 500 Thomas sympathizers were hit with eggs.

As Thomas was introduced by Clara Handelman, Essex county secretary of the Socialist party, and stepped forward to speak, shouting and flag-waving veterans, accompanied by a 25-piece band, marched through the Thomas crowd and a melee broke out.

NEW DEAL TO GET IOWA VOTE TEST

Wearin Supporters Continue Policy Of Claiming Presidential Support

DES MOINES, June 4.—(AP)—The New Deal tests its pulling power Monday in the Iowa Democratic primary where it has been a creed and never an issue since 1932.

Principal opponents are Senator Guy M. Gillette, an anti-court plan Democrat, and Otha D. Wearin, endorsed by WPA Chief Harry L. Hopkins and called "my friend" by James Roosevelt, son of the president. The foes are two of the five candidates seeking the party's senatorial nomination. Gillette, as the election neared, today pledged his support to the Democratic winner.

Wearin is outspoken in his claims of presidential support. Gillette insists the president is neutral. Wearin says the party needs a "loyal administration senator" in Gillette's place in Washington. The incumbent says he is "intensely loyal" to the president but has added that "anyone who is either 100 per cent for or against the New Deal either is blindly partisan or lacks information."

The issue has split the Iowa Democratic party, ruler of tall corn politics since the New Deal sweep of 1932, from its federal patronage sources down into the statehouse.

The Wearin-Gillette battle hurtled into the spotlight as a test of New Deal strength when Hopkins announced he would be for Wearin "if I voted in Iowa."

Continuing on the policy of claiming presidential support, the Wearin forces have flooded the state with pictures of their candidate taken with James Roosevelt at a Harpers Ferry, Va., rally. The congressman's followers also jubilantly made public a telegram from the younger Roosevelt taking issue with what the latter

WINDSTORM STRIKES SHREVEPORT COLLEGE

SHREVEPORT, La., June 4.—(AP)—St. Vincent's college here was struck today by a sudden windstorm of near cyclonic proportions which caused minor damage.

Several large trees on the front lawn were blown down and window panes in the college were smashed by the wind. Fifty-five persons in the building escaped injury.

The storm hit so quickly, Mother Mary Constance of the college said, that no one had time to leave the building.

Communications were interfered with slightly in the vicinity.

CITY TO LAUNCH MOSQUITO DRIVE

Council Appropriates $1,500 For Use In Wiping Out Disease Carrier

The city of Monroe has appropriated $1,500 to aid in financing a mosquito control campaign, Mayor H. H. Benoit announced Saturday. The campaign will be inaugurated Monday, June 6, and will be prosecuted with vigor.

Concerning the campaign, Mayor Benoit had the following to say: "The city officials are cognizant of the fact that malaria is one of the most serious public health problems encountered here and we have made an appropriation to carry on the campaign during the mosquito breeding season. The supervision of the program will be under the direction of Dr. G. Douglas Williams and his staff of the Ouachita parish health unit. I trust that the people of the city will give Dr. Williams the fullest cooperation and will make every effort to control mosquito

O. P. H. S HOLDS COMMENCEMENT

Class Of 283 Receives Diplomas Friday Night; Dr. C. M. Wise Speaks

Two hundred eighty-three members of the 1938 class of the Ouachita Parish High school received their diplomas at the Neville High school auditorium Friday night. It comprised the largest class that has ever been similarly graduated. The principal address of the occasion was delivered by Dr. C. M. Wise, director of the speech department of Louisiana State university.

The members of the class formed a pleasing picture as the curtain on the large stage rose disclosing the group completely filling the stage. Young women were attired in evening dress while the young men were dressed in white suits. Corsages and shower bouquets of sweet peas worn or carried by the young women added to the color scheme.

Invocation was by Rev. C. K. Smith, pastor of the First Methodist church of West Monroe, after which a mixed glee club rendered "Songs of the Vikings" and "Carmena."

The salutatory address, "Bridges," was delivered by Charlotte Roberts, picturing life and its vicissitudes and showing how bridges, figuratively speaking, can carry over all obstacles. The valedictorian was Edna Mae Vallery, but she was not present to deliver the address.

Dr. Wise discussed "Dignified Living." He said in part: "My subject is a broad and difficult one and in my

WHITE URGES EARLY AID FOR LOUISIANA

BATON ROUGE, La., June 4.—(AP)—J. Lester White, chairman of the state planning commission, today called for an early submission of Louisiana applications for federal aid from the new $3,700,000,000 spending fund voted by congress.

White's statement followed a conference here with G. C. Street, Jr., assistant public works administration regional director.

"As chairman of the commission," White said, "I am urging all those who propose to submit applications to have them prepared as quickly as possible and get them in."

White said that the PWA system used previously would prevail on the new applications, that is the federal government would grant up to 45 per cent the entire cost of a project. The 55 per cent balance could be handled by the applicant or by the government on a loan basis of four per cent over as long a period as 25 years.

"The commission is very anxious to secure as many benefits as possible through this program and urges that applications be submitted as early as possible," White said.

SHANGHAI, June 5.—(Sunday)—(AP)—Reports through foreign sources at Hankow said today Chinese resistance along the Lunghai railway in central China had collapsed.

A general withdrawal of Chinese troops was said to be under way.

Japanese were reported in occupation of Kaifeng, ancient capital of central China.

It was predicted that Japanese troops would enter Chengchow, junction of the Lunghai and the Peiping-Hankow railway, within 48 hours.

Kaifeng, 40 miles east of Chengchow, had been the objective of Japanese troops stalled temporarily at Lanfeng. About 30 miles west of Lanfeng, Kaifeng was considered the key to Chinese Lunghai defenses.

CANTON, June 4.—(AP)—Japanese air raiders continued their heavy bombings of this industrial city today with two devastating attacks.

Officials feared casualties would exceed those of a week ago when they estimated 750 persons were killed and 1,350 wounded.

Today's raids marked the sixth day of attacks on Canton in the last eight days. Only on Wednesday and Thursday were there respites.

(In Tokyo, Domei, Japanese news agency, said a "well informed source"—the usual designation for official opinion—indicated British and American denunciations of air attacks on civilians would not alter Japanese tactics.

French Moroccans And Legionnaires On Duty As Martial Law Prevails

PARIS, June 4.—(AP)—Veteran French Moroccan troops and foreign legionnaires patrolled the sanjak (state) of Alexandretta tonight under martial law with 30,000 Turkish troops said to be across the border watching their efforts to keep order.

Foreign Minister Georges Bonnet and Suad Davaz, Turkish ambassador to Paris, conferred again in the tense Arab-Turk dispute over a pending plebiscite in the region on Turkey's southern border which France rules under her Syrian mandate.

Both insisted, however, despite the display of military strength in the near east, that their differences over rule of the strategic "elbow" of the eastern Mediterranean was near settlement.

The territory at stake is the city of Alexandretta and a surrounding district with a total population of about 220,000. It lies between Turkey and Syria, with at least seven distinct nationalities and races. It is considered a melting pot of near eastern peoples.

The date of the plebiscite, to be

Lodges from the entire fourth district, which includes Ouachita, Caldwell, Franklin, Catahoula, Tensas and Concordia, will take part in the ceremonies, it was announced by District Deputy John James of Columbia. An address on the principles and purposes of Masonic craft will be delivered. Dr. Joseph Whitaker, master of the fourth district, will preside. Among the prominent Masons in attendance will be Dr. Dee A. Strickland, of Monroe, grand junior warden, and Robert Cretney, of Monroe, district secretary. Following the ceremonial refreshments will be served by the Ferriday lodge.

Britain Sees New Hope For European Peace

Cabinet Ministers Slip Away For Whitsun Holiday Over Week-end

LONDON, June 4.—(AP)—The subsiding of war fears and apparent cooling of tempers in Europe inspired bolder hopes among British statesmen today for success in the drive for continental appeasement.

Cabinet ministers slipped away for the three-day Whitsun holiday week-end with increased optimism for the settling of some of the more urgent problems threatening peace.

In the forefront of the issues before Europe were the dispute between Czechoslovakia and her autonomy-demanding Sudeten German minority—which threatened to flare into an armed conflict two weeks ago—and the Spanish civil war.

Great Britain has offered to take the role of mediator in both.

United States Secretary of State Cordell Hull's assertion yesterday that the United States was ready to cooperate in broad moves toward better international understanding cheered British leaders.

British diplomacy now is directed chiefly at assisting in solution of the Sudeten German minority question in Czechoslovakia and smothering the Spanish war first by reducing foreign intervention and then by trying to bring a truce.

If satisfactory progress is made in these undertakings, the next step likely will be a renewed attempt to reach an understanding with Germany.

Negotiations with Germany, along the lines of the Italo-British pact for settling African, Spanish and Mediterranean differences, were about to be opened when Germany annexed Austria March 13.

British leaders believed tension in Central Europe had relaxed sufficiently over the Sudeten German demands that a peaceful settlement was possible.

Meanwhile, in Bratislava, leaders of Czechoslovakia's 2,300,000 Slovaks met in a party rally and presented their own autonomy program.

With the Spanish struggle virtually at a halt in eastern Spain and an early insurgent victory discounted, prospects were improved during the week for evacuation of foreign volunteers fighting with the government and insurgent armies.

Soviet Russia agreed during the

Subsiding War Fears And Apparent Cooling Of Tempers Prove Encouraging

week to a British plan for removing 10,000 volunteers from each side but other issues remained to be settled and the subcommittee of the 27-nation "hands-off Spain" group is scheduled to confer again next Friday.

The British government also let it be known that it was seeking a favorable opportunity to try to bring the Spanish factions into truce conferences.

Britain also envisaged possible leadership in an international move to halt bombings of civilian populations both in Spain and China.

FINLAND AGAIN TO PAY ON DEBT

United States Sends Other Nations Notices Of Defaults

WASHINGTON, June 4.—(AP)—Finland sent word to the state department today that it would pay $161,935.50 on its war debt to this country June 15.

The little Scandinavian republic is the only one of 13 war debtor nations which has kept its account in good standing.

State department officials disclosed that this government had sent its usual reminder to all the debtors that installments would be due June 15. It was expected generally that Finland would be the only one to respond with a payment. Estonia was the first to send word that it could not pay.

A total of $1,901,661,870.30 will be due on the war debts June 15. This includes both installments falling due on that date, and sums previously due and unpaid. The total by countries:

Belgium $70,642,538.80.
Czechoslovakia $17,996,213.63.
Estonia $4,482,137.90.
Finland $161,935.50.
France $845,951,725.31.
Great Britain $1,090,157,132.08.
Hungary $405,256.41.
Italy $100,861,330.54.
Latvia $1,742,811.44.
Lithuania $1,532,849.82.
Poland $55,805,187.10.
Rumania $9,487,300.80.
Yugoslavia $2,352,031.26.

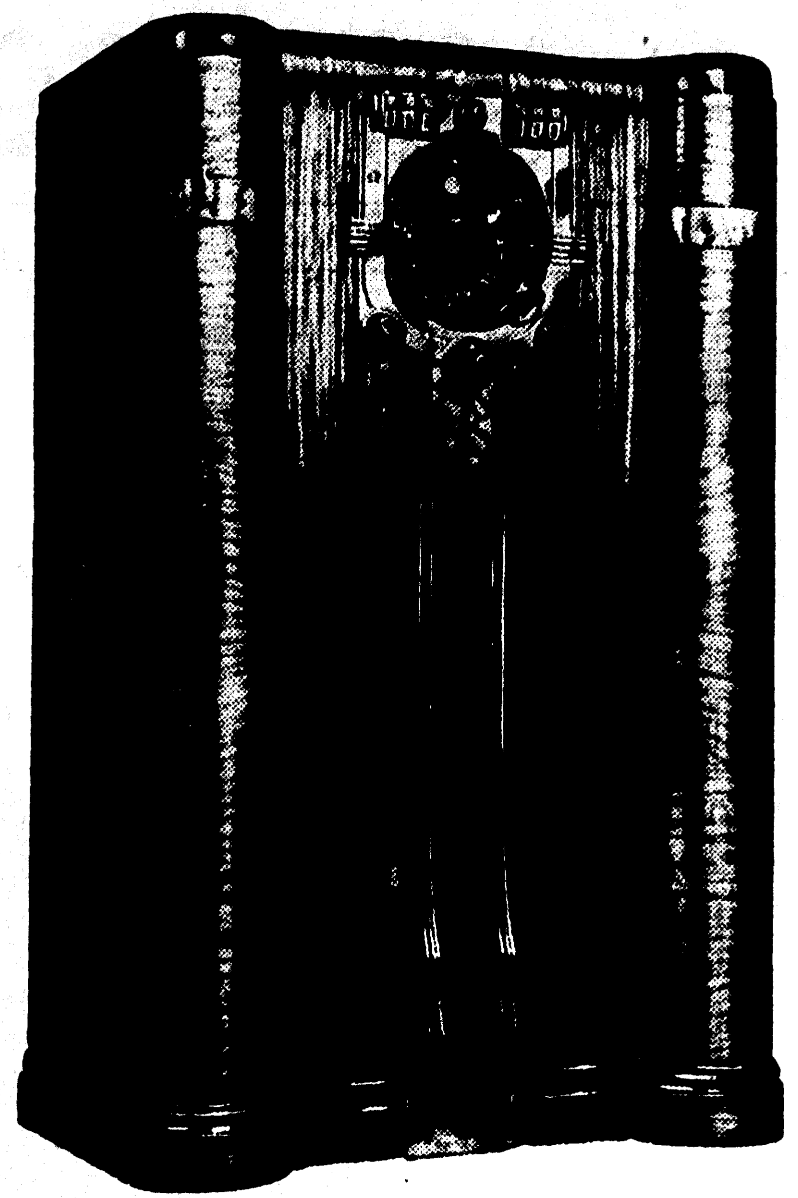
RE-ROUTE TRAFFIC IN WEST MONROE

Inter-city traffic through West Monroe is now being routed out Trenton street, around McGuire golf course and back to the Dixie-Overland at Knowles service station while Cypress street paving is under construction. West Monroe traffic is using Cypress street for short distances where the old concrete paving has not yet been removed.

Work on the repaving project was started at Stella street and the old paving, laid during the administration of Governor Fuqua, is being broken up and will be hauled away. Many of the chunks of concrete will be used as required in constructing fills and preventing erosion on the highways in this section of the state.

Cypress street, when completed, will be a four-lane concrete highway from the Ouachita river bridge to the city limits on North Seventh street, West Monroe.

OBTAINS ZENITH FRANCHISE



Passman Equipment company, household appliance and commercial refrigeration firm located on St. John street, has just received a retail dealer's franchise for Zenith radios, one of the models of which is pictured above. An announcement advertisement of 1939 Zeniths appears elsewhere in the paper. In commenting on the dealership, Roy Weinberg, salesmanager of Passman Equipment company, said Zenith had pioneered in radio, from the days of crystal sets through the present era of models with automatic tuning and short wave reception. He said many improvements and conveniences had been incorporated in the 1939 models.

MEASURE PROVIDES $425,000 FOR TECH

RUSTON, La., June 4.—(Special)—In an amendment to house bill No. 124, providing for appropriations of state funds from the general fund, Louisiana Tech would be allotted $425,000 annual for the next two years and $27,000 for the purchase of the T. L. James farm located near the college campus.

A copy of the bill, as amended, was brought to Ruston this week-end by T. Ashley Wright, Lincoln parish representative in the legislature, who is a member of the committee on appropriations.

The bill, as originally drawn, provided for $365,000 annually for the coming biennium for Louisiana Tech, but the house committee this week changed the original draft to bring the sum to the total request by the state board of education. The board also requested the same sum of $425,000 each year for Louisiana State Normal college and Southwestern Louisiana institute. The sums sought for the latter two institutions are provided for in amendments to the bill.

Representative Wright stated that the general appropriations bill will be submitted to the house Tuesday morning.

AUTO ACCIDENT VICTIM REPORTED IMPROVING

The condition of Miss Jewel Jones, 18, of 2811 Lee avenue, who was severely cut on the face and arm by flying glass from a broken automobile windshield Friday night, had so far improved Saturday that she was discharged from Riverside sanitarium where she was carried following the accident.

Miss Jones was hurt when the machine in which she was a passenger and which was driven at the time by her uncle, Claude Jones, got out of control and crashed into a telephone post in front of the V. Frank Lynn company, Inc., in the 2500 block of Gordon avenue. Mr. Jones, although shaken up, was otherwise uninjured.

DAILY VACATION BIBLE SCHOOL WILL BE HELD

The daily vacation Bible school at the Central Baptist church will start on Tuesday at 9 a.m., it was announced by the pastor, Rev. D. D. Cantrell.

All children of the primary and junior ages are invited to enroll. All children, regardless of creed will be welcomed, the pastor said.

The program will last only two and one-half hours each day. Those who desire to enroll in advance can do so by calling the pastor.

Rev. J. T. Walters, state Baptist missionary, will aid in starting classes, Rev. Cantrell said.

BARBECUE IS HELD BY BAPTIST BIBLE CLASS

One of the most enjoyable barbecues ever held by the Major Memorial Bible class of the First Baptist church was that conducted at Bernstein park Friday night, when 150 members and their families were in attendance. The affair was a farewell party to the teacher, Dr. C. C. Colvert, who goes to Baton Rouge for the summer to serve as a Louisiana State university instructor.

A challenge for the enrollment of added members which came from the Young Business Men's Bible class, was accepted by the Major Memorial group. The loser will pay for a watermelon feast for both classes, the contest lasting through June and July.

Frank Reitzell, president of the Major Memorial class, and Ivy Jordan, president of the Young Business Men's class, are both confident they will win the contest.

The barbecue on Friday night was prepared by L. B. Pettit and family and was heartily enjoyed.

DIPLOMAS GIVEN

FARMERVILLE, La., June 4.—(Special)—Dr. Claybrook Cottingham, president of Louisiana college, delivered the principal address at the Farmerville High school graduation exercises in the school auditorium last Thursday. Miss Jean Calhoun and Miss Lillian Albritton were valedictorian and salutatorian, respectively, of the class of 58 graduates who received their diplomas from H. A. Patterson, member of the Union parish school board.

RAYVILLE GRADUATES AWARDED DIPLOMAS

RAYVILLE, La., June 4.—(Special)—Commencement exercises were held at the Rayville High school Thursday, May 26, and diplomas were presented to 62 seniors.

After the invocation by Carolina Holloway who ranked second in scholarship, a welcome was extended by Addye Laura Diamond. Miss Anita Claire Burke rendered a vocal solo, "Pale Moon," accompanied at the piano by Mrs. Jack Abraugh. Original talks on the subject "Who is a Good Citizen?" were presented by J. B. Robinson, Edward Whatley, O'Cille Pugh, Aubrey Gwin, and Joe Kalil. A piano solo, Rhapsody number two, by Johannes Brahms, was played by John Morris. The farewell address was given by Everett McCoy, highest ranking student in scholarship and who also won the American Legion award for boys. The legion award for girls was presented to Addye Laura Diamond.

The graduates were as follows: J. C. Adcock, Frances Aycock, Evelyn Bennett, Marie Bolton, Norma Ruth Brown, Nita Branch, Etta Coghlan, Evelyn Collier, Jewell Copeland, Levada Covington, Virgil Crawford, Bernice Cumpton, Addye Laura Diamond, Edith Dixon, Louise Duncan, Lucile Duncan, M. RE-ROUTE TRAFFIC IN WEST MONROE

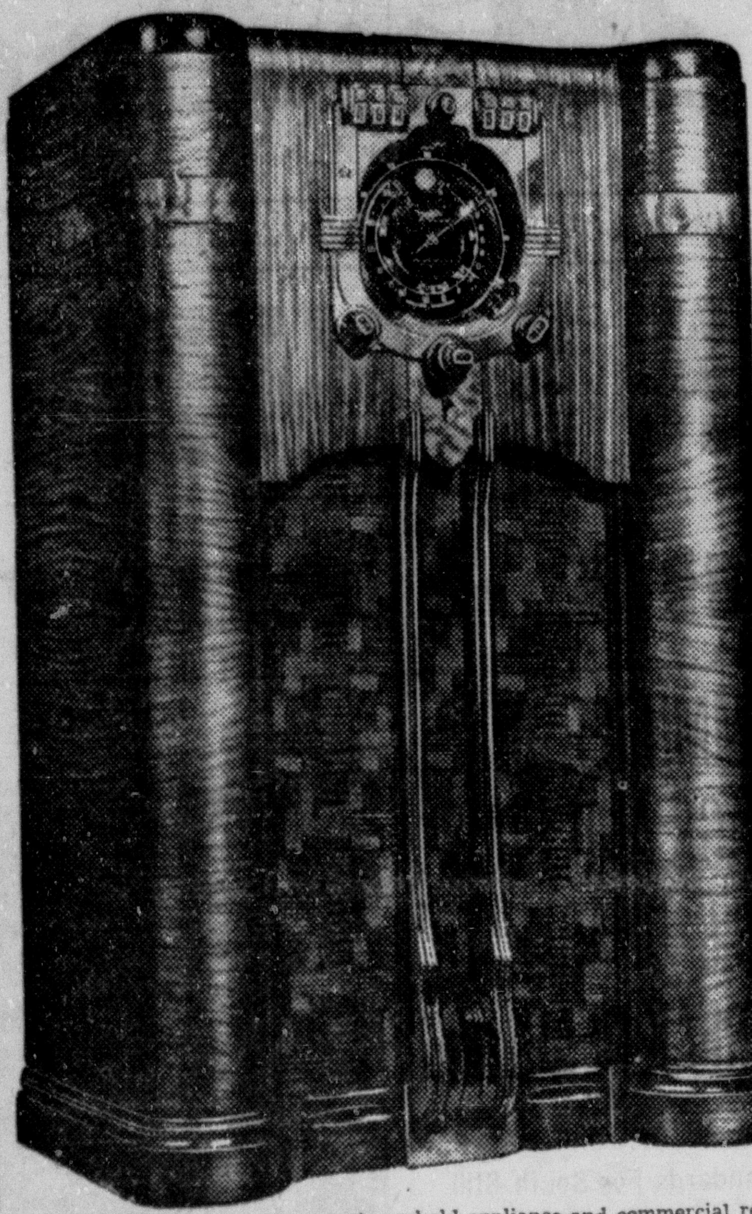
Inter-city traffic through West Monroe is now being routed out Trenton street, around McGuire golf course and back to the Dixie-Overland at Knowles service station while Cypress street paving is under construction. West Monroe traffic is using Cypress street for short distances where the old concrete paving has not yet been removed.

Work on the repaving project was started at Stella street and the old paving, laid during the administration of Governor Fuqua, is being broken up and will be hauled away. Many of the chunks of concrete will be used as required in constructing fills and preventing erosion on the highways in this section of the state.

Cypress street, when completed, will be a four-lane concrete highway from the Ouachita river bridge to the city limits on North Seventh street, West Monroe.

OBTAINS ZENITH FRANCHISE



Passman Equipment company, household appliance and commercial refrigeration firm located on St. John street, has just received a retail dealer's franchise for Zenith radios, one of the models of which is pictured above. An announcement advertisement of 1939 Zeniths appears elsewhere in the paper. In commenting on the dealership, Roy Weinberg, salesmanager of the Passman Equipment company, said Zenith had pioneered in radio, from the days of crystal sets through the present era of models with automatic tuning and short wave reception. He said many improvements and conveniences had been incorporated in the 1939 models.

MEASURE PROVIDES $425,000 FOR TECH

RUSTON, La., June 4.—(Special)—In an amendment to house bill No. 124, providing for appropriations of state funds from the general fund, Louisiana Tech would be allotted $425,-000 annual for the next two years and $27,000 for the purchase of the T. L. James farm located near the college campus.

A copy of the bill, as amended, was brought to Ruston this week-end by T. Ashley Wright, Lincoln parish representative in the legislature, who is a member of the committee on appropriations.

The bill, as originally drawn, provided for $365,000 annually for the coming biennium for Louisiana Tech, but the house committee this week changed the original draft to bring the sum to the total request by the state board of education. The board also requested the same sum of $425,000 each year for Louisiana State Normal college and Southwestern Louisiana institute. The sums sought for the latter two institutions are provided for in amendments to the bill.

Representative Wright stated that the general appropriations bill will be submitted to the house Tuesday morning.

AUTO ACCIDENT VICTIM REPORTED IMPROVING

The condition of Miss Jewel Jones, 18, of 2811 Lee avenue, who was severely cut on the face and arm by flying glass from a broken automobile windshield Friday night, had so far improved Saturday that she was discharged from Riverside sanitarium where she was carried following the accident.

Miss Jones was hurt when the machine in which she was a passenger and which was driven at the time by her uncle, Claude Jones, got out of control and crashed into a telephone post in front of the V. Frank Lynn company, Inc., in the 2500 block of Gordon avenue. Mr. Jones, although shaken up, was otherwise uninjured.

DAILY VACATION BIBLE SCHOOL WILL BE HELD

The daily vacation Bible school at the Central Baptist church will start on Tuesday at 9 a.m., it was announced by the pastor, Rev. D. D. Cantrell.

All children of the primary and junior ages are invited to enroll. All children regardless of creed will be welcomed, the pastor said.

The program will last only two and one-half hours each day. Those who desire to enroll in advance can do so by calling the pastor.

Rev. J. T. Walters, state Baptist missionary, will aid in starting classes, Rev. Cantrell said.

BROTHERHOOD MEETS

Members of Calvary Baptist brotherhood, at their regular meeting last Thursday night, listened to a discussion on the Southwestern Baptist Theological seminary conducted by Chief Steward H. S. Clawson and his No. 1 unit. Those taking part included Steward J. S. Pinkston, H. Hiltibrand, Clyde Cuder, J. A. Gregory and J. E. Venable. The weekly Bible quiz was conducted by Steward K. A. Calhoun and a short talk was made by the pastor of the church. The program for the next meeting of the brotherhood will be in charge of Chief Steward J. A. Gregory and the public is invited to attend.

TO HOLD REVIVAL

FARMERVILLE, La., June 4.—(Special)—Rev. M. A. Treadwell of the First Baptist church here announced a series of revival meetings will be held at the church commencing Sunday, June 12, with Rev. H. E. Kirkpatrick, pastor of the First Baptist church at Minden, as the principal preacher. T. D. Carroll of Henderson, Tex., will lead the choir during the revival meetings which are expected to continue for eight days or longer.

MEDICAL SOCIETY TO MEET FRIDAY

A meeting of the Fifth District Medical society will be held Friday at 5:30 p.m. at the Frances hotel, according to an announcement by Dr. Morgan Simonton, secretary.

The scientific program will consist of papers by the following:

"Roentgen Pelvimetry with Special Reference to Ball Pelvicephalogram," Dr. W. F. Guerriero and Dr. W. E. Smith of Monroe.

"Banana and Banana Powder Therapy in the Diarrheal Diseases of Infants and Young Children," Dr. E. A. Socola, New Orleans.

"Concerning the Gall Bladder," Dr. E. L. Irvin, New Orleans.

"Office Gynecology," Dr. T. B. Sellers and Dr. J. T. Sanders, New Orleans.

Following the scientific program—there will be a banquet—during which routine business will be transacted.

MARION SCHOOL'S GRADUATION HELD

MARION, La., June 4.—(Special)—Commencement exercises at Marion High school were held last Thursday night with Rev. Guy Hicks, pastor of the Trinity Methodist church of Ruston, as the principal speaker.

BARBECUE IS HELD BY BAPTIST BIBLE CLASS

One of the most enjoyable barbecues ever held by the Major Memorial Bible class of the First Baptist church was that conducted at Bernstein park Friday night, when 150 members and their families were in attendance. The affair was a farewell party to the teacher, Dr. C. C. Colvert, who goes to Baton Rouge for the summer to serve as a Louisiana State university instructor.

A challenge for the enrollment of added members which came from the Young Business Men's Bible class, was accepted by the Major Memorial group. The loser will pay for a watermelon feast for both classes, the contest lasting through June and July.

Frank Reitzell, president of the Major Memorial class, and Ivy Jordan, president of the Young Business Men's class, are both confident they will win the contest.

The barbecue on Friday night was prepared by L. B. Pettit and family and was heartily enjoyed.

IDEAS

Mr. Business Man, Are As Elusive As Girls Used To Be

The Tired Business Man gets that way searching for new ideas that will help his business. If he doesn't find them he is soon retired.

Ideas spring up in unsuspected places. Goldsmith visited Glasgow on Tag Day and then came home, took his typewriter on his lap, and wrote "The Deserted Village."

He recognized an idea when he met it face to face.

Now we have some ideas concerning the proper printing for a business concern. And while we get a good price for good printing, we are generous with our ideas; we give them gratis.

We get as much pleasure out of giving away ideas, as we do out of filling a nice order for printing—almost.

The Foundation Of Progress

A few days ago a prominent business executive was discussing the subject of jobs with an employer of labor in a large way. During the conversation the employer said:

"Many of my employes have been with me for years. Each has been doing the same job year in, year out, and, as the result of having done it so often, is perfect in his own particular line."

This man, we think, was quite wrong on one point—the assumption that, because a man did the same job for so many months or years, he automatically qualified for perfection, for that was what his words implied.

Perfection cannot be attained—and this applies to ethical as well as business and labor practices—while there is still room for improvement. We know of no phase of human endeavor which could not be improved if we set our minds to it.

It might leave us with an easy conscience if we say to ourselves that "practice makes perfect," but this old saying is not necessarily true. So much depends on the way the practice is carried out. If, day after day, it is performed in a perfunctory, disinterested manner, if no real progress is shown by the individual responsible, if he and his job become merely automatic, it is doubtful whether even a little improvement will be shown, let alone any approach to perfection.

Trying to do things a little better each day is the only way by which progress can be made, and it is the quality of enthusiastic endeavor that eventually will help us most to achieve results.

But the effort to try to do things better is not easily acquired. The mere fact that we do the same things day after day, week after week, does not qualify us for improvement. The automaton will never control.

The greatest achievement comes to those who have an attitude toward their daily tasks almost of discontent with measurable progress, of dissatisfaction with results, of determination to do better the next day. There is, however, no sense of failure in this attitude. On the contrary, to be happy in discontent is to ensure that our determination is supplied with the wells of enthusiasm.

To make up our minds to look forward to the following day's work with the courage that wholehearted enthusiasm brings in its train, is to demonstrate the truth of what was said by that delightful writer, Ethel Boileau: "Courage is the foundation of all character and achievement."

MODERN ALCHEMY

Centuries of patient study were spent in searching for the "philosopher's stone," the magical element which would turn baser metals to gold. These studies were not wasted, though they failed in their purpose, for many important discoveries were their accidental by-product. But at last there was no alchemist left who hoped to find fabulous riches in a laboratory retort. Alchemy was called a medieval illusion, fruitless and hopeless.

Yet, nowadays, there are alchemists among the most serious students of science. The transmutation of elements is no longer an absurdity, nor even an impossibility. Recently, was reported the making of gold by bombardment of the platinum atom. There was no profit in the experiment, since platinum is costly as gold, but the alchemic change was accomplished. By other methods Dr. George B. Pegram, of Columbia university, upset the internal arrangements of an atom of sodium and produced an atom of magnesium. This was done with a "slow neutron," moving a mere 2,500 meters a second, which is described as "the most effective tool we have for learning about atomic transmutation."

These are only the beginnings of an exciting adventure in science, within the invisible universe of the elemental atom. Its studies are laborious and require the aid of many modern inventions and discoveries. But the alchemist of old would understand the intention, if not the methods, of those who labor in the modern laboratory to find the philosopher's stone.

SUNSHINE

Once in a while a person gets a little worried about the state of things here and there around the world, and it's always a good idea then to get a newspaper and discover for one's self how wrong it was to worry at all.

It's so easy to get the wrong idea.

A glance at a recent issue of one paper was reassuring no end. Two prominent news stories in particular served to turn the trick.

The first disclosed that there is one busy nation which has not even been lightly brushed by the world unrest you hear so much about. The present is dandy and the future looks better. The nation is Liberia, which is almost as big as the whole state of Pennsylvania, has a population of more than a million and a half, and 20 miles of improved highway.

The [illegible] story was an interview with a woman in Boli[illegible] on the occasion of her 96th birthday. She stated [illegible] that times now were not nearly as [illegible] after the Civil war.

WASHINGTON DAYBOOK

By CARTER FIELD

WASHINGTON—Much stiffer taxes next year are a certainty. This is true despite some very misleading inferences made recently because budget predictions were shown to be not very far wrong. What was omitted, and what made these stories misleading, was that the budget forecasts were that the deficit would be large. They happened to be right.

But not even the most enthusiastic New Dealer denies that taxes must be increased by congress in the next session. The New Dealers will give varying explanations, most important of which is an attack on congress for too drastically modifying the tax on undistributed corporation earnings and the capital gains tax.

Actually two factors are both far more important than this one. One is that the corporation and personal income tax returns to be made next March will be tremendously short of those which were made last March. The treasury is fully aware of this situation. Nothing that could conceivably happen between now and the end of the present calender year could change this result.

The point is that 1937 earnings of corporations, and 1937 private incomes, were excellent for the first nine months of the year, that is excellent compared with anything since 1929. But in the last three months of 1937 the falling off became sharply manifest. Despite this obvious fact, there is a certain momentum attached to any such movement which delays its full effect for a time. As for instance, the fact that many corporations, badly hit in the 1929 situation, continued to pay dividends through 1930 and some of them into 1931, though eventually they were forced to discontinue.

Reduction of dividend and bond coupon payments at the present time hits the income tax returns to follow much harder than was the case in 1929 and through to 1933. At that time the treasury did not tax normal individual income rates on dividends. It was assumed, up until a later tax bill, that the British system, holding that the corporation income tax had covered the "normal" individual income tax on dividends, was fair.

There is another important point to be remembered in estimating tax receipts. If a rich man's stock fails to pay $100,000 of expected dividends, because the corporation in question did not earn the money, then the treasury loses more than three-quarters of the money. The government fails to collect the corporation income tax, which was 15 per cent, and is now, under the new bill, 18 per cent.

But then the whole amount is subject to the top bracket of that rich man's income. So when a corporation's income declines, as far as the treasury is concerned the depression skims off the cream, leaving only skimmed milk.

The other factor in the certainty that taxes must be increased is that virtually everything that is waiting for action by the federal government contemplates greater spending, not smaller. This is true of the navy, of the army, of the merchant marine, of trust busting plans, and of social security.

Even the attempt at ear marking the relief appropriation was not an economy move, but merely one to prevent the administration from withholding pork from individuals in the house and senate that it wished to punish.

HOW TO LOSE DEGREE

By BRUCE CATTON

For an interesting sidelight on adult standards of morality in this country, consider the case of Robert Greenlees Pearson, who is about to be graduated from the University of Kansas.

Pearson is a crack student, but he is going to fail of election to Phi Beta Kappa, the honorary high-scholarship fraternity, because he wrote a magazine article admitting that he had been ghost-writing for lazy or unbrilliant students who couldn't pass their exams without help.

In his magazine article, Pearson told how he furnished papers for a large number of students, some of them at other colleges. He did a good job of it, too, guaranteeing his clients that no work bought from him would receive lower than a "B" grade.

"The moral and ethical standing of my occupation has not yet been carefully worked out," he wrote, "mainly because my occupation is not supposed to exist. I am one of a widespread and rapidly growing body of campus ghost-writers, students making money for themselves by pounding out papers for those who are willing to pay for them."

• • •

All of this may look like a problem in campus morality, not adult morality. But the campus is seldom original, in matters like this, and it must be pointed out that the ghost-writer was invented and made a prominent part of our American scheme of things by full-grown men, not by college boys.

The practice apparently began harmlessly enough, some years ago, when professional athletes were persuaded to indite their memoirs or their comments on the passing scene for newspaper and magazine readers. Not one champion in a dozen could do much more than write his own name, but skilled writers were furnished to do the work; and before long the ghost-writer was an integral part of the world of professional sport.

Then the practice was picked up by loftier people.

Politicians discovered that it was simpler to hire some bright young man to write a speech than to write it one's self. Even presidents have been known to hire ghosts, at times. Captains of industry did likewise. Explorers fell into line; movies stars went for the gag. And so, presently, the ghost writer became an essential figure in American life.

• • •

Which brings us back at last to our collegian.

If what he did was wrong, the whole business of ghost-writing has a flaw in it somewhere. He merely copied his elders, and lived in college the kind of life they were living in the adult world. And if any stones are to be cast at him, the flinging ought to be done by people who are themselves reasonably free from the same kind of sin.

A BOOK REVIEW

PENETRATING STORY OF PILGRIM WOMEN

It is amazing that out of the countless volumes portraying the Pilgrims' story so little has been said about the women. This is due, no doubt, to the rigorous Pilgrim theology which placed the women subordinately. But actually the Pilgrim mothers played a vital, heroic role.

Margaret Bell tells the story of these pioneer women—from the woman's viewpoint—in a rare sort of history, handled fictionally but none the less factual, "Women of the Wilderness." To read it is to put a new interpretation on the early days of Massachusetts when hard winters and starvation and church intolerance made life a staggering ordeal.

And in all this the Pilgrim women bore a great part, teaching their children forbearance in the face of hunger; hope in the face of disaster; faith against bigotry. They were, for the most part, simple, uneducated women, these first immigrants, but they showed a remarkable courage and determination.

The world will, perhaps, never know a finer character than Anne Bradstreet, the first American poet; nor one more brave than Mary Chilton, the first to step off the Mayflower. But even more so Anne Hutchinson lives on as the defender of tolerance and liberality against the unsparing rule of the Pilgrim fathers. It may be said that she gained women's first rights in America.

Margaret Bell recreates all these—vivifying Pilgrim history as has not been done in a long time. The result is a book eminently readable, eminently valuable historically.—P. G. F.

Human Side Of The News

By EDWIN C. HILL

(Copyright, 1938, by King Features Syndicate, Inc.)

IT IS A SAD STORY, the passing of old Vienna, of the Kaerntner Strasse, land of laughter, the venerable cafes and those dingy but beloved coffee houses, where there was always music, always companionship. They were astir with the life of the mind, of the spirit, and they were infused with the grace of civilized living. A civilization ended there, just as surely as civilizations fell in Athens or Thebes or Alexandria.

It is no excess of statement, no straining of history, to say that civilization is rooted in the common life of the people, in their arts and daily living relationships, in their songs, their friendly contention over ideas, their cuisine, in the easy flux and mingling of their hours of relaxation. Any old cafe which has grown through the decades, and has not merely been established, is thus an arcanum of real civilization.

A FREE-FLOWING society can and does make a state. A self-ordained state, sending hob-nailed storm troopers through the ancient Kaerntner Strasse, cannot make a society. It can only stamp it into the earth.

A few days ago I talked to an old-time newspaper friend of my Park Row days, from San Francisco. He had been looking for the old cafes where we used to argue politics, religion and sport half the night, or tell each other what we thought of this or that hard-boiled boss, and where we were going to tell him to go one of these days. Those nocturnal talks were marvelous vents for pent-up resentments, balm for defeats and good for what ailed us. Once in a while, as we pawed over a first edition, damp from the press, one of us would get a hand for some neat turn of writing. No Pulitzer prize ever brought a happier thrill.

MY FRIEND was sad. The old places were gone—Mouquin's restaurant, Fred's bar, Tom Crowley's Times cafe, Meehan's joint, Doc Perry's drug store and all the rest. We did not bemoan the newspapers that had been tossed into the hopper of change. We scarcely noted the vast transformation of the city through the years. But somehow, we felt a sense of irreparable loss in the passing of those comfortable old hide-aways where we had loafed and invited our souls.

MY FRIEND was returning to San Francisco. He spoke wistfully of the Poodle Dog, of Papa Coppa's, of Bijin's, of Madame Solari's, of the Fly Trap, the Bug and the Louise of the Eiffel Tower, of John Tait's old place and many others—some still going, others long gone. That took him back to Ambrose Bierce and George Sterling and Arthur McEwen and Jimmy Swinnerton—the quick and the dead, fact and legend, but interwoven in a tale that made you believe that the Valhalla of all free men, of all creative men will be a smoky old cafe.

All strong-arm states are built on ingrowing insularity. All civilization is a widening cosmopolis. Let it be known that the three cities listed as the most genuinely civilized and urban of all America are those which have or have had cafe life—New York, San Francisco and New Orleans.

MIND YOUR MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Should a man riding in an apartment house elevator with his wife keep on his hat until another woman gets on and then remove it?
2. Is it good manners to hiss a public figure who is shown in a newsreel?
3. Is it rude to ask any woman whose hat obstructs your view in a theater, if she would mind removing it?
4. How should one reply to such a request?
5. Should one seated in a theater rise to let others pass?

What would you do if—

You—a mother—and your half-grown son are going to the city for lunch and a picture show—

(a) Give him the money before you leave home—so that he can pay the bus fares, settle the lunch bill and buy the tickets to the show?

(b) You do the actual buying?

(c) Give him the money just before he needs it each time?

Answers

1. If he doesn't take it off for his wife, he isn't improving his manners by taking it off for a stranger.
2. No.
3. No.
4. "Certainly. I'm sorry it was in your way."
5. Yes.

GLORIFYING YOURSELF

BY ALICIA HART

Solved now are the problems of the shower addict who has wished time and again that she could have her showers but still enjoy bath oils, water softeners and similar preparations. A new, inexpensive metal gadget which can be attached to any standard shower fixture holds a bath tablet or a few bath salts and thus the water is perfumed as it leaves the shower head.

The little container becomes part of the shower, and you simply insert bath tablets as needed. For those who do not have showers to which to attach the gadget, there's a portable suction cup shower and bath spray which can be attached to the wall beside any tub. A bottle of bath tablets, in pine, lavender or gardenia odors, comes with small fixture or portable shower. And one tablet softens and perfumes enough water for two showers. Incidentally, one of these and a bottle of tablets would make a nice gift for the hostess whose summer place is equipped with salt water showers only.

Also for the cottage by the sea where everything seems to be pretty damp most of the time, dusting powder in a huge, pale pink metal can is a good idea. Made by an old and reliable firm, this is ideal for the traveler, the girl who likes to take dusting powder to the beach and for any bathroom in town, as well as summer places.

Any traveler you know would appreciate a double nautical kit that contains a bottle of liquid soap which lathers in salt water and a large bottle of cologne—both in canvas covers which prevent them from slipping out of wet hands at the roll of a boat. The soap is nice in fresh water as well as salt, and the cologne is sure to please anyone—whether she travels or not.

YOUR HEALTH

By Dr. Morris Fishbein

(Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine)

The skin is a mirror of the body. Although many skin diseases are caused by infections from germs of one type or another, there are other disturbances of the skin which result almost wholly from emotional factors.

When we become aroused, we may manifest the change by blushing, by becoming exceedingly pale or by perspiring excessively. There are people who will develop itching on slight provocation, and who will then by scratching and tearing the skin produce changes in the skin which resemble those of skin diseases.

There are some instances of skin diseases which are related to what we call allergy or hyper-sensitivity. Some people after eating sea foods, others after strawberries and still others after alcoholic drinks will develop eruptions on the skin which are found to be due to some special sensitivity to some ingredient in the substances concerned. In many of these cases, however, an extended search will indicate some nervous disturbances associated with the sensitivity.

• • •

There are certain forms of inflammation of the skin which are known as neurodermatitis. In these inflammations it is recognized that a nervous disorder may be the basis.

It has been shown also that it is possible by the power of suggestion to produce eruptions.

Instances are reported which show that the sweat mechanism particularly is susceptible to the power of suggestion. A certain man with shell-shock could produce a profuse sweat at a particular time if informed on the day previous that an attack would be made about that time.

There is an instance recorded of a man who could produce sweating at any individual point in the body if asked to do so. He stated that he did this by concentrating his whole attention on that idea. The explanation was that when he was a child he did not like to take piano lessons and his hands perspired inordinately whenever he was due for a lesson. Later he taught himself to perspire anywhere.

It is well recognized that fright will cause the hair to stand on end, and that the influence of sudden emotional shocks may actually result in falling out of patches of hair.

In all these cases, therefore, it is important to learn the exact reason for the disturbances. Frequently, once the patient understands the reason or realizes that the emotional factors are responsible, the condition will improve.

LESSON IN GEOGRAPHY

SCOTTSBLUFF, Neb.—(AP)—Several days after a tornado struck the Lone Star school near Oshkosh, Neb., killing three children, Phillis Martin, 14, of Scottsbluff, was walking on a hill far from the scene of the tragedy.

She picked up two bits of paper. They were pages torn from geographies of the Lone Star school, which the pupils were studying when the storm struck.

One page described weather in Nebraska. The other explained wind velocities.

GIRLS KEEP GOBS' CAPS

AUCKLAND, N. Z.—(AP)—When the American cruiser Louisville reached here after its Australian visit, the distinctive sailors' caps in her stores were all but exhausted, and many a gob had only one to his name. It seems the girls in Australia took such a fancy to them that they begged, borrowed—or sometimes simply snatched—them away from the American seamen.

BEHIND THE SCENES IN WASHINGTON

By Rodney Dutcher

WASHINGTON—One of the most important undercover fights in Washington is on the question whether the forthcoming investigation of monopoly will delve into the affairs of the insurance companies.

President Roosevelt in his monopoly message urged that these companies be looked into, pointing to their huge investment funds as possible instruments of economic power. But congress hasn't seemed anxious to start such an inquiry. Senator Joseph C. O'Mahoney of Wyoming, who has been framing what appears to be a more or less official monopoly investigation bill, thus far is keeping the insurance companies outside the bill's scope.

New Dealers, however, are hoping. They want to find out whether insurance funds are being invested on the basis of independent judgment or are controlled by big New York banking houses. They want to know who elects the trustees, why insurance companies charge 6 per cent interest on policy loans and other things. There has never been any real investigation of insurance companies, they say, and the vast power possessed by those who control billions of funds for investment is such as to require public scrutiny.

Insurance company executives are busy trying to keep the investigation away from their door. They have been hopping mad ever since the president sent his monopoly message.

Heaven's Blessing On Bilbo Bill?

Senator Theodore Bilbo of Mississippi, who is promoting a bill to move American negroes back to Africa, is still known in his home state as "Pastemaster General Bilbo" or "The Mississippi Clipper." That's because early in the New Deal Bilbo had an AAA job, wangled for him by Senator Pat Harrison, which paid him $6,000 a year for clipping newspapers.

"God moves in a mysterious way His wonders to perform," Bilbo told Senator Borah anent his negro bill. "That may be the reason why the senator and I are here to do this job."

No Peace In Sight

Earnest John Hanes, new assistant treasury secretary and former SEC commissioner, has not conceded defeat in his campaign to conciliate business and the Roosevelt administration. But most of his friends are willing to concede it for him.

Very little progress has been made by Mr. Hanes since he persuaded 16 big business men to sign a qualified promise of cooperation with the government's business recovery program. The effect of that manifesto was soured almost immediately when "Winnie" Aldrich of Chase National bank, one of the signers, demanded a "breathing spell" for the rest of Roosevelt's term and urged revision of New Deal reforms.

There were four presidents of mutual life insurance companies among the signers. Roosevelt's suggestion of an insurance company investigation made them furious. And lately the administration, after previous indications that it would forego loan-grants to municipal power plants in its new PWA program, decided against accepting an amendment which would forbid such loan-grants.

The Hanes task was a herculean one in the first place. Neither side was willing to cooperate except on its own terms. Then came Senator Pepper's victory in the Florida primary. Roosevelt has been feeling more confident, less conciliatory, ever since.

• • •

No Big Utility Spending Expected

One of the things tending to stiffen Roosevelt's attitude toward public utilities has been a report—made by Federal Reserve, SEC and other experts—indicating that new money which could possibly be spent by public utilities for plant expansion in the coming year wouldn't exceed $500,000,000 and might not be more than a top limit of $200,000,000. Power plant capacity exceeds the demand.

Either sum isn't to be sneezed at But Roosevelt recalled that power company magnates had been promising to spend up to two billion dollars if they could get a free capital market.

STAMP NEWS

By I. S. Klein

LAST of the absolute monarchies, ancient Siam underwent a bloodless revolution in 1932, emerged with a new constitution declaring a limited monarchy, full franchise for the people, an elected parliament. Today there are signs that the land of Buddhist temples, elephants and gracious manners is turning toward dictatorship.

For democracy, apparently, has not penetrated the consciousness of Siam's 14,000,000 people and, instead, the successes of Japan, Germany and Italy are said to have fired the ambitions of Siam's leaders. Moreover, Siam is fearful lest it lose its independence to one of the several stronger nations hemming it in.

If this dictatorship comes, it will be military. Already the army is in complete control, expanding its activities each year. Should Siam face invasion some day, she will have bargaining power at least. Right now China is wielding great power in Siam, flooding the tiny state with immigrants. Britain, France and Japan must also be watched, Siam feels. So she turns toward totalitarian rule. A current Siamese airmail stamp is shown here.

The Foundation Of Progress

A few days ago a prominent business executive was discussing the subject of jobs with an employer of labor in a large way. During the conversation the employer said:

"Many of my employes have been with me for years. Each has been doing the same job year in, year out, and, as the result of having done it so often, is perfect in his own particular line."

This man, we think, was quite wrong on one point—the assumption that, because a man did the same job for so many months or years, he automatically qualified for perfection, for that was what his words implied.

Perfection cannot be attained—and this applies to ethical as well as business and labor practices—while there is still room for improvement. We know of no phase of human endeavor which could not be improved if we set our minds to it.

It might leave us with an easy conscience if we say to ourselves that "practice makes perfect," but this old saying is not necessarily true. So much depends on the way the practice is carried out. If, day after day, it is performed in a perfunctory, disinterested manner, if no real progress is shown by the individual responsible, if he and his job become merely automatic, it is doubtful whether even a little improvement will be shown, let alone any approach to perfection.

Trying to do things a little better each day is the only way by which progress can be made, and it is the quality of enthusiastic endeavor that eventually will help us most to achieve results.

But the effort to try to do things better is not easily acquired. The mere fact that we do the same things day after day, week after week, does not qualify us for improvement. The automaton will never control.

The greatest achievement comes to those who have an attitude toward their daily tasks almost of discontent with measurable progress, of dissatisfaction with results, of determination to do better the next day. There is, however, no sense of failure in this attitude. On the contrary, to be happy in discontent is to ensure that our determination is supplied with the wells of enthusiasm.

To make up our minds to look forward to the following day's work with the courage that wholehearted enthusiasm brings in its train, is to demonstrate the truth of what was said by that delightful writer, Ethel Boileau: "Courage is the foundation of all character and achievement."

MODERN ALCHEMY

Centuries of patient study were spent in searching for the "philosopher's stone," the magical element which would turn baser metals to gold. These studies were not wasted, though they failed in their purpose, for many important discoveries were their accidental by-product. But at last there was no alchemist left who hoped to find fabulous riches in a laboratory retort. Alchemy was called a medieval illusion, fruitless and hopeless.

Yet, nowadays, there are alchemists among the most serious students of science. The transmutation of elements is no longer an absurdity, nor even an impossibility. Recently, was reported the making of gold by bombardment of the platinum atom. There was no profit in the experiment, since platinum is costly as gold, but the alchemic change was accomplished. By other methods Dr. George B. Pegram, of Columbia university, upset the internal arrangements of an atom of sodium and produced an atom of magnesium. This was done with a "slow neutron," moving a mere 2,500 meters a second, which is described as "the most effective tool we have for learning about atomic transmutation."

These are only the beginnings of an exciting adventure in science, within the invisible universe of the elemental atom. Its studies are laborious and require the aid of many modern inventions and discoveries. But the alchemist of old would understand the intention, if not the methods, of those who labor in the modern laboratory to find the philosopher's stone.

SUNSHINE

Once in a while a person gets a little worried about the state of things here and there around the world, and it's always a good idea then to get a newspaper and discover for one's self how wrong it was to worry at all.

It's so easy to get the wrong idea.

A glance at a recent issue of one paper was reassuring no end. Two prominent news stories in particular served to turn the trick.

The first disclosed that there is one busy nation which has not even been lightly brushed by the world unrest you hear so much about. The present is dandy and the future looks better. The nation is Liberia, which is almost as big as the whole state of Pennsylvania, has a population of more than a million and a half, and 20 miles of improved highway.

The other story was an interview with a woman in Bolivar, N. Y., on the occasion of her 96th birthday. She stated without any hesitation that times now were not nearly as bad as they were just after the Civil war.

The only trouble with people is, they just don't read the right news.

WASHINGTON DAYBOOK

By CARTER FIELD

WASHINGTON—Much stiffer taxes next year are a certainty. This is true despite some very misleading inferences made recently because budget predictions were shown to be not very far wrong. What was omitted, and what made these stories misleading, was that the budget forecasts were that the deficit would be large. They happened to be right.

But not even the most enthusiastic New Dealer denies that taxes must be increased by congress in the next session. The New Dealers will give varying explanations, most important of which is an attack on congress for too drastically modifying the tax on undistributed corporation earnings and the capital gains tax.

Actually two factors are both far more important than this one. One is that the corporation and personal income tax returns to be made next March will be tremendously short of those which were made last March. The treasury is fully aware of this situation. Nothing that could conceivably happen between now and the end of the present calender year could change this result.

The point is that 1937 earnings of corporations, and 1937 private incomes, were excellent for the first nine months of the year, that is excellent compared with anything since 1929. But in the last three months of 1937 the falling off became sharply manifest. Despite this obvious fact, there is a certain momentum attached to any such movement which delays its full effect for a time. As for instance, the fact that many corporations, badly hit in the 1929 situation, continued to pay dividends through 1930 and some of them into 1931, though eventually they were forced to discontinue.

Reduction of dividend and bond coupon payments at the present time hits the income tax returns to follow much harder than was the case in 1929 and through to 1933. At that time the treasury did not tax normal individual income rates on dividends. It was assumed, up until a later tax bill, that the British system, holding that the corporation income tax had covered the "normal" individual income tax on dividends, was fair.

There is another important point to be remembered in estimating tax receipts. If a rich man's stock fails to pay $100,000 of expected dividends, because the corporation in question did not earn the money, then the treasury loses more than three-quarters of the money. The government fails to collect the corporation income tax, which was 15 per cent, and is now, under the new bill, 18 per cent.

But then the whole amount is subject to the top bracket of that rich man's income. So when a corporation's income declines, as far as the treasury is concerned the depression skims off the cream, leaving only skimmed milk.

The other factor in the certainty that taxes must be increased is that virtually everything that is waiting for action by the federal government contemplates greater spending, not smaller. This is true of the navy, of the army, of the merchant marine, of trust busting plans, and of social security.

Even the attempt at ear marking the relief appropriation was not an economy move, but merely one to prevent the administration from withholding pork from individuals in the house and senate that it wished to punish.

HOW TO LOSE DEGREE

By BRUCE CATTON

For an interesting sidelight on adult standards of morality in this country, consider the case of Robert Greenlees Pearson, who is about to be graduated from the University of Kansas.

Pearson is a crack student, but he is going to fail of election to Phi Beta Kappa, the honorary high-scholarship fraternity, because he wrote a magazine article admitting that he had been ghost-writing for lazy or unbrilliant students who couldn't pass their exams without help.

In his magazine article, Pearson told how he furnished papers for a large number of students, some of them at other colleges. He did a good job of it, too, guaranteeing his clients that no work bought from him would receive lower than a "B" grade.

"The moral and ethical standing of my occupation has not yet been carefully worked out," he wrote, "mainly because my occupation is not supposed to exist. I am one of a widespread and rapidly growing body of campus ghost-writers, students making money for themselves by pounding out papers for those who are willing to pay for them."

• • •

All of this may look like a problem in campus morality, not adult morality. But the campus is seldom original, in matters like this, and it must be pointed out that the ghost-writer was invented and made a prominent part of our American scheme of things by full-grown men, not by college boys.

The practice apparently began harmlessly enough, some years ago, when professional athletes were persuaded to indite their memoirs or their comments on the passing scene for newspaper and magazine readers. Not one champion in a dozen could do much more than write his own name, but skilled writers were furnished to do the work; and before long the ghost-writer was an integral part of the world of professional sport.

Then the practice was picked up by loftier people.

Politicians discovered that it was simpler to hire some bright young man to write a speech than to write it one's self. Even presidents have been known to hire ghosts, at times. Captains of industry did likewise. Explorers fell into line; movies stars went for the gag. And so, presently, the ghost writer became an essential figure in American life.

• • •

Which brings us back at last to our collegian.

If what he did was wrong, the whole business of ghost-writing has a flaw in it somewhere. He merely copied his elders, and lived in college the kind of life they were living in the adult world. And if any stones are to be cast at him, the flinging ought to be done by people who are themselves reasonably free from the same kind of sin.

A BOOK REVIEW

PENETRATING STORY OF PILGRIM WOMEN

It is amazing that out of the countless volumes portraying the Pilgrims' story so little has been said about the women. This is due, no doubt, to the rigorous Pilgrim theology which placed the women subordinately. But actually the Pilgrim mothers played a vital, heroic role.

Margaret Bell tells the story of these pioneer women—from the woman's viewpoint—in a rare sort of history, handled fictionally but none the less factual, "Women of the Wilderness." To read it is to put a new interpretation on the early days of Massachusetts when hard winters and starvation and church intolerance made life a staggering ordeal.

And in all this the Pilgrim women bore a great part, teaching their children forbearance in the face of hunger; hope in the face of disaster; faith against bigotry. They were, for the most part, simple, uneducated women, these first immigrants, but they showed a remarkable courage and determination.

The world will, perhaps, never know a finer character than Anne Bradstreet, the first American poet; nor one more brave than Mary Chilton, the first to step off the Mayflower. But even more so Anne Hutchinson lives on as the defender of tolerance and liberality against the unsparing rule of the Pilgrim fathers. It may be said that she gained women's first rights in America.

Margaret Bell recreates all these—vivifying Pilgrim history as has not been done in a long time. The result is a book eminently readable, eminently valuable historically.—P. G. F.

IT IS A SAD STORY, the passing of old Vienna, of the Kaerntner Strasse, land of laughter, the venerable cafes and those dingy but beloved coffee houses, where there was always music, always companionship. They were astir with the life of the mind, of the spirit, and they were infused with the grace of civilized living. A civilization ended there, just as surely as civilizations fell in Athens or Thebes or Alexandria.

It is no excess of statement, no straining of history, to say that civilization is rooted in the common life of the people, in their arts and daily living relationships, in their songs, their friendly contention over ideas, their cuisine, in the easy flux and mingling of their hours of relaxation. Any old cafe which has grown through the decades, and has not merely been established, is thus an arcanum of real civilization.

A FREE-FLOWING society can and does make a state. A self-ordained state, sending hob-nailed storm troopers through the ancient Kaerntner Strasse, cannot make a society. It can only stamp it into the earth.

A few days ago I talked to an old-time newspaper friend of my Park Row days, from San Francisco. He had been looking for the old cafes where we used to argue politics, religion and sport half the night, or tell each other what we thought of this or that hard-boiled boss, and where we were going to tell him to go one of these days. Those nocturnal talks were marvelous vents for pent-up resentments, balm for defeats and good for what ailed us. Once in a while, as we pawed over a first edition, damp from the press, one of us would get a hand for some neat turn of writing. No Pulitzer prize ever brought a happier thrill.

MY FRIEND was sad. The old places were gone—Mouquin's restaurant, Fred's bar, Tom Crowley's Times cafe, Meehan's joint, Doc Perry's drug store and all the rest. We did not bemoan the newspapers that had been tossed into the hopper of change. We scarcely noted the vast transformation of the city through the years. But somehow, we felt a sense of irreparable loss in the passing of those comfortable old hide-aways where we had loafed and invited our souls.

MY FRIEND was returning to San Francisco. He spoke wistfully of the Poodle Dog, of Papa Coppa's, of Bijin's, of Madame Solari's, of the Fly Trap, the Bug and the Louise of the Eiffel Tower, of John Tait's old place and many others—some still going, others long gone. That took him back to Ambrose Bierce and George Sterling and Arthur McEwen and Jimmy Swinnerton—the quick and the dead, fact and legend, but interwoven in a tale that made you believe that the Valhalla of all free men, of all creative men will be a smoky old cafe.

All strong-arm states are built on ingrowing insularity. All civilization is a widening cosmopolis. Let it be known that the three cities listed as the most genuinely civilized and urban of all America are those which have or have had cafe life—New York, San Francisco and New Orleans.

YOUR HEALTH

By Dr. Morris Fishbein

(Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine)

The skin is a mirror of the body. Although many skin diseases are caused by infections from germs of one type or another, there are other disturbances of the skin which result almost wholly from emotional factors.

When we become aroused, we may manifest the change by blushing, by becoming exceedingly pale or by perspiring excessively. There are people who will develop itching on slight provocation, and who will then by scratching and tearing the skin produce changes in the skin which resemble those of skin diseases.

There are some instances of skin diseases which are related to what we call allergy or hyper-sensitivity. Some people after eating sea foods, others after strawberries and still others after alcoholic drinks will develop eruptions on the skin which are found to be due to some special sensitivity to some ingredient in the substances concerned. In many of these cases, however, an extended search will indicate some nervous disturbances associated with the sensitivity.

• • •

There are certain forms of inflammation of the skin which are known as neurodermatitis. In these inflammations it is recognized that a nervous disorder may be the basis.

It has been shown also that it is possible by the power of suggestion to produce eruptions.

Instances are reported which show that the sweat mechanism particularly is susceptible to the power of suggestion. A certain man with shell-shock could produce a profuse sweat at a particular time if informed on the day previous that an attack would be made about that time.

There is an instance recorded of a man who could produce sweating at any individual point in the body if asked to do so. He stated that he did this by concentrating his whole attention on that idea. The explanation was that when he was a child he did not like to take piano lessons and his hands perspired inordinately whenever he was due for a lesson. Later he taught himself to perspire anywhere.

It is well recognized that fright will cause the hair to stand on end, and that the influence of sudden emotional shocks may actually result in falling out of patches of hair.

In all these cases, therefore, it is important to learn the exact reason for the disturbances. Frequently, once the patient understands the reason or realizes that the emotional factors are responsible, the condition will improve.

MIND YOUR MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Should a man riding in an apartment house elevator with his wife keep on his hat until another woman gets on and then remove it?
2. Is it good manners to hiss a public figure who is shown in a newsreel?
3. Is it rude to ask any woman whose hat obstructs your view in a theater, if she would mind removing it?
4. How should one reply to such a request?
5. Should one seated in a theater rise to let others pass?

What would you do if—

You—a mother—and your half-grown son are going to the city for lunch and a picture show—

(a) Give him the money before you leave home—so that he can pay the bus fares, settle the lunch bill and buy the tickets to the show?

(b) You do the actual buying?

(c) Give him the money just before he needs it each time?

Answers

1. If he doesn't take it off for his wife, he isn't improving his manners by taking it off for a stranger.
2. No.
3. No.
4. "Certainly. I'm sorry it was in your way."
5. Yes.

GLORIFYING YOURSELF

BY ALICIA HART

Solved now are the problems of the shower addict who has wished time and again that she could have her showers but still enjoy bath oils, water softeners and similar preparations. A new, inexpensive metal gadget which can be attached to any standard shower fixture holds a bath tablet or a few bath salts and thus the water is perfumed as it leaves the shower head.

The little container becomes part of the shower, and you simply insert bath tablets as needed. For those who do not have showers to which to attach the gadget, there's a portable suction cup shower and bath spray which can be attached to the wall beside any tub. A bottle of bath tablets, in pine, lavender or gardenia odors, comes with small fixture or portable shower. And one tablet softens and perfumes enough water for two showers. Incidentally, one of these and a bottle of tablets would make a nice gift for the hostess whose summer place is equipped with salt water showers only.

Also for the cottage by the sea where everything seems to be pretty damp most of the time, dusting powder in a huge, pale pink metal can is a good idea. Made by an old and reliable firm, this is ideal for the traveler, the girl who likes to take dusting powder to the beach and for any bathroom in town, as well as summer places.

Any traveler you know would appreciate a double nautical kit that contains a bottle of liquid soap which lathers in salt water and a large bottle of cologne—both in canvas covers which prevent them from slipping out of wet hands at the roll of a boat. The soap is nice in fresh water as well as salt, and the cologne is sure to please anyone—whether she travels or not.

LESSON IN GEOGRAPHY

SCOTTSBLUFF, Neb.—(AP)—Several days after a tornado struck the Lone Star school near Oshkosh, Neb., killing three children, Phillis Martin, 14, of Scottsbluff, was walking on a hill far from the scene of the tragedy.

She picked up two bits of paper. They were pages torn from geographies of the Lone Star school, which the pupils were studying when the storm struck.

One page described weather in Nebraska. The other explained wind velocities.

GIRLS KEEP GOBS' CAPS

AUCKLAND, N. Z.—(AP)—When the American cruiser Louisville reached here after its Australian visit, the distinctive sailors' caps in her stores were all but exhausted, and many a gob had only one to his name. It seems the girls in Australia took such a fancy to them that they begged, borrowed—or sometimes simply snatched—them away from the American seamen.

BEHIND THE SCENES IN WASHINGTON

By Rodney Dutcher

WASHINGTON—One of the most important undercover fights in Washington is on the question whether the forthcoming investigation of monopoly will delve into the affairs of the insurance companies.

President Roosevelt in his monopoly message urged that these companies be looked into, pointing to their huge investment funds as possible instruments of economic power. But congress hasn't seemed anxious to start such an inquiry. Senator Joseph C. O'Mahoney of Wyoming, who has been framing what appears to be a more or less official monopoly investigation bill, thus far is keeping the insurance companies outside the bill's scope.

New Dealers, however, are hoping. They want to find out whether insurance funds are being invested on the basis of independent judgment or are controlled by big New York banking houses. They want to know who elects the trustees, why insurance companies charge 6 per cent interest on policy loans and other things. There has never been any real investigation of insurance companies, they say, and the vast power possessed by those who control billions of funds for investment is such as to require public scrutiny.

Insurance company executives are busy trying to keep the investigation away from their door. They have been hopping mad ever since the president sent his monopoly message.

Heaven's Blessing On Bilbo Bill?

Senator Theodore Bilbo of Mississippi, who is promoting a bill to move American negroes back to Africa, is still known in his home state as "Pastemaster General Bilbo" or "The Mississippi Clipper." That's because early in the New Deal Bilbo had an AAA job, wangled for him by Senator Pat Harrison, which paid him $6,000 a year for clipping newspapers.

"God moves in a mysterious way His wonders to perform," Bilbo told Senator Borah anent his negro bill. "That may be the reason why the senator and I are here to do this job."

No Peace In Sight

Earnest John Hanes, new assistant treasury secretary and former SEC commissioner, has not conceded defeat in his campaign to conciliate business and the Roosevelt administration. But most of his friends are willing to concede it for him.

Very little progress has been made by Mr. Hanes since he persuaded 16 big business men to sign a qualified promise of cooperation with the government's business recovery program. The effect of that manifesto was soured almost immediately when "Winnie" Aldrich of Chase National bank, one of the signers, demanded a "breathing spell" for the rest of Roosevelt's term and urged revision of New Deal reforms.

There were four presidents of mutual life insurance companies among the signers. Roosevelt's suggestion of an insurance company investigation made them furious. And lately the administration, after previous indications that it would forego loan-grants to municipal power plants in its new PWA program, decided against accepting an amendment which would forbid such loan-grants.

The Hanes task was a herculean one in the first place. Neither side was willing to cooperate except on its own terms. Then came Senator Pepper's victory in the Florida primary. Roosevelt has been feeling more confident, less conciliatory, ever since.

No Big Utility Spending Expected

One of the things tending to stiffen Roosevelt's attitude toward public utilities has been a report—made by Federal Reserve, SEC and other experts—indicating that new money which could possibly be spent by public utilities for plant expansion in the coming year wouldn't exceed $500,000,000 and might not be more than a top limit of $200,000,000. Power plant capacity exceeds the demand.

Either sum isn't to be sneezed at. But Roosevelt recalled that power company magnates had been promising to spend up to two billion dollars if they could get a free capital market.

interview that "the Braxtons figured they were being held because they had a little difficulty with Bailey Cash—it was something about a debt they owed Bailey."

Campbell also said all those questioned were subjected to lie detection tests. He was well treated but was not allowed to consult counsel.

In two non-committal press conferences, however, Hoover emphasized that all persons questioned so far had been "voluntary witnesses," that no arrests had been made and no charges filed. No federal law violation has yet been found and the kidnapers, if apprehended, would be tried in the state courts under a law making kidnaping for ransom a capital crime.

Cash, his face gaunt and his shoulders sagging, came to the porch of his frame apartment house and was asked if he thought the case would be solved.

"Yes, I think so, as far as catching the fellows who did it is concerned," he answered. "Once we catch them we will be able to find out what they did with the boy."

He posed for pictures for the first time since the abduction but said Mrs. Cash was too indisposed to appear. She has been under a physician's care, but is improved.

Search for the body and for possible clues went forward in the area north and south of here. Henry Cypress, spokesman for a group of Seminole Indians participating in the hunt, expressed certainty the boy would not be found in the Everglades, to the west.

"We search all sections Everglades where automobile go—boy not there," he explained. "Lazy white men not carry boy far from automobile. Him too heavy."

limited time allowance, I can only touch briefly on some of the phases I desire to present. First I call attention to public safety. As I passed through DeRidder the other day, everyone was talking of a terrible automobile wreck and a little later in Shreveport a similar accident near there was engrossing public attention. Two years ago I was not far distant when two trucks and two cars collided near Baton Rouge. Railroad ties on one truck were hurled 30 to 50 yards through the air, as if they were toothpicks, six were dead or dying, one was nearly burned to a crisp. These things make me think of public safety as a need of today, as a need of dignified living.

"We are living in a terrifically swift mechanical age, have at our disposal tremendously death-dealing transportation means but unfortunately our minds are still too much in the horse and buggy state. They haven't kept pace with mechanical transportation. You, young graduates, have the problem to solve. Older people are past the point of doing, it devolves largely upon you.

"Then in the matter of 'dignified living' I would mention in addition to need of greater safety first measures, that of proper selection of reading matter to keep your minds alert to the uplifting, the worth-while in life. Newsstands are filled with what I would term 'pulp'—you hereabouts know what that is. It refers in my mind to magazines that are little more than trash. They deal with snappy stories, with supposed romance, with sexual problems. Newsstands are crowded with this literature. There may be on the same stand a copy or two of Harper's, of Time, of Good Housekeeping and Ladies Home Journal, but they are in no great demand like the other class of reading matter. It would seem to me that in the scheme of things that concern 'dignified living' that we might well include some thoughtful reading matter, discarding the 'pulp.' Read one or two good magazines, one or two good books.

"And as we consider the 'dignified life' it seems fitting to consider public office and politics. A few years ago, a middle-aged man said to me, 'I fear with so much present corruption and illegal money-getting in office that the next generation will feel that this is the right thing to do.'

"That man's fears seem to have come true. We today see men in office who have little or nothing of worldly goods suddenly wax wealthy. Do we not have a right to know whence all this sudden wealth came? Public office should be regarded a public trust. This is another thought for consideration in discussing the 'dignified life.' Unless we are careful we shall be raising an army of racketeers to prey on public office.

"'Dignified life' also requires that we show courtesy when in public, be it at a picture show or when attending a lecture. As a nation we are being criticized by foreigners for what has seemed to have developed as an American habit—talking and whispering and disturbing when in a public audience.

"'Dignified life' also should enter in concerning our amusements. There are night clubs that have opened like a rash on human anatomy. They have gone to the country, I do not know why unless it is because peace officers are less likely to interfere out there. They comprise something to think about. I pass this matter on to you.

"Back in 1933 when prohibition ended we were told that there would be no more saloons, but they are here and worse than ever before. We are about due to realize a crop of confirmed alcoholic addicts, both men and women. People may say intoxicants have their place and use. For myself I never heard where they did any one good.

"From time to time, you would be surprised to know how often I receive letters from industrial lines asking me to recommend men and women for their employment who are temperate, dignified, and who take interest and are active in church work.

"As a teacher of speech I also, in discussing 'dignified living' would urge that you speak good English, with tones well modulated. The matter of one's speech means much to one in making a business success.

"I have tried to make some constructive suggestions. I am not advocating that you hark back to times and practices that are gone. Time always goes forward, there is no such thing as turning back. When beyond the influence of gravitation, there is no backward motion, no up or down, no north, south, east or west, but it is ever forward, and so we are all going.

"Go forward in dignified manner, thoughtfully solving life's problems and use the education that you have received in making a richer, fuller life."

The girls' chorus of the school rendered "The Snow Legend" and "The Sleepy Song," after which Mrs. J. A. Taylor presented the Spanish war medal to Doris Vernon for the best essay written on the Spanish-American war, while Mrs. Fred G. Thatcher presented the D. A. R. medal to Charlotte Roberts for the best essay on an historical subject. Diplomas were presented by J. H. Trousdale, of the Ouachita parish school board, and benediction was by Rev. C. K. Smith.

NEGRO GIVEN DEATH

MONTGOMERY, Ala., June 4.—(AP)—A Montgomery county circuit court jury tonight found Dave Canty, 28-year-old negro, guilty of the murder of Miss Eunice Ward, public health nurse, fatally beaten on March 19, and fixed his penalty as death in the electric chair. The jury brought in its verdict an hour and 35 minutes after it had received the case.

NEW DEAL FACES BIG CROP PROBLEM

WASHINGTON, June 4.—(AP)—The Roosevelt administration faces today a farm and commodity market problem similar in many respects to that which it set out to solve in 1933.

As was the case after bumper harvests in 1931 and 1932, the nation's farm markets are overwhelmed with surpluses.

Factors responsible for present large supplies include last year's record production of agricultural products, a slackened industrial demand for raw products, loss of mass buying power resulting from urban unemployment and a narrowing world market for American farm products.

Commodity prices are falling, as in the early years of the previous depression. Today their level is the lowest since May, 1934. The decline has amounted to about 30 per cent during the past year.

Agriculture department economists predict that cash farm income this year, including approximately $1,000,000,000 in federal benefits and subsidies, will be at least $1,000,000,000 less than 1937's $8,550,000,000.

SLAYER OF WIFE GETS LIFE TERM

JACKSON, Miss., June 4.—(AP)—A jury in circuit court today convicted Keith Alford, 23-year-old nightwatchman, of the murder of his wife, Mozelle Lofton Alford, but failed to agree upon his punishment.

Alford was sentenced immediately by Judge Julian P. Alexander to life imprisonment in the state penitentiary—the only punishment possible under the verdict rendered by the jury.

The verdict of the jury was reached on two ballots after half an hour's deliberation.

It ended a trial which has lasted all week, beginning Monday morning with the examination of prospective jurors and ending with Alford sitting stoically in his cell in the county jail tonight facing the prospect of spending the remainder of his life behind prison bars.

We are about due to realize a crop of confirmed alcoholic addicts, both men and women. People may say intoxicants have their place and use. For myself I never heard where they did any one good.

"From time to time, you would be surprised to know how often I receive letters from industrial lines asking me to recommend men and women for their employment who are temperate, dignified, and who take interest and are active in church work.

"As a teacher of speech I also, in discussing 'dignified living' would urge that you speak good English, with tones well modulated. The matter of one's speech means much to one in making a business success.

"I have tried to make some constructive suggestions. I am not advocating that you hark back to times and practices that are gone. Time always goes forward, there is no such thing as turning back. When beyond the influence of gravitation, there is no backward motion, no up or down, no north, south, east or west, but it is ever forward, and so we are all going.

"Go forward in dignified manner, thoughtfully solving life's problems and use the education that you have received in making a richer, fuller life."

The girls' chorus of the school rendered "The Snow Legend" and "The Sleepy Song," after which Mrs. J. A. Taylor presented the Spanish war medal to Doris Vernon for the best essay written on the Spanish-American war, while Mrs. Fred G. Thatcher presented the D. A. R. medal to Charlotte Roberts for the best essay on an historical subject. Diplomas were presented by J. H. Trousdale, of the Ouachita parish school board, and benediction was by Rev. C. K. Smith.

ROOSEVELT ON CRUISE

ANNAPOLIS, Md., June 4.—(AP)—Warm, summer weather lured President Roosevelt off on a week-end cruise in Chesapeake bay and the Potomac river. Accompanied by a party of friends, the chief executive set sail from the naval academy anchorage here this afternoon aboard the government yacht Potomac. He expects to land at the Washington navy yard tomorrow evening.

NEGRO GIVEN DEATH

MONTGOMERY, Ala., June 4.—(AP)—A Montgomery county circuit court jury tonight found Dave Canty, 28-year-old negro, guilty of the murder of Miss Eunice Ward, public health nurse, fatally beaten on March 19, and fixed his penalty as death in the electric chair. The jury brought in its verdict an hour and 35 minutes after it had received the case.

NEW DEAL FACES BIG CROP PROBLEM

WASHINGTON, June 4.—(AP)—The Roosevelt administration faces today a farm and commodity market problem similar in many respects to that which it set out to solve in 1933.

As was the case after bumper harvests in 1931 and 1932, the nation's farm markets are overwhelmed with surpluses.

Factors responsible for present large supplies include last year's record production of agricultural products, a slackened industrial demand for raw products, loss of mass buying power resulting from urban unemployment and a narrowing world market for American farm products.

Commodity prices are falling, as in the early years of the previous depression. Today their level is the lowest since May, 1934. The decline has amounted to about 30 per cent during the past year.

Agriculture department economists predict that cash farm income this year, including approximately $1,000,000,000 in federal benefits and subsidies, will be at least $1,000,000,000 less than 1937's $8,550,000,000.

SLAYER OF WIFE GETS LIFE TERM

JACKSON, Miss., June 4.—(AP)—A jury in circuit court today convicted Keith Alford, 23-year-old nightwatchman, of the murder of his wife, Mozelle Lofton Alford, but failed to agree upon his punishment.

Alford was sentenced immediately by Judge Julian P. Alexander to life imprisonment in the state penitentiary—the only punishment possible under the verdict rendered by the jury.

The verdict of the jury was reached on two ballots after half an hour's deliberation.

It ended a trial which has lasted all week, beginning Monday morning with the examination of prospective jurors and ending with Alford sitting stoically in his cell in the county jail tonight facing the prospect of spending the remainder of his life behind prison bars.

TRADE MADE TO SAVE ON BONDS

(Continued from First Page)

[illegible] between 1942 and 1956, and [illegible] per cent for maturities between [illegible] and 1960.

Under the terms of the agreement with the Jones company, the Jones company guaranteed the state would receive a bid of 3¼ per cent on the bonds. In return for this guarantee the state agreed to permit the Jones company to match any bid that was offered.

A syndicate headed by Rudolf S. Hecht of the Hibernia National bank, New Orleans, today offered to buy the bonds with 3½ per cent coupons on maturities from 1939 to 1956 and [illegible] per cent interest for the remaining maturities. The Jones company then held a conference and agreed to better the Hecht bid by fixing 2½ per cent coupons on the 1939, 1940 and 1941 maturities.

The bids were opened in the office of State Treasurer A. P. Tugwell, who handled the transaction for the state board of liquidation.

Tugwell's office calculated that the total interest cost on the bonds being retired would have amounted to $[illegible]. The state must pay 104 for the bonds which are to be called, or a premium of $338,048. This leaves a net saving to the state of $1,359,803, according to the state treasurer's calculations.

Tugwell said the best previous bid ever received for state bonds was on a 3.62 per cent basis, the bid today topping that by about .25 per cent.

Bidders in the successful syndicate are Edward Jones and company, Inc., Newman Harris and company, Scharff and Jones, Darby and company of New York, American Bank and Trust company, Nusloch Baudean and Smith, Dane and Weil, White Dunbar and company, Moore and Hyams, Woolfolk Huggins and Shober, Weil and company, Robinson-Humphrey and company, Atlanta, Lamar Kingston and LaBouisse, Brown Corrigon and company, Bronson and Scranton, Anagnosti and Walker, Louisiana Savings Bank and Trust company, Wheeler and Woolfolk, Barrow Leary and company of Shreveport, Walton and Jones of Jackson, Miss., B. FARMER HELD AFTER THREE YOUTHS SHOT

NEW ORLEANS, June 4.—(AP)—State Police Captain Theophile Landry said charges of shooting with intent to kill were filed against Anthony Palmisano, 50, a truck farmer of Waggaman, in connection with the unexplained shooting today of three youths.

The victims, slightly wounded with birdshot from a shotgun charge were Harold Bullard, 18 and Newburn Few, 20, of Pritchard, Ala., and John Hood, 20, Hickory, N. C.

The youths told police they were sitting on a railroad track at Waggaman waiting to hop a freight train when some one fired upon them.

Captain Landry said Palmisano had made no statement on the shooting. He was held without bail in the Gretna jail.

DEATHS

DANIEL O'BRIEN

Daniel O'Brien, veteran conductor on the Missouri Pacific railroad, died in the railroad's hospital in St. Louis, Mo., after a long illness, Tuesday, and the funeral was held near Centralia, Ill., on Friday.

Mr. O'Brien had served as conductor for more than 25 years and had been pensioned. His last duties were those of watchman at the Texas avenue crossing of the railroad in Monroe.

Some months ago, he became ill and was taken to the hospital in St. Louis and his wife accompanied him. She later became ill and died about three weeks ago and was buried in Illinois.

The O'Briens were well known in Monroe and had a wide circle of friends, as they had spent the larger part of their lives here.

C. P. HARTLEY, SR.

C. P. Hartley, Sr., of Baton Rouge, father of C. P. Hartley, Jr., of Monroe, died suddenly last night at 9:45 at Baton Rouge, according to information received here by his son, who left immediately for Baton Rouge. Mr. Hartley was said to have died of a heart attack.

Funeral arrangements had not been made last night, but services will be held at Baton Rouge it was said probably on Monday.

been confined exclusively to military establishments.)

About 40 war planes took part in the first raid, appearing over the city shortly after 10 a. m. and unloading their explosive cargoes for 35 minutes before heavy clouds and rain ended the attack.

Thirty bombs fell near the municipal government offices in the central section of the city and the Taishatou railway station.

Damage was heavy and many persons were crushed beneath falling masonry when buildings were wrecked by three missiles in Winghon road, Canton's main street.

Saichuen, where electric power and waterworks are situated, also was bombed.

The raiders flew over the Shameen international quarter and released explosives on nearby Chinese buildings.

Hospitals were filled to overflowing and doctors scarcely had time to attend to one lot of wounded before another arrived.

Sirens for the second raid sounded while rescue work was in progress for victims of the first.

Thirty-five planes swept over the city in the second attack but finally were driven off by Chinese anti-aircraft fire.

The intensity of the firing indicated Canton's defenses had been augmented greatly since the start of the series of raids last Saturday.

Wu Teh-Chun, governor of Kwangtung, fled to a dugout. Several bombs exploded within 100 yards of his refuge.

TROOPS ON GUARD IN ALEXANDRETTA

(Continued from First Page)

conducted by a League of Nations committee, still is indefinite but there have been mounting casualties in bitter pre-election strife.

If the vote favors the Arabs, the territory probably will continue for some time under French mandate. If the Turkish win, eventually it will be annexed by Turkey.

Since October, 1936, Turkey has demanded the creation of a separate state with a plebiscite to decide whether Alexandretta should be under Turkish or French rule. The French agreed, despite their mandate over Syria which called only for two Arab states—Syria and Lebanon.

About 39 per cent of the population of Alexandretta is of Turkish descent. French officials declared Turkey's present objections were inspired by fears Alexandretta's Turks are far from solid for annexation by Kamal Ataturk's government.

(In Ankara, capital of Turkey, officials denied French reports of heavy Turkish army concentrations on the frontier and disputed the view that the Alexandretta Turks' support was doubtful.

(They declared France, in disregard of league pledges, was persecuting Turkish populations to prevent a preponderant Turkish vote in the plebiscite and that thousands of Turkish natives of Alexandretta had returned there to vote.)

Registration for the election, halted at Turkey's request after 100 deaths in political street fights, will begin again Monday under the strict supervision of French troops. They are patrolling the entire district, including the zone near the Turkish border.

Turkey regards Alexandretta as vital to her security.

First, it has a magnificent harbor about 18 by 40 miles wide, large enough to hold the war fleets of the European powers and protected by the mountains behind it.

Second, there is oil—not only in the Sanjak's fields but also in pipe lines and tank cars which bring it from Iraq to tankers which carry it to Europe.

WAGE AND HOUR BILL DEADLOCKED

(Continued from First Page)

ing an ultimate minimum wage goal of 40 cents an hour.

The southerners objected that no definite time for reaching that goal should be fixed.

The house bill, starting minimum wages at 25 cents, would increase them uniformly to 40 cents in three years. The senate bill provided for a 40-cent minimum immediately, but would create a board to grant exemptions from this in some cases.

When Senator Walsh, Democrat, Massachusetts, suggested a compromise somewhat similar to Mrs. Norton's, but without its provision for exceptions, Mrs. Norton swung her support to that. Walsh proposed that the minimum wage be fixed at 25 cents an hour immediately and increased three cents a year until it reached 40 cents.

Strong support for the Walsh proposal was said to have come from Senators Borah, Republican, Idaho, and LaFollette, Progressive, Wisconsin. But the group headed by Senators Ellender, Democrat, Louisiana, and Pepper, Democrat, Florida, and Representative Ramspeck, Democrat, Georgia, objected to it more vigorously than to the suggestion of Mrs. Norton.

One conferee said he believed the southerners might agree to Mrs. Norton's proposal, with some modifications to permit the administrator more discretion in granting wage differentials, but that they would not consent to Walsh's suggestion under any conditions.

Another said a proposal to fix the wage minimum at 25 cents and the maximum work week at 44 hours, while a commission studied the question and reported to congress, might be accepted as a "last resort" if the deadlock continued. Under this proposal the original standards would remain operative for two years.

Chairman Thomas, Democrat, Utah, of the senate labor committee, said the committee appeared agreed to accept a proposal of Senator Pepper regarding freight rates, if the senate theory of establishing an agency to grant wage differentials were adopted finally.

Under this proposal, freight rates which southerners say discriminate against them would be taken into consideration by the agency in determining differentials.

FREUD TO GO TO LONDON

LONDON, June 4.—(AP)—Sigmund Freud, world-famed founder of psychoanalysis, is coming to London from Nazified Vienna, determined at the age of 82 to complete his psychoanalysis of the Bible. Friends said he was virtually penniless and "had a great shock" with Germany's absorption of Austria. Ever since the anschluss of March 13, they said, he has remained in the seclusion of his Vienna home, "dreading insults if he emerged—because he is a Jew."

JOE BATES WINS IN KENTUCKY ELECTION

LOUISVILLE, Ky., June 4.—(AP)—Joe B. Bates, Democrat, won by 2,400 majority from Dr. James Cecil Sparks, Republican, today in a special election to fill the vacancy in the eighth Kentucky congressional district, according to unofficial returns complete from all but one of the 20 counties in the district.

The figures, with Breathitt, a Democratic county incomplete, showed Bates, former Greenup county clerk, 21,244 votes to 18,844 for the Ashland Republican. The vacancy was caused by the resignation of Fred M. Vinson who became judge of a District of Columbia court.

In Breathitt with 28 out of 32 precincts tabulated and counting stopped until Monday, Bates let 1,466 to 351.

Four other Democrats, State Senator Stanley H. Blake, of Carlisle and Thomas Burchett, H. B. Franklin and Mont Walker, all of Ashland, and one other Republican, Dr. Smithfield Keffer of Grayson, have filed for the regular term which will be filled at the November election.

SENATOR REYNOLDS LEADING HANCOCK

RALEIGH, N. C., June 4.—(AP)—Senator Robert R. Reynolds stepped out in front of Representative Frank W. Hancock, Jr., in returns tabulated tonight from the Democratic primary for United States senate, a contest between two avowed supporters of the Roosevelt administration.

With 304 precincts reported of 1,860, Hancock had 28,305 votes against 46,251 for Senator Reynolds.

In the only other state-wide race, Stanley Winborne, incumbent utilities commissioner, had a substantial lead over Paul Grady, of Kenly, a former legislator.

Returns from 301 precincts gave Winborne 38,785, Grady 23,073.

A close contest developed in the 10th congressional district in which Representative A. L. Bulwinkle was opposed by Hamilton C. Jones, Charlotte attorney, whom he defeated two years ago.

With 102 precincts accounted for, of 261 in the district, the vote stood: Bulwinkle 11,834, Jones 11,290.

finish action on the big lending-spending bill.

He directed the federal surplus commodities corporation yesterday of canvass needs for food and clothing among persons on relief. With funds already available, the corporation is to expand its purchases of surplus farm products for distribution free to the needy. If the pending bill goes through in its present senate-approved from, $50,000,000 more of new WPA money may be used for such purchases.

Clothing for families on relief may be made in work relief sewing rooms from cloth purchased by the commodities corporation, some authorities said. Food probably will be sent to state or local relief agencies by the corporation itself.

This type of relief will be temporary, it was declared, and will be concentrated in distressed communities typified recently by Chicago and Cleveland, where local relief funds were virtually exhausted.

The Reconstruction Finance corporation already is receiving applications for long term loans for business and industry, and officials of the public works administration are getting ready to start new PWA projects swiftly as soon as the pending appropriation bill becomes law.

PWA engineers said they intended to recommend allotment of funds for more than 2,000 projects, estimated to cost in excess of $650,000,000, at the outset of the new program. Only $300,000,000 in federal grants and $60,000,000 in federal loans would be required for these projects, the remainder of the cost being met by local contributions.

The engineers explained that the projects they favored for immediate action were among 2,714 previously approved by PWA but held up when its activities were curtailed.

CITY TO LAUNCH MOSQUITO DRIVE

breeding on their own private premises."

Dr. Williams explained the campaign as follows:

"The main purpose of the mosquito control program is the control of the anopheles mosquito which is the sole vector of malaria. However, at the same time we endeavor as near as possible to control the pest varieties of mosquitoes which cause much annoyance but do not transmit disease.

"Mosquitoes breed only in standing or slowly running water. The theory that they breed in grass, bushes and other places was proved false many years ago. Water is absolutely necessary for the breeding of mosquitoes. In order for the campaign to be a success, it is absolutely necessary that every citizen do his part by eliminating breeding places on his premises.

"Some of the common breeding places of mosquitoes about the home are barrels, tubs or buckets of water; cisterns, shallow wells, or pools of water from rains, leaky pipes, stopped up roof gutters and in fact any collection of water that is accessible to the mosquito."

The potato crop being the basis of its principal export, alcohol, Esthonia is nicknamed "the Potato Republic."

EGGS HURLED AT NORMAN THOMAS

(Continued from First Page)

detectives helped Thomas' supporters form a protective circle around him.

The veterans marched a short distance away and then returned to the ruins of the stand to listen to more band music.

"We want Americanism—we don't want Reds," the veterans shouted.

Standing on the bench, Thomas raised his hand continually and pleaded in vain to be allowed to speak. "I still have my permit and I would like to say a few words," he cried into the din raised by his foes.

More eggs and cucumbers were thrown at Thomas as he stood on the bench.

After a half hour, Deputy Police Chief Phillip Sebold, one of those in the circle guarding the former Socialist candidate for president, jumped up beside him and announced: "On my advice this meeting is disbanded."

Six mounted policemen surrounded Thomas as he walked with friends to Socialist headquarters 400 yards away.

A delegation of representatives of a number of veterans organizations sought in vain today to have a city permit for the Thomas meeting rescinded on the ground it would "incite riot and create bloodshed and disorder."

In introducing Thomas about 100 feet away from a veterans' memorial statue, Miss Handelman pleaded for "the maintenance of order" and said: "I urge you to demonstrate, not only to Mayor Frank Hague (of nearby Jersey City) but to the forces of reaction throughout the United States, that the citizens of Newark do not believe Americanism means hoodlumism."

When Thomas tried to address a street crowd in Jersey City recently, he was seized by police who took him in an automobile and placed him aboard a New York-bound ferryboat.

FORD SPONSORS FARM MOVEMENT

(Continued from First Page)

small piece of land if he properly works it." A group of American Legionnaires have taken an interest in the present undertaking at Dearborn and the youthful farmers have named their community "Camp Legion."

Ranging in age from 17 to 20 years the youths work the farm for eight hours daily. For this they receive $2 a day in addition to their food and shelter, but, more important to them and to Ford, is the partnership they have established. Under this arrangement, the young farmers will divide the profits to be derived from the sale of their product.

As far as the eye could see from the mess hall of the boys' camp or the tents in which they sleep, tiny green plants of wax beans, green beans, soy beans and other varieties of farm products were visible in criss-crossing rows, all apparently in excellent shape to produce maximum crops.

On one edge of the farm, across a road graded by the youngsters, is the line of tents. Each of the dozen tents is equipped to house half a dozen boys. Each tent has a raised wooden floor.

The acreage devoted to the "Camp Legion" group is only a small part of the thousands of Ford acres in Dearborn. Most of it is as level as the proverbial pancake. It has all the advantages of scientific fertilizing. Nearby is a smaller farming project operated by children of the Henry Ford High school. On another site in the same general location are hundreds of "Ford thrift gardens."

Seemingly not one of the many thousands of Ford acres is idle. Ford's idea is that every foot of land should be devoted to some productive purpose. Apparently he proposes to realize that objective with his own land and hopes that the results obtained will spread the idea to other acres idle, he explains, "because the farmer hasn't had the incentive for greater production."

Much of the food consumed by the young agriculturists was produced on the Ford farms, in the Dearborn area. Currently, milk, butter and eggs come from the dairy farms; bread is baked on the spot and includes about 28 per cent of soy bean meal—one of Ford's favorite "all purpose" crops.

"If people only knew," said Ford today, "how simple it is to make a living from the soil, there would be no hunger anywhere."

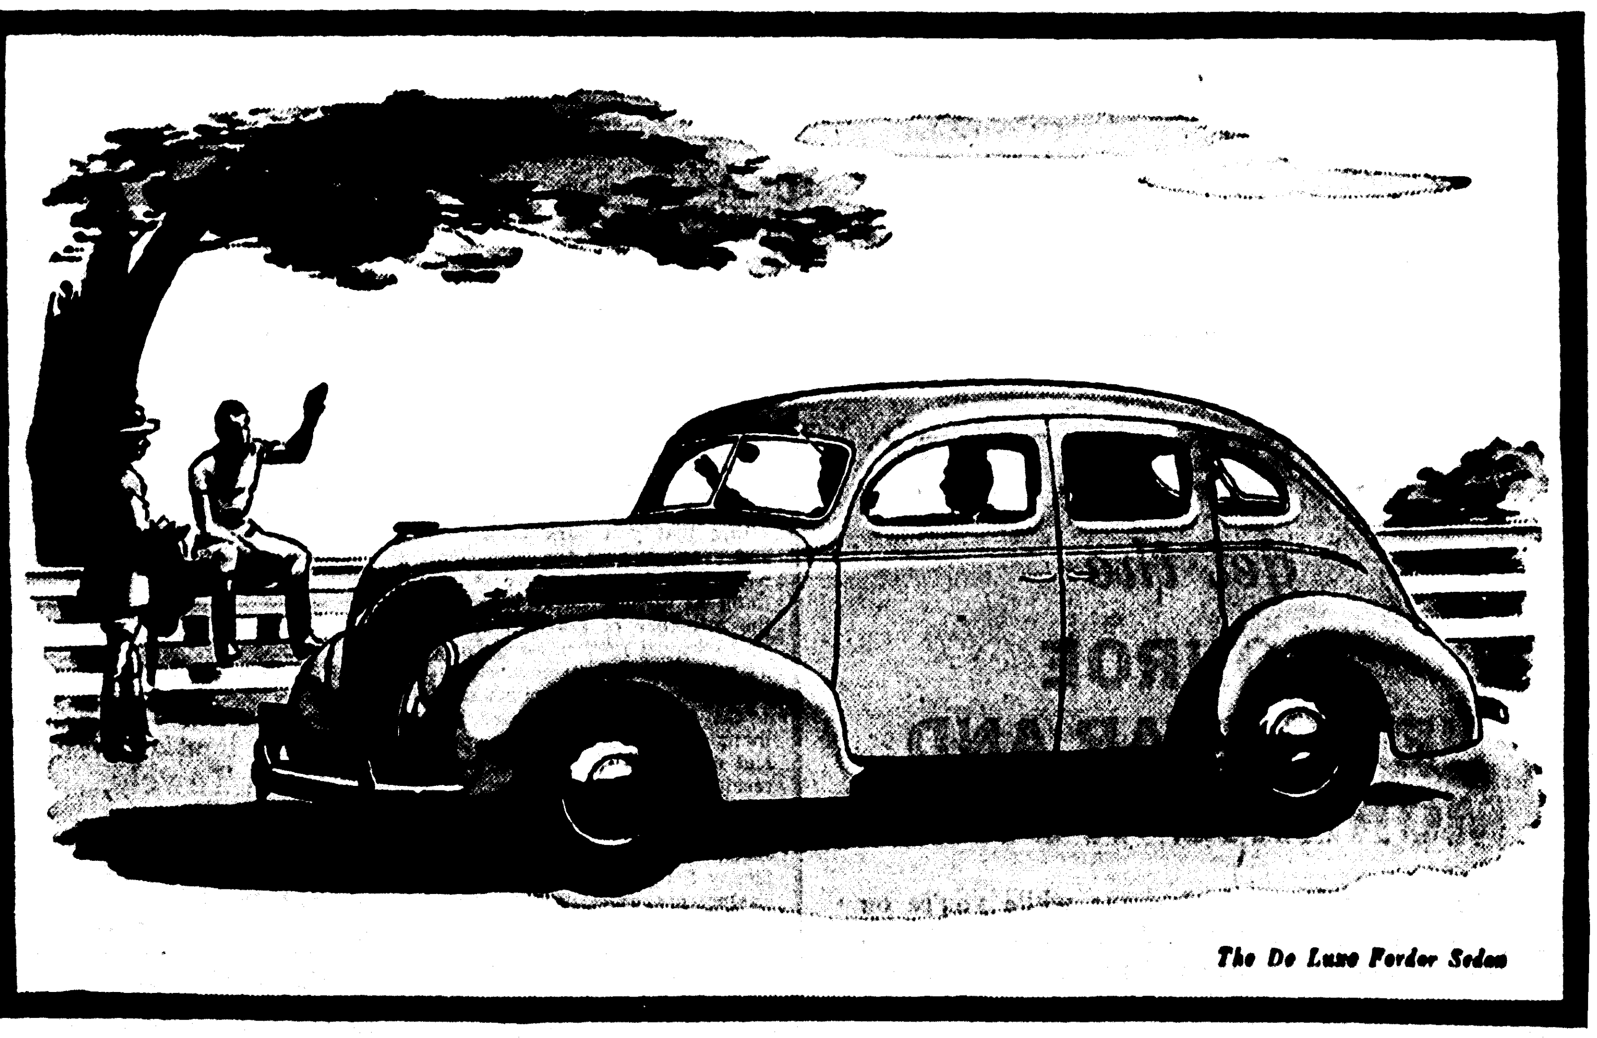
8 Cylinder Quality
ALL THE WAY THROUGH!



The De Luxe Fordor Sedan

ONE important measure of a modern motor car is the number of its cylinders. Two cylinders were enough in the early days. Later on, most people were satisfied with four cylinders. But today, America's best cars have 8 cylinders or more.

8 or more cylinders mean a smoother flow of power, and more alert performance. They usually mean more money too. Only Ford has been able to build a fine 8-cylinder car at a low price — with low operating costs.

The extra value of its 8-cylinder engine is reflected all through the Ford V-8. In riding comfort and driving ease. In handy instruments and handsome interiors. In gentle, positive brakes that win warm praise from owners. In clean, honest design from radiator to rear deck. In dozens of other details that you discover as you live with the car.

You'll like the Ford V-8—whether you choose the De Luxe for its added bigness and beauty—or the Standard "60" for its greater gasoline mileage. Both are priced low. And both are built on the same chassis—with 8-cylinder quality all the way through!

Hecht of the Hibernia National bank, New Orleans, today offered to buy the bonds with 3½ per cent coupons on maturities from 1939 to 1956 and 3¼ per cent interest for the remaining maturities. The Jones company then held a conference and agreed to better the Hecht bid by fixing 2½ per cent coupons on the 1939, 1940 and 1941 maturities.

The bids were opened in the office of State Treasurer A. P. Tugwell, who handled the transaction for the state board of liquidation.

Tugwell's office calculated that the total interest cost on the bonds being retired would have amounted to $6,261,988.50. The state must pay 104 for the bonds which are to be called, or a premium of $338,048. This leaves a net saving to the state of $1,359,803, according to the state treasurer's calculations.

Tugwell said the best previous bid ever received for state bonds was on a 3.62 per cent basis, the bid today topping that by about .25 per cent.

Bidders in the successful syndicate are Edward Jones and company, Inc., Newman Harris and company, Scharff and Jones, Darby and company of New York, American Bank and Trust company, Nusloch Baudean and Smith, Dane and Weil, White Dunbar and company, Moore and Hyams, Woolfolk Huggins and Shober, Weil and company, Robinson-Humphrey and company, Atlanta, Lamar Kingston and LaBouisse, Brown Corrigon and company, Bronson and Soranton, Anagnosti and Walker, Louisiana Savings Bank and Trust company, Wheeler and Woolfolk, Barrow Leary and company of Shreveport, Walton and Jones of Jackson, Miss., B. S. D'Antoni, St. Denis J. Villere, Wolfe and Fowler, T. J. Feibleman, Levy and Rooney, Couturier and Derbes.

FARMER HELD AFTER THREE YOUTHS SHOT

NEW ORLEANS, June 4.—(AP)—State Police Captain Theophile Landry said charges of shooting with intent to kill were filed against Anthony Palmisano, 50, a truck farmer of Waggaman, in connection with the unexplained shooting today of three youths.

The victims, slightly wounded with birdshot from a shotgun charge were Harold Bullard, 18 and Newburn Few, 20, of Pritchard, Ala., and John Hood, 19, Hickory, N. C.

The youths told police they were sitting on a railroad track at Waggaman waiting to hop a freight train when some one fired upon them.

Captain Landry said Palmisano had made no statement on the shooting. He was held without bail in the Gretna jail.

Most of the important cities of the world have the initial letter "S"; "C" runs second and "B" third.

DEATHS

DANIEL O'BRIEN

Daniel O'Brien, veteran conductor on the Missouri Pacific railroad, died in the railroad's hospital in St. Louis, Mo., after a long illness, Tuesday, and the funeral was held near Centralia, Ill., on Friday.

Mr. O'Brien had served as conductor for more than 35 years and had been pensioned. His last duties were those of watchman at the Texas avenue crossing of the railroad in Monroe.

Some months ago, he became ill and was taken to the hospital in St. Louis and his wife accompanied him. She later became ill and died about three weeks ago and was buried in Illinois.

The O'Briens were well known in Monroe and had a wide circle of friends, as they had spent the larger part of their lives here.

C. P. HARTLEY, SR.

C. P. Hartley, Sr., of Baton Rouge, father of C. P. Hartley, Jr., of Monroe, died suddenly last night at 9:45 at Baton Rouge, according to information received here by his son, who left immediately for Baton Rouge. Mr. Hartley was said to have died of a heart attack.

Funeral arrangements had not been made last night, but services will be held at Baton Rouge it was said probably on Monday.

been confined exclusively to military establishments.)

About 40 war planes took part in the first raid, appearing over the city shortly after 10 a. m. and unloading their explosive cargoes for 35 minutes before heavy clouds and rain ended the attack.

Thirty bombs fell near the municipal government offices in the central section of the city and the Taishatou railway station.

Damage was heavy and many persons were crushed beneath falling masonry when buildings were wrecked by three missiles in Winghon road, Canton's main street.

Saichuen, where electric power and waterworks are situated, also was bombed.

The raiders flew over the Shameen international quarter and released explosives on nearby Chinese buildings.

Hospitals were filled to overflowing and doctors scarcely had time to attend to one lot of wounded before another arrived.

Sirens for the second raid sounded while rescue work was in progress for victims of the first.

Thirty-five planes swept over the city in the second attack but finally were driven off by Chinese anti-aircraft fire.

The intensity of the firing indicated Canton's defenses had been augmented greatly since the start of the series of raids last Saturday.

Wu Teh-Chun, governor of Kwangtung, fled to a dugout. Several bombs exploded within 100 yards of his refuge.

TROOPS ON GUARD IN ALEXANDRETTA

(Continued from First Page)

conducted by a League of Nations committee, still is indefinite but there have been mounting casualties in bitter pre-election strife.

If the vote favors the Arabs, the territory probably will continue for some time under French mandate. If the Turkish win, eventually it will be annexed by Turkey.

Since October, 1936, Turkey has demanded the creation of a separate state with a plebiscite to decide whether Alexandretta should be under Turkish or French rule. The French agreed, despite their mandate over Syria which called only for two Arab states—Syria and Lebanon.

About 39 per cent of the population of Alexandretta is of Turkish descent. French officials declared Turkey's present objections were inspired by fears Alexandretta's Turks are far from solid for annexation by Kamal Ataturk's government.

(In Ankara, capital of Turkey, officials denied French reports of heavy Turkish army concentrations on the frontier and disputed the view that the Alexandretta Turks' support was doubtful.

(They declared France, in disregard of league pledges, was persecuting Turkish populations to prevent a preponderant Turkish vote in the plebiscite and that thousands of Turkish natives of Alexandretta had returned there to vote.)

Registration for the election, halted at Turkey's request after 100 deaths in political street fights, will begin again Monday under the strict supervision of French troops. They are patrolling the entire district, including the zone near the Turkish border.

Turkey regards Alexandretta as vital to her security.

First, it has a magnificent harbor about 18 by 40 miles wide, large enough to hold the war fleets of the European powers and protected by the mountains behind it.

Second, there is oil—not only in the Sanjak's fields but also in pipe lines and tank cars which bring it from Iraq to tankers which carry it to Europe.

WAGE AND HOUR BILL DEADLOCKED

(Continued from First Page)

ing an ultimate minimum wage goal of 40 cents an hour.

The southerners objected that no definite time for reaching that goal should be fixed.

The house bill, starting minimum wages at 25 cents, would increase them uniformly to 40 cents in three years. The senate bill provided for a 40-cent minimum immediately, but would create a board to grant exemptions from this in some cases.

When Senator Walsh, Democrat, Massachusetts, suggested a compromise somewhat similar to Mrs. Norton's, but without its provision for exceptions, Mrs. Norton swung her support to that. Walsh proposed that the minimum wage be fixed at 25 cents an hour immediately and increased three cents a year until it reached 40 cents.

Strong support for the Walsh proposal was said to have come from Senators Borah, Republican, Idaho, and LaFollette, Progressive, Wisconsin. But the group headed by Senators Ellender, Democrat, Louisiana, and Pepper, Democrat, Florida, and Representative Ramspeck, Democrat, Georgia, objected to it more vigorously than to the suggestion of Mrs. Norton.

One conferee said he believed the southerners might agree to Mrs. Norton's proposal, with some modifications to permit the administrator more discretion in granting wage differentials, but that they would not consent to Walsh's suggestion under any conditions.

Another said a proposal to fix the wage minimum at 25 cents and the maximum work week at 44 hours, while a commission studied the question and reported to congress, might be accepted as a "last resort" if the deadlock continued. Under this proposal the original standards would remain operative for two years.

Chairman Thomas, Democrat, Utah, of the senate labor committee, said the committee appeared agreed to accept a proposal of Senator Pepper regarding freight rates, if the senate theory of establishing an agency to grant wage differentials were adopted finally.

Under this proposal, freight rates which southerners say discriminate against them would be taken into consideration by the agency in determining differentials.

FREUD TO GO TO LONDON

LONDON, June 4.—(AP)—Sigmund Freud, world-famed founder of psychoanalysis, is coming to London from Nazified Vienna, determined at the age of 82 to complete his psychoanalysis of the Bible. Friends said he was virtually penniless and "had a great shock" with Germany's absorption of Austria. Ever since the anschluss of March 13, they said, he has remained in the seclusion of his Vienna home, "dreading insults if he emerged—because he is a Jew."

JOE BATES WINS IN KENTUCKY ELECTION

LOUISVILLE, Ky., June 4.—(AP)—Joe B. Bates, Democrat, won by 2,400 majority from Dr. James Cecil Sparks, Republican, today in a special election to fill the vacancy in the eighth Kentucky congressional district, according to unofficial returns complete from all but one of the 20 counties in the district.

The figures, with Breathitt, a Democratic county incomplete, showed Bates, former Greenup county clerk, 21,244 votes to 18,844 for the Ashland Republican. The vacancy was caused by the resignation of Fred M. Vinson who became judge of a District of Columbia court.

In Breathitt with 28 out of 32 precincts tabulated and counting stopped until Monday, Bates let 1,466 to 351.

Four other Democrats, State Senator Stanley H. Blake, of Carlisle and Thomas Burchett, H. B. Franklin and Mont Walker, all of Ashland, and one other Republican, Dr. Smithfield Keffer of Grayson, have filed for the regular term which will be filled at the November election.

SENATOR REYNOLDS LEADING HANCOCK

RALEIGH, N. C., June 4.—(AP)—Senator Robert R. Reynolds stepped out in front of Representative Frank W. Hancock, Jr., in returns tabulated tonight from the Democratic primary for United States senate, a contest between two avowed supporters of the Roosevelt administration.

With 304 precincts reported of 1,860, Hancock had 28,305 votes against 46,251 for Senator Reynolds.

In the only other state-wide race, Stanley Winborne, incumbent utilities commissioner, had a substantial lead over Paul Grady, of Kenly, a former legislator.

Returns from 301 precincts gave Winborne 38,785, Grady 23,073.

A close contest developed in the 10th congressional district in which Representative A. L. Bulwinkle was opposed by Hamilton C. Jones, Charlotte attorney, whom he defeated two years ago.

With 102 precincts accounted for, of 261 in the district, the vote stood: Bulwinkle 11,834, Jones 11,298.

FLOW OF MONEY STARTS TO WORK

finish action on the big lending-spending bill.

He directed the federal surplus commodities corporation yesterday of canvass needs for food and clothing among persons on relief. With funds already available, the corporation is to expand its purchases of surplus farm products for distribution free to the needy. If the pending bill goes through in its present senate-approved from, $50,000,000 more of new WPA money may be used for such purchases.

Clothing for families on relief may be made in work relief sewing rooms from cloth purchased by the commodities corporation, some authorities said. Food probably will be sent to state or local relief agencies by the corporation itself.

This type of relief will be temporary, it was declared, and will be concentrated in distressed communities typified recently by Chicago and Cleveland, where local relief funds were virtually exhausted.

The Reconstruction Finance corporation already is receiving applications for long term loans for business and industry, and officials of the public works administration are getting ready to start new PWA projects swiftly as soon as the pending appropriation bill becomes law.

PWA engineers said they intended to recommend allotment of funds for more than 2,000 projects, estimated to cost in excess of $650,000,000, at the outset of the new program. Only $300,000,000 in federal grants and $60,000,000 in federal loans would be required for these projects, the remainder of the cost being met by local contributions.

The engineers explained that the projects they favored for immediate action were among 2,714 previously approved by PWA but held up when its activities were curtailed.

CITY TO LAUNCH MOSQUITO DRIVE

breeding on their own private premises."

Dr. Williams explained the campaign as follows:

"The main purpose of the mosquito control program is the control of the anopheles mosquito which is the sole vector of malaria. However, at the same time we endeavor as near as possible to control the pest varieties of mosquitoes which cause much annoyance but do not transmit disease.

"Mosquitoes breed only in standing or slowly running water. The theory that they breed in grass, bushes and other places was proved false many years ago. Water is absolutely necessary for the breeding of mosquitoes. In order for the campaign to be a success, it is absolutely necessary that every citizen do his part by eliminating breeding places on his premises.

"Some of the common breeding places of mosquitoes about the home are barrels, tubs or buckets of water; cisterns, shallow wells, or pools of water from rains, leaky pipes, stopped up roof gutters and in fact any collection of water that is accessible to the mosquito."

The potato crop being the basis of its principal export, alcohol, Esthonia is nicknamed "the Potato Republic."

EGGS HURLED AT NORMAN THOMAS

(Continued from First Page)

detectives helped Thomas' supporters form a protective circle around him.

The veterans marched a short distance away and then returned to the ruins of the stand to listen to more band music.

"We want Americanism—we don't want Reds," the veterans shouted.

Standing on the bench, Thomas raised his hand continually and pleaded in vain to be allowed to speak. "I still have my permit and I would like to say a few words," he cried into the din raised by his foes.

More eggs and cucumbers were thrown at Thomas as he stood on the bench.

After a half hour, Deputy Police Chief Phillip Sebold, one of those in the circle guarding the former Socialist candidate for president, jumped up beside him and announced: "On my advice this meeting is disbanded."

Six mounted policemen surrounded Thomas as he walked with friends to Socialist headquarters 400 yards away.

A delegation of representatives of a number of veterans organizations sought in vain today to have a city permit for the Thomas meeting rescinded on the ground it would "incite riot and create bloodshed and disorder."

In introducing Thomas about 100 feet away from a veterans' memorial statue, Miss Handelman pleaded for "the maintenance of order" and said: "I urge you to demonstrate, not only to Mayor Frank Hague (of nearby Jersey City) but to the forces of reaction throughout the United States, that the citizens of Newark do not believe Americanism means hoodlumism."

When Thomas tried to address a street crowd in Jersey City recently, he was seized by police who took him in an automobile and placed him aboard a New York-bound ferryboat.

FORD SPONSORS FARM MOVEMENT

(Continued from First Page)

small piece of land if he properly works it." A group of American Legionnaires have taken an interest in the present undertaking at Dearborn and the youthful farmers have named their community "Camp Legion."

Ranging in age from 17 to 20 years the youths work the farm for eight hours daily. For this they receive $2 a day in addition to their food and shelter, but, more important to them and to Ford, is the partnership they have established. Under this arrangement, the young farmers will divide the profits to be derived from the sale of their product.

As far as the eye could see from the mess hall of the boys' camp or the tents in which they sleep, tiny green plants of wax beans, green beans, soy beans and other varieties of farm products were visible in criss-crossing rows, all apparently in excellent shape to produce maximum crops.

On one edge of the farm, across a road graded by the youngsters, is the line of tents. Each of the dozen tents is equipped to house half a dozen boys. Each tent has a raised wooden floor.

The acreage devoted to the "Camp Legion" group is only a small part of the thousands of Ford acres in Dearborn. Most of it is as level as the proverbial pancake. It has all the advantages of scientific fertilizing. Nearby is a smaller farming project operated by children of the Henry Ford High school. On another site in the same general location are hundreds of "Ford thrift gardens."

Seemingly not one of the many thousands of Ford acres is idle. Ford's idea is that every foot of land should be devoted to some productive purpose. Apparently he proposes to realize that objective with his own land and hopes that the results obtained will spread the idea to other acres idle, he explains, "because the farmer hasn't had the incentive for greater production."

Much of the food consumed by the young agriculturists was produced on the Ford farms, in the Dearborn area. Currently, milk, butter and eggs come from the dairy farms; bread is baked on the spot and includes about 28 per cent of soy bean meal—one of Ford's favorite "all purpose" crops.

"If people only knew," said Ford today, "how simple it is to make a living from the soil, there would be no hunger anywhere."

DONALD CARROLL FREED

NEW YORK, June 4.—(AP)—Past the final legal barrier to freedom, 16-year-old Donald Carroll, Jr., acquitted "by reason of insanity" of slaying the girl he loved, was somewhere in the country with his parents trying to forget the "tragedy of adolescence." Queens County Judge Thomas Downs signed an order releasing Carroll from jail after Bellevue hospital physicians found he was "not suffering from a psychosis."

8 Cylinder Quality
ALL THE WAY THROUGH!

The De Luxe Fordor Sedan

ONE important measure of a modern motor car is the number of its cylinders. Two cylinders were enough in the early days. Later on, most people were satisfied with four cylinders. But today, America's best cars have 8 cylinders or more.

8 or more cylinders mean a smoother flow of power, and more alert performance. They usually mean more money too. Only Ford has been able to build a fine 8-cylinder car at a low price — with low operating costs.

The extra value of its 8-cylinder engine is reflected all through the Ford V-8. In riding comfort and driving ease. In handy instruments and handsome interiors. In gentle, positive brakes that win warm praise from owners. In clean, honest design from radiator to rear deck. In dozens of other details that you discover as you live with the car.

You'll like the Ford V-8—whether you choose the De Luxe for its added bigness and beauty—or the Standard "60" for its greater gasoline mileage. Both are priced low. And both are built on the same chassis—with 8-cylinder quality all the way through!

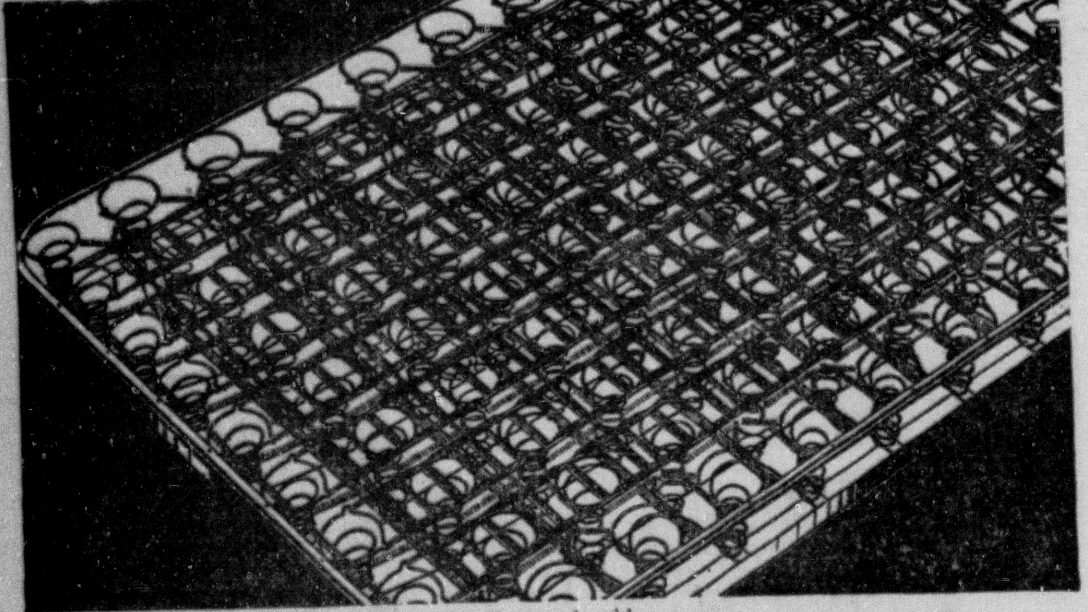
SIMMONS
ACE SPRING



The widespread use of innerspring mattresses has made old types of springs obsolete. They don't give the right comfort. They don't protect the mattress.

Here is a new coil spring that's made for modern mattresses. It is the new Simmons Ace. Its platform top provides the right support for innerspring mattresses as well as felt mattresses. It gives controlled resiliency—not too firm, not too yielding. Makes innerspring mattresses last longer. 99 double deck coils. Stabilizers to prevent sidesway. Smooth borders protect bedding. Aluminum finish. Offered now on Durrett's Anniversary terms.

LESLIE, BOLT, M'CLURE AND CASTILLO WIN

FOUR ADVANCE IN CLOSE MATCHES AT M'GUIRE PARK

Leslie Meets Bolt, McClure Plays Castillo In Semi-Finals This Morning

Two Shreveport golfers and a pair from Baton Rouge stroked their way through the first and second round matches yesterday in the Twin City golf tournament from which the defending champion, Al Mailhes, Shreveport, was eliminated in the first round.

Paul Leslie, L. S. U. links captain, who won the state crown recently by trimming Tommy Bolt of Shreveport in the finals of that tournament, will meet the Caddo parish ex-caddy this morning in the semi-finals.

And Edwin McClure, the Shreveport sharpshooter who won medal honors Friday, will cross clubs with Henry Castillo, L. S. U. Southeastern conference champion, in the other semi-final. The foursome will move off at o'clock.

The finals will be held in the afternoon.

Leslie dropped Mailhes out of the running in the first round yesterday morning, 2 and 1. Then the state champion finished his day's chores by taking the second round from Ben Downing, Jr., of Monroe, the state high school titleholder, 6 and 4.

Downing had whipped Dr. T. A. Brulte, Monroe, 5 and 4.

Bolt moved up to the semi-finals by beating E. R. Brockway, Shreveport, 3 and 1, in the morning session, and by defeating McVea Oliver, Monroe, 4 and 3, in the afternoon. Oliver had advanced by shading Jimmie Harper, Monroe, 1 up in 19 holes.

For McClure the going was a little rougher. He downed L. L. Vann, New Orleans, 2 and 1, in the second round after edging out L. D. Hepinstall, Houston, Tex., 3 and 2, in the opener. Vann had moved up to the McClure match by overcoming H. H. McCain, Hammond, 3 and 1, in the morning.

Castillo took his opener from Cramer Haas, Monroe, 3 and 1, but in the afternoon Bobby Cole, Baton Rouge, put up a stiff battle before bowing to his fellow townsman, 1 up. Cole had beaten K. E. Holt, Monroe, 3 and 1.

There was plenty of low scoring in the championship battles but par managed to hold its own fairly well throughout the day's play over the difficult course.

The first round of the championship consolations also produced some fine shotmaking. Mailhes bounced back from his defeat at the hands of Leslie by trimming Dr. Brulte, 4 and 3. Harper downed Brockway, 3 and 2; Hepinstall beat McCain, 3 and 1, and Holt edged out Haas, 1 up. This morning Mailhes meets Harper and Hepinstall tangles with Holt in a foursome that will move off at 8:10 o'clock.

The various matches attracted good-sized galleries and the spectators who followed the play were rewarded with some fine golf.

Following completion of the second round last night, more than 300 persons were guests of the McGuire Park club at a barbecue.

McGuire officials, who have extended the facilities of the clubhouse to everyone, have invited the public to watch the semi-finals and finals today. The final match for the tourney championship is expected to start around 1:30 o'clock.

Last year a large gallery followed the title match and an even bigger crowd is expected today. This year's tourney has been even more successful than the first affair and one of the best fields in Louisiana golf is competing.

Semi-finals in all flights, including consolations, will be played this morning and the finals this afternoon. Immediately upon conclusion of the

RECORDS FALL AS TROJANS EASILY WIN TRACK MEET

Three Meet Marks Broken In I. C. 4-A Events; Michigan State Second

By Alan Gould

NEW YORK, June 4.—(AP)—Rain and records, a rare track and field combination fell in large quantities today as Southern California's invincible Trojans spread-eagled the field in the 62nd Intercollegiate A A. A. A. championship meet at Randalls island stadium.

Three meet marks were shattered, among them the classic one mile record that has stood for 25 years, and two others were equalled in a dazzling battle for individual titles that accompanied Southern California's one-sided team triumph.

Dean Cromwell's Trojans, picking up where they left off in 1935, had not the slightest trouble recapturing the team trophy. They tallied in 10 of the 15 events, nearly doubled the point score of their nearest rivals, Michigan State, and won the championship for the eighth time since 1929. All told Pacific coast colleges have won 15 of the 16 I. C. A. A. A. A. meets in which they have participated since 1921.

Southern California tallied 47 1-2 points, Michigan State 24 and the University of California 22 1-2 to make it 1-2-3 for the invading forces from the west. Pittsburgh, 1937 victor, led the eastern brigade by finishing fourth with 20 1-2 points. Manhattan was fifth with 15 points and Harvard sixth with 12 points.

Double triumphs for Long John Woodruff, Pittsburgh's great negro runner, and Michigan State's crack hurdler, Harvey Woodstra, shared the individual spotlight with the record-breaking mile victory of Edgar Howard Borck, slender Manhattan college star, as a series of amazingly fine performances was unfurled in the rain before scarcely 2,000 spectators huddled in the stands.

Borck, making his first start in the I. C. A. A. A. A. mile, came from behind with a beautifully-timed last-lap finish to beat Alex Northrop, Harvard's favorite, by 20 yards, and wipe out the classic record of 4:14.4 set by John Paul Jones of Cornell at Cambridge in 1913. Borck clipped a half-second from the long-standing mark, oldest on the meet's books, when he was clocked at 4:13.9.

The remaining two record-smashers were Delos Thurber, Southern California's Olympic high-jumper, and Joe Moclair, who added to Manhattan's laurels by a whirlwind dash to victory in the two-mile run.

Thurber cleared 6 feet, 6 5-8 inches to wipe out the former meet mark of 6 feet, 6 1-8 inches, set by George Epitz of New York university, in 1913.

Moclair came from behind with an unbeatable rush to lead two Michigan State rivals, Kenneth Waite and Richard Frey, to the finish of the distance race. His time of 9:21.2 erased the former record of 9.22, established in 1929 by James Reid of Harvard.

TULANE AND RICE SIGN 4-YEAR GRID CONTRACT

NEW ORLEANS, June 4.—(AP)—Tulane and Rice of Houston, Tex., representatives today signed a four-year contract for home and home football games from 1940 through 1943. The series is in addition to a contract which brings the Rice Owls to New Orleans this fall. The Owls will return to New Orleans in 1940 and thereafter the teams will alternate sites.

The fasces was the old Roman badge of authority.

SUMRALL NAMED CAPTAIN AT TECH

RUSTON, La., June 4.—(Special)—Jimmy Sumrall, of Monroe, a hard-hitting outfielder of the Louisiana Tech baseball team, has been elected captain of the Tech diamondmen for 1939, Coach L. J. Fox has announced.

Charlie Caston of Lake Charles, also an outfielder, has been chosen as co-captain.

Both of the baseball players also are members of the Tech football team, Sumrall being an end and Caston a halfback. They will succeed Aloys Adkins of Haynesville and S. X. Lewis of Minden, captain and co-captain, respectively, this year, who have just graduated from Tech.

Lewis has reported to the Shreveport team of the Texas league for pitching duty and Adkins is planning to teach and coach in a high school the coming year.

INDIAN SLUGGERS TOP JUNIOR LOOP

Trosky Heads American League's Hitters With .388 Averill Advances

CHICAGO, June 4.—(AP)—The "hustle" program inaugurated by Professor Oscar Vitt when he took over guidance of the Cleveland Indians this year not only has the Tribe setting the American league pace as a team but this week showed an increase among his pupils seeking individual honors.

Hal Trosky, the big first baseman, has been up on his daily work in the batting department from the start and semi-official averages which include games of Friday showed him still heading the league's sluggers with a mark of .388.

Outfielder Earl Averill has been advancing at a rapid rate in the last few weeks and ranked second to his teammate in batting with .370. He also was the pace setter in runs scored with 37 and was tied with the third of Vitt's select class, Rookie Ken Keltner, in hitting triples. Each had five. Keltner also returned to the "high ten" this week with a .335 average.

Between the three of them they had batted in 107 of Cleveland's 228 runs and had scored 96 themselves, 22 on home runs.

In addition to Cleveland's two pace setters, the hitting leaders included Frank Hayes, Philadelphia, .363; Cecil Travis, Washington, .352 Hank Steinbacher, Chicago, .352; Joe Cronin, Boston, .347; Jimmy Foxx, .336; Keltner, .335; Charley Gehringer, Detroit, .335; Red Rolfe and Joe DiMaggio, New York, and Buddy Myer, Washington, all .333.

Hank Greenberg of Detroit continued to top all in home runs with 13, while Foxx's 51 runs batted in and Cronin's 16 doubles led in those divions. Travis replaced his Washington teammate, Buddy Lewis, as the leader in hits with 58, but Lewis remained the base stealing ace at nine.

Vern Kennedy, former White Sox hurler traded to Detroit last year, ran his winning streak to eight without a setback to top Bob Grove of Boston, whose record was eight victories and one defeat.

The Indians remained the team batting leader at .291. Washington led in fielding at .978. The St. Louis double play combination increased its first place total to 48.

'PORTERS POUND PAIR OF HURLERS FOR 15 SAFETIES

Arkansans Score Nine Runs In 4th And Coast Behind Vandenberg's Pitching

HELENA, Ark., June 4—(Special)—With Bill Vandenberg holding the White Sox to five hits, Helena pounded two Monroe hurlers for 15 to trim the Louisianians, 10 to 1, tonight and gain an even break in the two-game series. The Sox won an overtime game yesterday, 5 to 3.

Vandenberg allowed one run in the first inning but after that he was invincible. His mates took three innings to catch up, but when the Seaporters did start hitting, they did a great job of it. They scored nine runs in the fourth frame and then concluded their scoring with a one-run outburst in the sixth. Vandenberg took good care of the Monroe batsmen by hurling eight scoreless frames.

"Doodle" Harper, who played with Helena last season, broke in as a Monroe hireling tonight and greeted Vandenberg with a single his first time up. He reached second on an infield out and promptly scored when Manager "Red" Harvel singled. That, however, was the extent of the damage done Vandenberg. He struck out seven Sox and walked but three.

Big Al Bronkhurst started for Monroe and got by very nicely for three innings. In the fourth, however, the Seaporters routed him and continued their assault on "Red" Andrews. When the smoke of the base hit barrage had settled, nine runs had crossed the plate, with every member of the Helena club taking a hand in the spree.

Hicks, Olson and Vandenberg hit triples during the game, and Tennant and Sutherlin got doubles. Sutherlin and Olson each got three hits.

Manager Harvel sent Harper to short but did not announce what had happened to Johnny Conway. Harper made one error but otherwise fielded well, starting one double play.

ACCIDENT TO CHIOZZA REVIVES TRADE TALK

CINCINNATI, June 4.—(AP)—An eye accident to Lou Chiozza, regular second baseman for the New York Giants, intensified gossip today that Manager Bill Terry would try to make a deal for Alex Kampouris of the Reds and plug the hole in his infield.

Just before the game, Chiozza picked up a bottle of wintergreen in the clubhouse instead of the eye wash solution he was reaching for. Prompt medical attention by a doctor summoned from the stands relieved the pain but Mickey Haslin subbed for Chiozza for the entire game.

The talk has been that Terry wanted to make a deal involving Kampouris and Wally Berger, substitute Giant outfielder who twice knocked the ball out of the park in batting practice. Deacon McKechnie of the Reds said he was killing to talk trade any time, but Terry made no overtures today.

BIG SIX LEAGUE TO START TODAY

Opening Games To Be Played At Calhoun, Clarks And Mer Rouge

The Big Six baseball league goes into action this afternoon with first games at Calhoun, Clarks and Mer Rouge and with each of the six teams forming the circuit scheduled to play 30 games in two half-periods.

The opening games will find Downsville at Calhoun, Chatham at Clarks and Bastrop at Mer Rouge. All games are slated to start at 2 o'clock.

Second games will be played Wednesday with Chatham at Downsville, Clarks at Bastrop and Mer Rouge at Calhoun. Games will be played twice each week on Sundays and Wednesdays.

The Big Six is an amateur league, featuring "home talent." The circuit, formerly the Little Six, which was organized for the first time last year, changed its name to Big Six at a recent meeting of team managers and league officials.

The league champion will be determined at the close of the season in a series between the winner of the first-half schedule and the winner of the second half. Teams finishing in a tie for first place in either half will be forced into playoffs for the right to meet in the championship series.

Team rosters are limited to 18 players, and such rosters must be furnished the league secretary within 10 days after the opening games. Professional baseball rules will be followed.

Johnny Birdies Last Two Holes To Tie Chicago Pro With Sub-par 68

KANSAS CITY, June 4.—(AP)—The birdies sang for black thatched Johnny Revolta of Milwaukee down the home stretch late today and he scored a sparkling 68, five under par, for the first 18 holes of Kansas City's 54-hole $5,000 open golf tournament to tie "Lighthorse" Harry Cooper.

Needing birdies on the last two holes to deadlock Cooper, whose putter twice sank eagles, Revolta came through like a champion. He sank an eight-footer on the final green to come in with a sizzling 32, four under par, after going out in 36.

LESLIE, BOLT, M'CLURE AND CASTILLO WIN

Monroe Held To 5 Hits And Helena Evens Series, 10-1

FOUR ADVANCE IN CLOSE MATCHES AT M'GUIRE PARK

Leslie Meets Bolt, McClure Plays Castillo In Semi-Finals This Morning

Two Shreveport golfers and a pair from Baton Rouge stroked their way through the first and second round matches yesterday in the Twin City golf tournament from which the defending champion, Al Mailhes, Shreveport, was eliminated in the first round.

Paul Leslie, L. S. U. links captain, who won the state crown recently by trimming Tommy Bolt of Shreveport in the finals of that tournament, will meet the Caddo parish ex-caddy this morning in the semi-finals.

And Edwin McClure, the Shreveport sharpshooter who won medal honors Friday, will cross clubs with Henry Castillo, L. S. U. Southeastern conference champion, in the other semi-final. The foursome will move off at 9 o'clock.

The finals will be held in the afternoon.

Leslie dropped Mailhes out of the running in the first round yesterday morning, 2 and 1. Then the state champion finished his day's chores by taking the second round from Ben Downing, Jr., of Monroe, the state high school titleholder, 6 and 4.

Downing had whipped Dr. T. A. Brulte, Monroe, 5 and 4.

Bolt moved up to the semi-finals by beating E. R. Brockway, Shreveport, 3 and 1, in the morning session, and by defeating McVea Oliver, Monroe, 4 and 3, in the afternoon. Oliver had advanced by shading Jimmie Harper, Monroe, 1 up in 19 holes.

For McClure the going was a little rougher. He downed L. L. Vann, New Orleans, 2 and 1, in the second round after edging out L. D. Hepinstall, Houston, Tex., 3 and 2, in the opener. Vann had moved up to the McClure match by overcoming H. H. McCain, Hammond, 3 and 1, in the morning.

Castillo took his opener from Cramer Haas, Monroe, 3 and 1, but in the afternoon Bobby Cole, Baton Rouge, put up a stiff battle before bowing to his fellow townsman, 1 up. Cole had beaten K. E. Holt, Monroe, 3 and 1.

There was plenty of low scoring in the championship battles but par managed to hold its own fairly well throughout the day's play over the difficult course.

The first round of the championship consolations also produced some fine shotmaking. Mailhes bounced back from his defeat at the hands of Leslie by trimming Dr. Brulte, 4 and 3. Harper downed Brockway, 3 and 2; Hepinstall beat McCain, 3 and 1, and Holt edged out Haas, 1 up. This morning Mailhes meets Harper and Hepinstall tangles with Holt in a foursome that will move off at 8:10 o'clock.

The various matches attracted good-sized galleries and the spectators who followed the play were rewarded with some fine golf.

Following completion of the second round last night, more than 300 persons were guests of the McGuire Park club at a barbecue.

McGuire officials, who have extended the facilities of the clubhouse to everyone, have invited the public to watch the semi-finals and finals today. The final match for the tourney championship is expected to start around 1:30 o'clock.

Last year a large gallery followed the title match and an even bigger crowd is expected today. This year's tourney has been even more successful than the first affair and one of the best fields in Louisiana golf is competing.

Semi-finals in all flights, including consolations, will be played this morning and the finals this afternoon. Immediately upon conclusion of the

RECORDS FALL AS TROJANS EASILY WIN TRACK MEET

Three Meet Marks Broken In I. C. 4-A Events; Michigan State Second

By Alan Gould

NEW YORK, June 4.—(AP)—Rain and records, a rare track and field combination fell in large quantities today as Southern California's invincible Trojans spread-eagled the field in the 62nd Intercollegiate A A. A. A. championship meet at Randalls island stadium.

Three meet marks were shattered, among them the classic one mile record that has stood for 25 years, and two others were equalled in a dazzling battle for individual titles that accompanied Southern California's one-sided team triumph.

Dean Cromwell's Trojans, picking up where they left off in 1935, had not the slightest trouble recapturing the team trophy. They tallied in 10 of the 15 events, nearly doubled the point score of their nearest rivals, Michigan State, and won the championship for the eighth time since 1929. All told Pacific coast colleges have won 15 of the 16 I. C. A. A. A. A. meets in which they have participated since 1921.

Southern California tallied 47 1-2 points, Michigan State 24 and the University of California 22 1-2 to make it 1-2-3 for the invading forces from the west. Pittsburgh, 1937 victor, led the eastern brigade by finishing fourth with 20 1-2 points. Manhattan was fifth with 15 points and Harvard sixth with 12 points.

Double triumphs for Long John Woodruff, Pittsburgh's great negro runner, and Michigan State's crack hurdler, Harvey Woodstra, shared the individual spotlight with the record-breaking mile victory of Edgar Howard Borck, slender Manhattan college star, as a series of amazingly fine performances was unfurled in the rain before scarcely 2,000 spectators huddled in the stands.

Borck, making his first start in the I. C. A. A. A. A. mile, came from behind with a beautifully-timed last-lap finish to beat Alex Northrop, Harvard's favorite, by 20 yards, and wipe out the classic record of 4:14.4 set by John Paul Jones of Cornell at Cambridge in 1913. Borck clipped a half-second from the long-standing mark, oldest on the meet's books, when he was clocked at 4:13.9.

The remaining two record-smashers were Delos Thurber, Southern California's Olympic high-jumper, and Joe Moclair, who added to Manhattan's laurels by a whirlwind dash to victory in the two-mile run.

Thurber cleared 6 feet, 6 5-8 inches to wipe out the former meet mark of 6 feet, 6 1-8 inches, set by George Epitz of New York university, in 1913.

Moclair came from behind with an unbeatable rush to lead two Michigan State rivals, Kenneth Waite and Richard Frey, to the finish of the distance race. His time of 9:21.2 erased the former record of 9.22, established in 1929 by James Reid of Harvard.

ACCIDENT TO CHIOZZA REVIVES TRADE TALK

CINCINNATI, June 4.—(AP)—An eye accident to Lou Chiozza, regular second baseman for the New York Giants, intensified gossip today that Manager Bill Terry would try to make a deal for Alex Kampouris of the Reds and plug the hole in his infield.

Just before the game, Chiozza picked up a bottle of wintergreen in the clubhouse instead of the eye wash solution he was reaching for. Prompt medical attention by a doctor summoned from the stands relieved the pain but Mickey Haslin subbed for Chiozza for the entire game.

The talk has been that Terry wanted to make a deal involving Kampouris and Wally Berger, substitute Giant outfielder who twice knocked the ball out of the park in batting practice. Deacon McKechnie of the Reds said he was killing to talk trade any time, but Terry made no overtures today.

BIG SIX LEAGUE TO START TODAY

Opening Games To Be Played At Calhoun, Clarks And Mer Rouge

The Big Six baseball league goes into action this afternoon with first games at Calhoun, Clarks and Mer Rouge and with each of the six teams forming the circuit scheduled to play 30 games in two half-periods.

The opening games will find Downsville at Calhoun, Chatham at Clarks and Bastrop at Mer Rouge. All games are slated to start at 3 o'clock.

Second games will be played Wednesday with Chatham at Downsville, Clarks at Bastrop and Mer Rouge at Calhoun. Games will be played twice each week on Sundays and Wednesdays.

The Big Six is an amateur league, featuring "home talent." The circuit, formerly the Little Six, which was organized for the first time last year, changed its name to Big Six at a recent meeting of team managers and league officials.

The league champion will be determined at the close of the season in a series between the winner of the first-half schedule and the winner of the second half. Teams finishing in a tie for first place in either half will be forced into playoffs for the right to meet in the championship series.

Team rosters are limited to 18 players, and such rosters must be furnished the league secretary within 10 days after the opening games. Professional baseball rules will be followed.

REVOLTA, COOPER LEAD K. C. FIELD

Johnny Birdies Last Two Holes To Tie Chicago Pro With Sub-par 68

KANSAS CITY, June 4.—(AP)—The birdies sang for black thatched Johnny Revolta of Milwaukee down the home stretch late today and he scored a sparkling 68, five under par, for the first 18 holes of Kansas City's 54-hole $5,000 open golf tournament to tie "Lighthorse" Harry Cooper.

Needing birdies on the last two holes to deadlock Cooper, whose putter twice sank eagles, Revolta came through like a champion. He sank an eight-footer on the final green to come in with a sizzling 32, four under par, after going out in 36.

HUBBELL ROUTED AS REDS WALLOP GIANTS

Cleveland Increases Lead By Whipping Senators, 11-4

ACE LEFTHANDER FAILS TO BREAK NEW YORK'S JINX

Cubs Draw Within Half Game Of Leaders As Result Of 11-2 Defeat

CINCINNATI, June 4.—(AP)—Even King Carl Hubbell, the old meal-ticket, couldn't stop the Giants' losing landslide today, and the New Yorkers had their National league lead cut to a slim half-game by dropping an 11 to 2 decision to the Reds.

Will McKechnie's rude Reds landed on King Carl early, piled up seven runs in the first four innings, belted him to the showers and then coasted in behind big Jim Weaver's classy five-hit flinging to stretch the Giants' losing streak to five straight.

It was the Hub's second defeat of the year, against six wins, and was only Weaver's second victory.

PIRATES WIN IN 11TH

PITTSBURGH, June 4.—(AP)—A tough break for Freddy Fitzsimmons proved a lucky one for the Pirates today, and the Bucs nosed out the Brooklyn Dodgers 4 to 3 in 11 innings.

Fitz hurt his hand in fielding a ball in the eighth, and had to retire, with the Dodgers leading 3-2.

His relief, Vito Tamulis and Tot Pressnell, both contributed to giving up the tying run in the ninth and then Pressnell was tagged for the losing tally in the second extra frame when Lee Handley contributed a "clutch" single with two out and two on base.

BAKERS PLAY SHREVEPORT SOFTBALL SQUAD TODAY

The Bakers, strong Twilight league softball team of Monroe, will clash with Kay's Kookies of Shreveport here this afternoon in a double header at the Missouri Pacific diamond, it was announced last night by Manager Bill Bennett of the Breadmen. The first game is slated to start at 2 o'clock.

The Kookies are reputedly one of the strongest softball aggregations in Shreveport, and the Bakers are expecting a couple of hard battles. Garner and Williams will pitch for the Breadmen and Roberts will catch.

INDIANS RALLY IN FOURTH AND SCORE 8 RUNS

Feller's Wildness Forces Him Out In Fourth And Galehouse Finishes

WASHINGTON, June 4.—(AP)—The league-leading Cleveland Indians walloped the Washington Senators 11 to 4 today.

Let down without a hit during the first 3 innings, the Indians hopped on Elon Hogsett in the fourth and scored 8 runs.

Bob Feller—who started for the Tribe—became wild as the game progressed and was lifted in the fourth with nobody out. Dennis Galehouse finished, receiving credit for the victory.

The Senators tried Weaver, Kelley, and finally rookie Joe Krakauskas—who pitched the last three innings, allowing no hits and fanning 3.

RED SOX TRIM TIGERS

BOSTON, June 4.—(AP)—Those old reliables, Lefty Grove and Jimmy Foxx, were just about the whole "works" today as the Red Sox trounced the Detroit Tigers, 5 to 3.

Grove, although tagged for ten hits, blanked the Tigers for eight innings and fanned nine in chalking up his ninth win.

Cummings Again Leads Cotton States Batters

Greenville Shortstop Boasts Mark Of .374; Sox First In Fielding

Bob Cummings, Greenville shortstop, continued to get his share of base blows last week and again tops Cotton States league hitters with a mark of .374. The averages include games of last Tuesday.

Cummings led his teammate, Cully Rikard, fleet outfielder, by 16 points, Rikard hitting .358 for 44 games, the same number credited to Cummings.

The Greenville club easily maintained its pace at the head of the team batting department with a mark of .286, while the Monroe club went to first place in team fielding. The White Sox had an average of .951, one point ahead of El Dorado in second place. Helena was second in team hitting with .276, but the Seaporters had to share the berth with the lowly Hot Springs Bathers, who boasted the same average.

Although he suffered his first defeat of the current campaign, "Chick" Galeria, veteran Greenville lefthander, still was the league's leading pitcher with eight victories and only one setback.

Bobby Schang was Monroe's only .300 hitter, the little catcher having a mark of .324. Both Manager "Red" Harvel and Fred Bennett dropped from the .300 class, the pilot slumping to .293 and Bennett dropping to .278.

Curt Fullerton was the club's best hurler with three victories and one defeat, with Al Bronkhurst next with four wins and six losses.

The averages follow:

The Baptists, standby of the Twilight softball league for several years despite the fact that they never won a championship, have folded up and withdrawn from the loop, it was officially announced last night by Mark Ringheim, league secretary, and the Baptists' place in the circuit will be taken over by Guy's Bus Line under the sponsorship of Guy Fossel.

J. J. Bamburg will manage Guy's team and is busy getting his squad together for its first game Tuesday with the St. Matthew's Ushers, and its second game with the City of Monroe, both teams being in the cellar division. Manager Bamburg, in his efforts to build a good team, stated he would consider accepting prospective players who would telephone him at either 3255 or 38.

CARDINAL ROOKIE ON HITTING SPREE

Slaughter Third In National Race, Behind Lavagetto And McCormick

NEW YORK, June 4.—(AP)—Cookie Lavagetto and Buck McCormick are still in the one-two spots in the National league batting race, but they'd better keep their eyes peeled for Enos Slaughter, the Cardinals' red-hot rookie.

Regaining the batting form that made him the American association champion last year and with which he started off this season at a fast pace, Slaughter got back into the thick of things during the past week, picked up 31 points to climb to a .354 average and skyrocketed into third place in the standings.

While he was traveling at a near .500 clip, collecting 15 hits in 31 official times at bat, Lavagetto, the Pittsburgh castoff who landed with Brooklyn, and McCormick, the classy Cincinnati rookie, were feeling the pressure of rival pitching skill. Lavagetto managed to hit safely only four times during the week ended with Friday's, games, and dropped 32 points to .361, although still leading the league. McCormick did a little better, but he, too, lost 25 points, sinking to .358.

This put Slaughter only four points out of second place and seven out of the loop lead.

While the young fellows were taking over the spotlight at the head of the pack, one "old timer," Chuck Klein, the Phillies' flailing veteran, also made a bid to get back among the select set. Chuck banged out 10 hits in 20 trips to the plate, boosted his average 30 points to .347, and wound up in a tie with Tony Lazzeri of the Cubs for sixth place in the league standings.

Between them and Salughter, in third, were Ernie Lombardi, Reds' catcher, fourth with .353, and Stan Hack, the Cubs' third sacker, fifth with .349. Others in the first 10 were Ducky Medwick of the Cardinals, eighth with .339; Jojo Moore, Giants, with .335, and Young Herschel Martin of the Phillies, with .333.

The league's other individual departments saw few changes among the leaders. Carl Hubbell, ace pitching veteran of the Giants, climbed into first place among the hurlers with six victories and one defeat, and Deacon Danny MacFayden of the Bees boosted himself into the second spot with five wins and one setback.

Ival Goodman added a share of the three-base hits lead to his home-run pace to rank as the league's leading slugger. The Reds' clouter collected one triple for the week and he and Johnny Miz of the Cards pulled up to a tie with Pittsburgh's Johnny Rizzo, each with five. Goodman not only retained the top spot in hitting homers, but increased his margin with 12 to eight for second place Mel Ott of the Giants.

Ott continued to lead in run-scoring, having counted 39 times, as compared to the 33 each for his nearest rivals, Hack and Billy Herman of the Cubs, and Goodman of the Reds. Ott also retained second place in driving in runs, with a total of one less than the 39 for the league-leading Augie Galan of the Cubs.

McCormick still had the leadership in base hits and doubles safe in Cincinnati. He had a record of 62 hits, four more than his nearest rivals, Slaughter of the Cards and Hack of the Cubs, and he had 15 doubles, one more than Herschel Martin of the Phillies.

Augie Galan took over sole possession of the pace in base stealing, with half a dozen for the season, while his teammate, Hack, was his closest opposition with five.

HODGE AT BROWN

With a revamped lineup, the Brown Paper mill Safety Firsts will tackle the last place Hodge Wa-Ha's at Brown park this afternoon with hopes of a stronger combination and a better chance at the first half crown which at the present is dangling almost in the grasp of the Ruston Volunteers.

Manager Herbert Steed will have a completely new outfield setup for this afternoon's game, it was announced, and the infield will see new faces.

Bill Priester, catcher for the Brownies two seasons ago, has returned to the local lineup and will catch in the place of Earl Duncan. The heavy-hitting Duncan will go to centerfield with the hope that his hitting will become even more consistent.

Jack Bagwell, another heavy hitter, who has been holding down first base for the locals, is being switched to right field, and Hartford Causey, outfielder, will take Bagwell's place at first. Moore will move away from third base to left field.

Truman Mayes, after an absence of two weeks from the local fold, has returned to hurl today's game.

The Brownies are four games out of first place and will have to win every remaining game to come anywhere near winning the first half flag race. Ruston, however, stands a chance to keep on winning and thus ruin any chance of either Brown or the second place Crossett Millers catching up.

MONROE PIRATES BEAT DOWNSVILLE TEAM, 11-9

The Monroe Pirates defeated Downsville, 11 to 9, in a free hitting baseball game Friday. The Pirates reached two Downsville hurlers for 15 hits, while the losers collected 11 hits off R. Wroten, local flinger, including a home run by Danna, Downsville catcher.

Hornets To Play Six Class A Opponents With Three Tilts At Home

RAYVILLE, La., June 4.—(Special)—The Rayville High school Hornets will tackle an eight game football schedule next fall, according to Coach John Whatley, but only three battles will be fought on the local gridiron.

The Hornets will meet six Class A opponents, all of whom will be nearer the locals' strength than any conference foes met in recent years. Two strong Class B teams complete the schedule. Farmerville and Jonesboro, both conference opponents, appear on the Rayville campaign list for the first time in several years.

Coach Whatley lost twelve lettermen through graduation, but six returning lettermen are left for the 1938 team. The team last year was one of the lightest in history of football here, but the coming team, although with less experience, will be much heavier.

The Hornets in the past few years have been opening their season in the first week of school when the majority of the players had not been able to attend workouts and round into shape. But the season will not open until October 7 this year, three weeks after the opening of school, and the team will be in much better condition to meet its foes.

Joe Pipes, veteran center, will captain the Hornets this season with L. B. Blackmon and Percell Green, backs, as alternate captain. Other lettermen available are Harold Cockran, tackle, Ottis Statham, end, and Emmitte Greer, back.

The schedule is as follows: Oct. 7: Delhi at Rayville; Oct. 14: Jonesboro at Jonesboro; Oct. 21: Mangham at Mangham; Oct. 28: Bastrop at Rayville; Nov. 4: Farmerville at Farmerville; Nov. 11: Newellton at Newellton; Nov. 18: Oak Grove at Rayville; Nov. 24: Tallulah at Tallulah.

HUBBELL ROUTED AS REDS WALLOP GIANTS

ACE LEFTHANDER FAILS TO BREAK NEW YORK'S JINX

Cubs Draw Within Half Game Of Leaders As Result Of 11-2 Defeat

CINCINNATI, June 4.—(AP)—Even King Carl Hubbell, the old meal-ticket, couldn't stop the Giants' losing landslide today, and the New Yorkers had their National league lead cut to a slim half-game by dropping an 11 to 2 decision to the Reds.

Will McKechnie's rude Reds landed on King Carl early, piled up seven runs in the first four innings, belted him to the showers and then coasted in behind big Jim Weaver's classy five-hit flinging to stretch the Giants' losing streak to five straight.

It was the Hub's second defeat of the year, against six wins, and was only Weaver's second victory.

PIRATES WIN IN 11TH

PITTSBURGH, June 4.—(AP)—A tough break for Freddy Fitzsimmons proved a lucky one for the Pirates today, and the Bucs nosed out the Brooklyn Dodgers 4 to 3 in 11 innings.

Fitz hurt his hand in fielding a ball in the eighth, and had to retire, with the Dodgers leading 3-2.

His relief, Vito Tamulis and Tot Pressnell, both contributed to giving up the tying run in the ninth and then Pressnell was tagged for the losing tally in the second extra frame when Lee Handley contributed a "clutch" single with two out and two on base.

According to the Government Health Bulletin No. E-28, at least 50% of the adult population of the United States are being attacked by the disease known as Athlete's Foot.

Usually the disease starts between the toes. Little watery blisters form, and the skin cracks and peels. After a while, the itching becomes intense, and you feel as though you would like to scratch off all the skin.

Beware of It Spreading

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen. The skin also cracks and peels, and the itching becomes worse and worse.

Get rid of this disease as quickly as possible, because it is very contagious, and it may go to your hands or even to the under arm or crotch of the legs.

Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary germicides, antiseptics, salves or ointments seldom do any good.

Here's How to Treat It

The germ that causes the disease is known as Tinea Trichophyton. It buries itself deep in the tissues of the skin and is very hard to kill. A test made shows it takes 20 minutes of boiling to kill the germ; so you can see why the ordinary remedies are unsuccessful.

H. F. was developed solely for the purpose of treating Athlete's Foot. It is a liquid that penetrates and dries quickly. You just paint the affected parts. It peels off the tissue of the skin where the germ breeds.

Itching Stops Immediately

As soon as you apply H. F. you will find that the itching is immediately relieved. You should paint the infected part with H. F. night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

H. F. will leave the skin soft and smooth. You will marvel at the quick way it brings you relief; especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

Feller's Wildness Forces Him Out In Fourth And Galehouse Finishes

WASHINGTON, June 4.—(AP)—The league-leading Cleveland Indians walloped the Washington Senators 11 to 4 today.

Let down without a hit during the first 3 innings, the Indians hopped on Elon Hogsett in the fourth and scored 8 runs.

Bob Feller—who started for the Tribe—became wild as the game progressed and was lifted in the fourth with nobody out. Dennis Galehouse finished, receiving credit for the victory.

The Senators tried Weaver, Kelley, and finally rookie Joe Krakauskas—who pitched the last three innings, allowing no hits and fanning 3.

Cummings Again Leads Cotton States Batters

Greenville Shortstop Boasts Mark Of .374; Sox First In Fielding

Bob Cummings, Greenville shortstop, continued to get his share of base blows last week and again tops Cotton States league hitters with a mark of .374. The averages include games of last Tuesday.

Cummings led his teammate, Cully Rikard, fleet outfielder, by 16 points, Rikard hitting .358 for 44 games, the same number credited to Cummings.

The Greenville club easily maintained its pace at the head of the team batting department with a mark of .286, while the Monroe club went to first place in team fielding. The White Sox had an average of .951, one point ahead of El Dorado in second place. Helena was second in team hitting with .276, but the Seaporters had to share the berth with the lowly Hot Springs Bathers, who boasted the same average.

Although he suffered his first defeat of the current campaign, "Chick" Galeria, veteran Greenville lefthander, still was the league's leading pitcher with eight victories and only one setback.

Bobby Schang was Monroe's only .300 hitter, the little catcher having a mark of .324. Both Manager "Red" Harvel and Fred Bennett dropped from the .300 class, the pilot slumping to .293 and Bennett dropping to .278.

Curt Fullerton was the club's best hurler with three victories and one defeat, with Al Bronkhurst next with four wins and six losses.

The Baptists, standby of the Twilight softball league for several years despite the fact that they never won a championship, have folded up and withdrawn from the loop, it was officially announced last night by Mark Ringheim, league secretary, and the Baptists' place in the circuit will be taken over by Guy's Bus Line under the sponsorship of Guy Feazel.

J. J. Bamburg will manage Guy's team and is busy getting his squad together for its first game Tuesday with the St. Matthew's Ushers, and its second game with the City of Monroe, both teams being in the cellar division. Manager Bamburg, in his efforts to build a good team, stated he would consider accepting prospective players who would telephone him at either 3255 or 38.

CARDINAL ROOKIE ON HITTING SPREE

Slaughter Third In National Race, Behind Lavagetto And McCormick

NEW YORK, June 4.—(AP)—Cookie Lavagetto and Buck McCormick are still in the one-two spots in the National league batting race, but they'd better keep their eyes peeled for Enos Slaughter, the Cardinals' red-hot rookie.

Regaining the batting form that made him the American association champion last year and with which he started off this season at a fast pace, Slaughter got back into the thick of things during the past week, picked up 31 points to climb to a .354 average and skyrocketed into third place in the standings.

While he was traveling at a near .500 clip, collecting 15 hits in 31 official times at bat, Lavagetto, the Pittsburgh castoff who landed with Brooklyn, and McCormick, the classy Cincinnati rookie, were feeling the pressure of rival pitching skill. Lavagetto managed to hit safely only four times during the week ended with Friday's, games, and dropped 32 points to .361, although still leading the league. McCormick did a little better, but he, too, lost 25 points, sinking to .358.

This put Slaughter only four points out of second place and seven out of the loop lead.

While the young fellows were taking over the spotlight at the head of the pack, one "old timer," Chuck Klein, the Phillies' flailing veteran, also made a bid to get back among the select set. Chuck banged out 10 hits in 20 trips to the plate, boosted his average 30 points to .347, and wound up in a tie with Tony Lazzeri of the Cubs for sixth place in the league standings.

Between them and Salughter, in third, were Ernie Lombardi, Reds' catcher, fourth with .353, and Stan Hack, the Cubs' third sacker, fifth with .349. Others in the first 10 were Ducky Medwick of the Cardinals, eighth with .339; Jojo Moore, Giants, with .335, and Young Herschel Martin of the Phillies, with .333.

The league's other individual departments saw few changes among the leaders. Carl Hubbell, ace pitching veteran of the Giants, climbed into first place among the hurlers with six victories and one defeat, and Deacon Danny MacFayden of the Bees boosted himself into the second spot with five wins and one setback.

Ival Goodman added a share of the three-base hits lead to his home-run pace to rank as the league's leading slugger. The Reds' clouter collected one triple for the week and he and Johnny Miz of the Cards pulled up to a tie with Pittsburgh's Johnny Rizzo, each with five. Goodman not only retained the top spot in hitting homers, but increased his margin with 12 to eight for second place Mel Ott of the Giants.

Ott continued to lead in run-scoring, having counted 39 times, as compared to the 33 each for his nearest rivals, Hack and Billy Herman of the Cubs, and Goodman of the Reds. Ott also retained second place in driving in runs, with a total of one less than the 39 for the league-leading Augie Galan of the Cubs.

McCormick still had the leadership in base hits and doubles safe in Cincinnati. He had a record of 62 hits, four more than his nearest rivals, Slaughter of the Cards and Hack of the Cubs, and he had 15 doubles, one more than Herschel Martin of the Phillies.

Augie Galan took over sole possession of the pace in base stealing, with half a dozen for the season, while his teammate, Hack, was his closest opposition with five.

HODGE AT BROWN

With a revamped lineup, the Brown Paper mill Safety Firsts will tackle the last place Hodge Wa-Ha's at Brown park this afternoon with hopes of a stronger combination and a better chance at the first half crown which at the present is dangling almost in the grasp of the Ruston Volunteers.

Manager Herbert Steed will have a completely new outfield setup for this afternoon's game, it was announced, and the infield will see new faces.

Bill Priester, catcher for the Brownies two seasons ago, has returned to the local lineup and will catch in the place of Earl Duncan. The heavy-hitting Duncan will go to centerfield with the hope that his hitting will become even more consistent.

Jack Bagwell, another heavy hitter, who has been holding down first base for the locals, is being switched to right field, and Hartford Causey, outfielder, will take Bagwell's place at first. Moore will move away from third base to left field.

Truman Mayes, after an absence of two weeks from the local fold, has returned to hurl today's game.

The Brownies are four games out of first place and will have to win every remaining game to come anywhere near winning the first half flag race. Ruston, however, stands a chance to keep on winning and thus ruin any chance of either Brown or the second place Crossett Millers catching up.

MONROE PIRATES BEAT DOWNSVILLE TEAM, 11-9

The Monroe Pirates defeated Downsville, 11 to 9, in a free hitting baseball game Friday. The Pirates reached two Downsville hurlers for 15 hits, while the losers collected 11 hits off R. Wroten, local flinger, including a home run by Danna, Downsville catcher.

Hornets To Play Six Class A Opponents With Three Tilts At Home

RAYVILLE, La., June 4.—(Special)—The Rayville High school Hornets will tackle an eight game football schedule next fall, according to Coach John Whatley, but only three battles will be fought on the local gridiron.

The Hornets will meet six Class A opponents, all of whom will be neare the locals' strength than any conference foes met in recent years. Tw strong Class B teams complete th schedule. Farmerville and Jonesboro both conference opponents, appear o the Rayville campaign list for the fir time in several years.

Coach Whatley lost twelve letterme through graduation, but six returnin lettermen are left for the 1938 tea The team last year was one of th lightest in history of football here, b the coming team, although with le experience, will be much heavier.

The Hornets in the past few yea have been opening their season in t first week of school when the m jority of the players had not been ab to attend workouts and round i shape. But the season will not op until October 7 this year, three wee after the opening of school, and t team will be in much better conditi to meet its foes.

Joe Pipes, veteran center, will ca tain the Hornets this season with B. Blackmon and Percell Gre backs, as alternate captain. Other l termen available are Harold Cockr tackle, Ottis Statham, end, and E mitte Greer, back.

The schedule is as follows: Oct Delhi at Rayville; Oct. 14: Jonesb at Jonesboro; Oct. 21: Mangham Mangham; Oct. 28: Bastrop at F ville; Nov. 4: Farmerville at Fa erville; Nov. 11: Newellton at New ton; Nov. 18: Oak Grove at Rayv Nov. 24: Tallulah at Tallulah.

BRITISH WIN WALKER CUP FOR FIRST TIME

ENGLAND'S TEAM WHIPS AMERICANS BY 7 TO 4 SCORE

U. S. Draws Even During Play But Late Rally Routs Yankee Squad

By Scotty Reston

ST. ANDREWS, Scotland, June 4.—(AP)—An ancient St. Andrews caddie, his blue eyes swimming with tears, carried America's Walker Cup into the historic front room of the Royal and Ancient golf club tonight and set it up triumphantly under the portrait of old Tom Morris, almost legendary figure in the annals of British golf.

For sixteen years Great Britain had tried to win the trophy. Three times it had visited this old gray clubhouse and gone home again. But today Britain won it, 7 matches to 4, and the old man carrying it through a cheering crowd of 10,000 was proud as he was happy.

The facts of this victory—and it was a decisive victory—can be dismissed summarily.

The British led at the end of Scotch foursome play yesterday by 2 to 1, having halved the other match.

Marvin (Bud) Ward of Olympia, Wash., squared it today by playing 25 holes in five under par to beat Frank Pennink, English amateur champion in 1937 and 1938, 12 to 11. Scotland's Hector Thomson thumped what was only a strange shadow of Johnny Goodman, 6 to 4, but irrepressible Charley Yates, who won the British amateur just a week ago, came back with a 2 and 1 victory over Jim Bruen, 18-year-old Irish prodigy, to tie it up again at 3 and 3.

Then, for a brief and brilliant period, the United States led at 4 to 3 as Johnny Fischer, playing one of the most heroic games of his life, reeled off sixteen holes in six under 4's to make up a four-hole deficit and beat a much astonished Leonard Crawley, 3 and 2.

After that, however, America's resistance collapsed. Reynolds Smith lost six of the first nine holes on the afternoon round to go down before Scottish Gordon Peters, 9 to 8; Charles Stowe, a surprise winner, came from behind to nip Charles (Chuck) Kocsis, 2 and 1, and Alex Kyle's 5 and 4 victory over slim Fred Haas, Jr., ended the struggle.

Cecil Ewing's splendid one-up triumph over Ray Billows, which brought the final count to 7 to 4, was overlooked in the rush to see Britain at last get the trophy.

The presentation ceremony, made in front of the clubhouse with the great galley of 10,000 spilling down over the first tee and onto the eighteenth green of the old course, really was historic.

When Francis Ouimet, the U. S. team captain, got up, there was no way to quiet this crowd. The Britons like him and they show it every chance they get.

He told them of his sincere happiness over their winning the cup and, when he sat down, they called for Yates. This boy, by his infectious good nature, has won their hearts. He took their championship and beat their newest star today, but when he got up all he had to do was smile to make them roar.

When they calmed down, Charley did a beautiful, spontaneous thing. He said, "Let's everybody sing a little song here." The crowd laughed and Yates started singing an old Scottish air. In a minute entire crowd was folllowing him.

That was the end, and a fitting end to the day's work.

Brightest spot on the American side of the picture, in addition to the victories by Yates, who hung on to beat Bruen, and Fischer, who came back to down Crawley, was the brilliant scoring of Ward.

The Pacific coast youngster, rated by British critics the weakest member of the U. S. team and regarded a certain loser to Pennink, started off with an out-going 32 in the morning that was four under par and left him six up. He came back in 35, two under par, winning four more holes to be 9 up; picked up after lunch with the same deadly accuracy on the greens, and didn't lose a hole of the 25 the match lasted.

His 67 was one stroke better than Bobby Jones' amateur course record and, though match play scores usually are not accepted as records, this one deserved to be since Pennink made the young westerner hole every putt. Ward's 12 and 11 margin has been bettered just once and equalled once in nine previous matches—bettered by Jones, who beat Phil Perkins, 13 and 12, in 1928, and equalled by Jones, against Cyril Tolley in 1926.

'PORTERS POUND PAIR OF HURLERS

The Hot Springs Bathers took another dive Saturday night. The Greenville Buckshots pushed them deeper into the Cotton States league cellar by winning the ball game, 3 to 2.

Spears went the route for the Bathers, allowing nine hits while his mates were garnering seven off three Buck hurlers. And that was the end of the story. The Bathers put up a fight but lacked the power to land right side up.

Meanwhile Clarksdale clung to second place by teaching the El Dorado Lions an 8-to-1 lesson. Harris held the third-place Lions to six hits while his mates, at no time in danger, were having a happy time benefiting by four lion errors.

Pine Bluff, trailing Greenwood by two runs going into the final inning, put on a rally to come out on the sunny side of the score, 4 to 3. Both teams called on a pair of hurlers and both made nine hits apiece but the Dodgers knocked themselves on the head with four errors.

INDIAN BROOM DEFEATS STABLEMATE WHICHCEE

SAN FRANCISCO, June 4.—(AP)—Indian Broom won the $15,000 added Marchbank handicap today, defeating his stablemate, Whichcee, by a nose in a photo-finish in the closing program of the Tanforan spring meeting. Star Shadow, the favorite, was third.

The time for the one mile and a furlong was 1:49 2-5. The victory was Indian Broom's second in three runnings of the Marchbank handicap. Indian Broom won the event in 1936, establishing a track record of 1:47 3-5.

The entry, owned by Austin C. Taylor of Vancouver, paid $5.80, $6.40 and $3.40, and Star Shadow returned $3.00. The victory was worth $11,900 to Indian Broom's owner.

Whichcee went to the front from the gate but at the far turn Indian Broom came up from the outside under the urging of Jockey Tim Sena of Denver, to run neck and neck with Whichcee in the stretch.

The finish was so close many observers believed it was a dead heat.

EVANGELINE LEAGUE

(By Associated Press)

The Rayne Rice Birds helped themselves up the Evangeline league ladder Saturday by trouncing the Lake Charles Skippers, 10 to 9. Trailing by three runs when they reached the ninth inning, the Birds cut loose with four runs in that frame and then held the Skippers spellbound.

By the victory the Birds moved up from fourth to third place. But the Skips took a toboggan from second to fourth.

Just to juggle the figures a little, the Lafayette White Sox moved up from the No. 3 spot to second place by trimming Alexandria, 3 to 1. McDonald, Sox hurler, allowed eight hits. Except for the fifth inning, when the Aces squeezed in one run, McDonald kept the hits against him well scattered.

Not discouraged by their cellar position, the Jeanerette Blues poked out a 4 to 1 win over the Opelousas Indians. Neither changed places in the league standings but they made two bobbles apiece in the field in a game that was never tight.

The Abbeville Athletics, still on top of the Evangeline heap, made their position a little more secure by drubbing seventh-place New Iberia, 6 to 2. The Cardinals scored first—in their half of the fourth frame—but the Athletics came back with a single tally and from there on they won in a breeze.

The PAYOFF

By Harry Grayson
(NEA Service Sports Editor)

Donald Budge is the leader in singles, and probably in doubles with Gene Mako. There's no question about that.

That leaves the remaining singles on the 1938 American Davis Cup team open to Sidney B. Wood, Jr., and Wilmer Allison.

The younger candidates are Bobby Riggs, Joseph R. Hunt, Frank Kovacs, and Elwood T. Cooke.

Wood has shown in other years that he is capable of everything on a tennis court.

On his game, this seasoned performer, who was a star at 15, easily might prove the outstanding victor against the Australians or whoever may be the challengers. Wood has a gift for out-thinking opponents, for bringing off the unexpected. Until Budge came along in full stride, Bill Tilden insisted that the erstwhile darling of Seabright was the finest of the American lot.

Wood was the youngest player ever to win a major championship when he was all-England champion in 1931 at the age of 19. He was ranked by all critics in the world's first 10 in spite of giving less than half of the time to the game that the others do, as well as being the youngest player so ranked at the time.

At Wood's age, Henri Cochet and Jean Borotra used to get themselves beaten by three Hawaiians or anybody else who happened along, but that did not induce Pop Gillou, who put the French Davis Cup teams over, to throw them off the squad.

To bracket Sidney B. Wood, Jr., with Allison and John Van Ryn as veterans who have passed their peak is idiotic.

Wood has entered major tournaments and he has the urge.

And the second singles player to Donald Budge will be named solely on merit.

Yanks Still Club To Beat For Flag

Regardless of what happens within the next several weeks, the New York Yankees are the club the others will be trying to beat in the American league all the way to the October wire.

When Cleveland, Washington, Boston, or Detroit loses, and the Ruppert Rifles are repelled as well, the managers of the aforementioned clubs breathe easier. When it's the other way around, they're tough.

"The strongest team we've faced," says Joe Cronin of the Red Sox, "has been the Yankees.

"But there's been one encouraging sign: the Yankees, like every other team in the league, have looked pretty bad on the road. If some of the western teams coming into Yankee Stadium can knock them off, the race will look very much like a typical National league affair, with four or five teams involved.

"This year the American has been very much of a home league. Every team has done better in its own park than on the road. Look at Cleveland. That outfit didn't make much of an impression in the east. Everybody said, 'The same old Indians.' But when they got back home they looked like world beaters.

"Cleveland looked like the second best club we've faced.

"Detroit? Well, when we took them on Greenberg and York were still in a slump.

"Cleveland looked better because it was getting much more effective pitching."

The only way to stop Henry Armstrong is to have him arrested.

GERMAN SEEMS IN BEST SHAPE FOR TITLE BOUT

Gould Says Fight May Be Sensation Or A Dull, Cautious Battle

(EDITOR'S NOTE: Alan Gould, general sports editor of the Associated Press and one of the leading sports authorities of the country, in the following story discusses the strong and weak points of Joe Louis, the world's heavyweight champion, and Max Schmeling, former champion who holds a knockout victory over the negro, and delves into interesting motives and background of the principals in the approaching title battle. In next Sunday's World, Gayle Talbot, Associated Press sports writer now at the training camps of the two fighters, will tell how the bout will probably be fought.)

By Alan Gould

NEW YORK, June 4—(AP)—Maximilian Otto Siegfried Schmeling, the German with a pugilistic purpose, not only is well-informed on the history of the prize ring but plans to add a brand new chapter to it on the evening of June 22, when he faces the dusky champion, Joe Louis, in the most widely-discussed match for the world heavyweight title since Gene Tunney retired ten years ago.

Schmeling plans to become the first fighter to regain the heavyweight crown, which he originally won by official New York edict, on a foul, in a 1930 match with Jack Sharkey to decide Tunney's successor and lost, in 1932, to the same antagonist.

The German, as everyone knows, knocked out Louis in 12 rounds just two years ago and on the spot chosen for their return match. The negro was not the champion then. Jim Braddock wore the crown and Schmeling figured to get the first crack at it. But subsequent maneuvers led to the title shot for Louis, who knocked out Braddock at Chicago last June.

From all angles the fight involves an international argument that has fans sharply divided and the experts more cautious than they have been in years.

You can start a debate anywhere, on main street or Broadway, as to (a) whether Schmeling, after two years, can repeat his sensational conquest of the negro, or (b) whether Louis, with added experience and greater two-fisted hitting power, will turn the tables on his rival.

Assuming that both gladiators will step into the ring in first-class fighting condition, there is sound logic for figuring about equal chances of victory, without hedging.

Let's examine the case for Schmeling first.

The German was generally rated a has-been when matched with Louis two years ago. He had been stopped by Max Baer after losing the heavyweight title. He had been beaten, too, by Steve Hamas.

But he fought himself back into condition and climaxed his return to form by masterful execution of Louis, who was unbeaten up to that memorable occasion and considered unbeatable by most experts.

It seems clear now that Schmeling is the type of athlete, common to many European countries but rare in the United States, who ripens for competition in his early 30's. Max is 32 now but appears at his physical peak.

Moreover, he has patriotic as well as personal objectives. Inspiration is more commonly associated in this country with college football than professional pugilism but it is a fact, not to be lightly disregarded, that Schmeling is fighting to regain the heavyweight crown for the athletic honor of Germany as well as for the personal satisfaction involved.

Schmeling's fistic equipment still features a deadly accurate right hand. It paralyzed Louis once and may do so again, notwithstanding all defensive precautions taken by the negro and his handlers. It's the "sucker punch," in ring parlance, but it's the weapon upon which the German will rely.

He seldom shoots with it until he feels reasonably certain of hitting the target. He is cautious, otherwise; a weaving, methodical ringman who takes few chances and prefers to wait.

He can take it, too.

Against so impressive a case for Schmeling, what has Louis to offer by way of rebuttal?

Two years of additional experience. Two years in which Joe has gained greater poise as well as the championship. Two years in which he has, at least, had every reasonable chance to learn the lessons of his defeat at the German's hands.

Louis unquestionably was over-confident and under-trained for his first match with Schmeling.

He had been labeled a "superman" after he knocked out Max Baer in a million-dollar fight show. He became a bridegroom the same night. He did not fight for five months prior to meeting the German. He was a prohibitive betting favorite and probably was convinced, like the experts, that he was a "cinch."

If it's granted, however, that Louis won't make the same mistakes, that he will be a better fighting man and in better condition, what of the mental hazard, namely the knowledge he will be up against the man who put him down and out?

The answer to that is that Louis, like Schmeling, is fired by strong personal motives.

Joe is imbued with a desire for revenge. He's the champion now, idol of his race, and he's anxious to furnish conclusive proof that he belongs on top of the heavyweight heap.

Finally the salient fact remains that Louis is the better two-fisted fighter. His left hand, even when he is jabbing with it, is an offensive weapon.

He is, like Schmeling, methodical in the ring.

Because he is a better boxer than the German it appears he can afford to wait and, in effect, force the challenger to take the offensive. The negro's chief weakness is a tendency to lose his poise too quickly, when hurt, but he can take it. He was knocked down in the fourth round by Schmeling but not knocked out until the twelfth.

Louis is a better finisher. If he finds the range he can end the fight quickly but he isn't likely to run the risk of being tagged by Max's lethal right hand any sooner than it can be avoided.

All things considered the bout can be what the customers hope for, another sensation, or it can drag through 15 dull, cautious rounds.

GOLFERS ARRIVING FOR NATIONAL OPEN

DENVER, June 4—(AP)—Just one week from today that big shiny cup will be handed to the 1938 National Open champion. He'll be smiling and relaxed, as he should be.

But from now until then, it appears there will be little smiling and relaxing on Cherry Hills' receptive stretches.

Already a dozen or more contenders for golf's most glittering prize have tested Cherry Hills' par 71.

Defending Champion Ralph Guldahl of Madison, N. J., after two vain attempts to catch up with par, said "286 will be good enough to win."

Talking over the course with another contestant, Guldahl commented with a rueful smile, "It looks a kind of tough break for me."

Only one player—Bobby Jones—in the modern era of golf has won the championship twice in succession.

To other early arrivals—Henry Picard of Hershey, Pa.; Olin Dutra of Los Angeles, 1934 champion; Dick Metz, Lake Forest, Ill.; Jimmy Hines of Great Neck, L. I., and Ky Laffoon of Chicago—the toughness of the course came as something of a jolt.

Laffoon, a professional several years ago at Green Gables near Denver and familiar with the mile-high country's changeable June weather, pointed out that would be another factor.

OWEN ANDERSON REACHES THIRD ROUND AT AUTEUIL

AUTEUIL, France, June 4—(AP)—Owen Anderson of Hollywood, Calif., today reached the third round of men's singles in the French hard court tennis championships by defeating aging Jacques Brugnon, once a member of France's famous "Four Musketeers" of Davis Cup fame, 7-5, 4-6, 6-1, 6-4.

Anderson, ranked No. 6 by the southern California section of the United States Lawn Tennis association, has been playing well on the continent. He defeated Henner Henkel, German Davis Cup stalwart, in a recent tournament, and in his first-round match on Thursday turned back Pierre Pelizza, French Davis Cupper, in straight sets.

Another American, William Thomson, was beaten, 6-0, 6-2, 6-0, in a first-round match by Demeter Mitic of the Yugoslavian cup team.

PASTEURIZED WINS BELMONT STAKES

Dauber, Held At 1 To 3, Loses By Half-Length To 'Outsider'

NEW YORK, June 4—(AP)—The three-year-old championship picture was turned topsy turvy today when Dauber, winner of the Preakness and second in the Kentucky Derby, bowed to the flying hooves of Mrs. W. Plunket Stewart's Pasteurized in the 70th running of the classic Belmont Stakes.

Dauber, flying the silks of William duPont, Jr.'s, Foxcatcher farms, was considered such a "sure thing" that he was held to 1 to 3 to whip five others of his age. However, the end of the mile and a half found him a half-length back of Pasteurized, a son of Milkman, which was not considered good enough to start in either of the first two races comprising America's triple crown.

Townsend B. Martin's Cravat, second in the Preakness but seven lengths back, trailed by another length in third place as Pasteurized reeled off the distance in 2:29 2-5 in a light rain. Despite the rain, the track was fast and Pasteurized's time was only four-fifths of a second short of the track record hung up by War Admiral in winning the Stakes a year ago.

Pasteurized had finished in the money in six of his seven previous races this year and had won the last outing by six lengths against class "B" horses. Yet he was considered no better than 8 to 1 to whip Dauber, which is scheduled to be shipped west to meet Lawrin, Kentucky Derby winner, in a $50,000 three-year-old "championship race" at the new Inglewood, Calif., track. The purse of $34,530 boosted Pasteurized's earnings for 1938 to $38,405.

Maurice (Moose) Peters lodged a claim of foul against Jimmy Stout who was up on Pasteurized, and it was several minutes before the crowd of 20,000 knew whether he would be awarded the purse. Peters claimed Pasteurized carried Dauber wide from the head of the stretch to the finish line. It looked that way from the press box but the judges failed to agree with the little Brantford, N. D., jockey.

There was only an eighth of a mile to go when Pasteurized and Dauber, racing far out in the middle of the track, passed Cravat, which was on the rail. With Stout and Peters plying their whips vigorously, the Preakness winner and the outsider battled it out.

Cravat easily held third money with Jolly Tar, a son of Man o' War from Walter M. Jeffords' stable, six lengths behind. Then came the early pace setters—Magic Hour and Gentle Savage.

BRITISH WIN WALKER CUP FOR FIRST TIME

ENGLAND'S TEAM WHIPS AMERICANS BY 7 TO 4 SCORE

U. S. Draws Even During Play But Late Rally Routs Yankee Squad

By Scotty Reston

ST. ANDREWS, Scotland, June 4.—(AP)—An ancient St. Andrews caddie, his blue eyes swimming with tears, carried America's Walker Cup into the historic front room of the Royal and Ancient golf club tonight and set it up triumphantly under the portrait of old Tom Morris, almost legendary figure in the annals of British golf.

For sixteen years Great Britain had tried to win the trophy. Three times it had visited this old gray clubhouse and gone home again. But today Britain won it, 7 matches to 4, and the old man carrying it through a cheering crowd of 10,000 was proud as he was happy.

The facts of this victory—and it was a decisive victory—can be dismissed summarily.

The British led at the end of Scotch foursome play yesterday by 2 to 1, having halved the other match.

Marvin (Bud) Ward of Olympia, Wash., squared it today by playing 25 holes in five under par to beat Frank Pennink, English amateur champion in 1937 and 1938, 12 to 11. Scotland's Hector Thomson thumped what was only a strange shadow of Johnny Goodman, 6 to 4, but irrepressible Charley Yates, who won the British amateur just a week ago, came back with a 2 and 1 victory over Jim Bruen, 18-year-old Irish prodigy, to tie it up again at 3 and 3.

Then, for a brief and brilliant period, the United States led at 4 to 3 as Johnny Fischer, playing one of the most heroic games of his life, reeled off sixteen holes in six under 4's to make up a four-hole deficit and beat a much astonished Leonard Crawley, 3 and 2.

After that, however, America's resistance collapsed. Reynolds Smith lost six of the first nine holes on the afternoon round to go down before Scottish Gordon Peters, 9 to 8; Charles Stowe, a surprise winner, came from behind to nip Charles (Chuck) Kocsis, 2 and 1, and Alex Kyle's 5 and 4 victory over slim Fred Haas, Jr., ended the struggle.

Cecil Ewing's splendid one-up triumph over Ray Billows, which brought the final count to 7 to 4, was overlooked in the rush to see Britain at last get the trophy.

The presentation ceremony, made in front of the clubhouse with the great galley of 10,000 spilling down over the first tee and onto the eighteenth green of the old course, really was historic.

When Francis Ouimet, the U. S. team captain, got up, there was no way to quiet this crowd. The Britons like him and they show it every chance they get.

He told them of his sincere happiness over their winning the cup and, when he sat down, they called for Yates. This boy, by his infectious good nature, has won their hearts. He took their championship and beat their newest star today, but when he got up all he had to do was smile to make them roar.

When they calmed down, Charley did a beautiful, spontaneous thing. He said, "Let's everybody sing a little song here." The crowd laughed and Yates started singing an old Scottish air. In a minute entire crowd was folllowing him.

That was the end, and a fitting end to the day's work.

Brightest spot on the American side of the picture, in addition to the victories by Yates, who hung on to beat Bruen, and Fischer, who came back to down Crawley, was the brilliant scoring of Ward.

The Pacific coast youngster, rated by British critics the weakest member of the U. S. team and regarded a certain loser to Pennink, started off with an out-going 32 in the morning that was four under par and left him six up. He came back in 35, two under par, winning four more holes to be 9 up; picked up after lunch with the same deadly accuracy on the greens, and didn't lose a hole of the 25 the match lasted.

His 67 was one stroke better than Bobby Jones' amateur course record and, though match play scores usually are not accepted as records, this one deserved to be since Pennink made the young westerner hole every putt. Ward's 12 and 11 margin has been bettered just once and equalled once in nine previous matches—bettered by Jones, who beat Phil Perkins, 13 and 12, in 1928, and equalled by Jones, against Cyril Tolley in 1926.

The Hot Springs Bathers took another dive Saturday night. The Greenville Buckshots pushed them deeper into the Cotton States league cellar by winning the ball game, 3 to 2.

Spears went the route for the Bathers, allowing nine hits while his mates were garnering seven off three Buck hurlers. And that was the end of the story. The Bathers put up a fight but lacked the power to land right side up.

Meanwhile Clarksdale clung to second place by teaching the El Dorado Lions an 8-to-1 lesson. Harris held the third-place Lions to six hits while his mates, at no time in danger, were having a happy time benefiting by four lion errors.

Pine Bluff, trailing Greenwood by two runs going into the final inning, put on a rally to come out on the sunny side of the score, 4 to 3. Both teams called on a pair of hurlers and both made nine hits apiece but the Dodgers knocked themselves on the head with four errors.

INDIAN BROOM DEFEATS STABLEMATE WHICHCEE

SAN FRANCISCO, June 4.—(AP)—Indian Broom won the $15,000 added Marchbank handicap today, defeating his stablemate, Whichcee, by a nose in a photo-finish in the closing program of the Tanforan spring meeting. Star Shadow, the favorite, was third.

The time for the one mile and a furlong was 1:49 2-5. The victory was Indian Broom's second in three runnings of the Marchbank handicap. Indian Broom won the event in 1936, establishing a track record of 1:47 3-5.

The entry, owned by Austin C. Taylor of Vancouver, paid $5.80, $6.40 and $3.40, and Star Shadow returned $3.00. The victory was worth $11,900 to Indian Broom's owner.

Whichcee went to the front from the gate but at the far turn Indian Broom came up from the outside under the urging of Jockey Tim Sena of Denver, to run neck and neck with Whichcee in the stretch.

The finish was so close many observers believed it was a dead heat.

EVANGELINE LEAGUE

(By Associated Press)

The Rayne Rice Birds helped themselves up the Evangeline league ladder Saturday by trouncing the Lake Charles Skippers, 10 to 9. Trailing by three runs when they reached the ninth inning, the Birds cut loose with four runs in that frame and then held the Skippers spellbound.

By the victory the Birds moved up from fourth to third place. But the Skips took a toboggan from second to fourth.

Just to juggle the figures a little, the Lafayette White Sox moved up from the No. 3 spot to second place by trimming Alexandria, 3 to 1. McDonald, Sox hurler, allowed eight hits. Except for the fifth inning, when the Aces squeezed in one run, McDonald kept the hits against him well scattered.

Not discouraged by their cellar position, the Jeanerette Blues poked out a 4 to 1 win over the Opelousas Indians. Neither changed places in the league standings but they made two bobbles apiece in the field in a game that was never tight.

The Abbeville Athletics, still on top of the Evangeline heap, made their position a little more secure by drubbing seventh-place New Iberia, 6 to 2. The Cardinals scored first—in their half of the fourth frame—but the Athletics came back with a single tally and from there on they won in a breeze.

SPORTS ROUNDUP

By Eddie Brietz

NEW YORK, June 4.—(AP)—Just a year ago yesterday Max Schmeling fought his shadow in the famous "phantom fight" in the Long Island bowl. . . . "Schoolboy" Rowe may return to the Tigers as an outfielder if the Houston sun fails to bake out his sore arm. . . . Tony Galento is writing newspapers offering to cover the Louis-Schmeling fight without benefit of ghosts. . . . Joe McCarthy will part with $40,000 to get Buck Newsom of the Browns on the Yankee payroll before June 15. . . . Jimmy Braddock's piece in the current Liberty rates at least three stars. . . . Notre Dame is having its 40th winning season in 47 years of baseball.

Note to Max Schmeling: Gene Tunney popped into Pompton Lakes the other day and gave Joe Louis a private lesson on how to trim you. . . . When Gene visits speculator soon make him reverse it. . . . The Broadway boys are laying for a Canadian horse named Tackman, due in the finale at Belmont today or at Aqueduct next week.

Those wolves at the Yankee stadium have Joe DiMaggio down. . . . It's a shame the way they give the guy the razzberry. . . . He can't even tie his shoelaces that he isn't greeted with a chorus of boos. . . . You could tell the difference yesterday. . . . It was ladies day and half the customers were women. . . . They cheered Joe all along and the box score shows a homer and a single. . . . Denver's high altitude may handicap some of the eastern golfers in the National Open next week.

If Tony Galento gets past John Henry Lewis in Philadelphia, he'll be in line for a late summer shot with Tommy Farr here. . . . Tony is getting so fat that when he is introduced from the ring the announcers say "this are Galento." . . . Jake Powell of the Yanks, who clawed up Joe Cronin's face earlier in the week, has been reinstated and is out of the doghouse. . . . Noble Kizer, ill for a year, will return to his job as athletic director at Purdue September 1. . . . Sammy Goldman, who guided Pete Herman and Tony Canzoneri to world's titles, has a heavyweight named Jimmy Robinson in town.

Max Schmeling is toughening up his left against a sparring partner who wears an iron mask. . . . Bronko Nagurski, this author's classmate in the Liars' club of the International Falls (Minn.) Daily Journal, has the distinction of being the only wrestler mentioned in Bang's new boxing record. . . . Let's give 'em the old college yell, Bronko. . . . Coach Elmer Layden of Notre Dame is moaning right out loud because he loses 26 men—nine of them regulars—from the Irish squad this year.

BIGGEST CORN CARGO

SUPERIOR, Wis.—(AP)—When the Canadian Steamship company grain carrier LeMoyne loaded a corn cargo of 500,000 bushels here recently, a new record for the Great Lakes was claimed. The cargo, weighing 14,000 tons and destined for export, was estimated to be the equivalent of a 12,500 acre crop.

COWBOYS ORGANIZE

HELENA, Mont.—(AP)—The sole purpose of a newly organized Montana cowboys' association is to "restore the hospitality common in the early days of the west and preserve the ideals and the color of the old west."

The PAYOFF

By Harry Grayson
(NEA Service Sports Editor)

Donald Budge is the leader in singles, and probably in doubles with Gene Mako. There's no question about that.

That leaves the remaining singles on the 1938 American Davis Cup team open to Sidney B. Wood, Jr., and Wilmer Allison.

The younger candidates are Bobby Riggs, Joseph R. Hunt, Frank Kovacs, and Elwood T. Cooke.

Wood has shown in other years that he is capable of everything on a tennis court.

On his game, this seasoned performer, who was a star at 15, easily might prove the outstanding victor against the Australians or whoever may be the challengers. Wood has a gift for out-thinking opponents, for bringing off the unexpected. Until Budge came along in full stride, Bill Tilden insisted that the erstwhile darling of Seabright was the finest of the American lot.

Wood was the youngest player ever to win a major championship when he was all-England champion in 1931 at the age of 19. He was ranked by all critics in the world's first 10 in spite of giving less than half of the time to the game that the others do, as well as being the youngest player so ranked at the time.

At Wood's age, Henri Cochet and Jean Borotra used to get themselves beaten by three Hawaiians, or anybody else who happened along, but that did not induce Pop Gillou, who put the French Davis Cup teams over, to throw them off the squad.

To bracket Sidney B. Wood, Jr., with Allison and John Van Ryn as veterans who have passed their peak is idiotic.

Wood has entered major tournaments and he has the urge.

And the second singles player to Donald Budge will be named solely on merit.

Yanks Still Club To Beat For Flag

Regardless of what happens within the next several weeks, the New York Yankees are the club the others will be trying to beat in the American league all the way to the October wire.

When Cleveland, Washington, Boston, or Detroit loses, and the Ruppert Rifles are repelled as well, the managers of the aforementioned clubs breathe easier. When it's the other way around, they're tough.

"The strongest team we've faced," says Joe Cronin of the Red Sox, "has been the Yankees.

"But there's been one encouraging sign: the Yankees, like every other team in the league, have looked pretty bad on the road. If some of the western teams coming into Yankee Stadium can knock them off, the race will look very much like a typical National league affair, with four or five teams involved.

"This year the American has been very much of a home league. Every team has done better in its own park than on the road. Look at Cleveland. That outfit didn't make much of an impression in the east. Everybody said, 'The same old Indians.' But when they got back home they looked like world beaters.

"Cleveland looked like the second best club we've faced.

"Detroit? Well, when we took them on Greenberg and York were still in a slump.

"Cleveland looked better because it was getting much more effective pitching."

Henry Has Stamina To Spare

Eddie Harvey, brother of Charley and a veteran handler of fighters, calls Henry Armstrong the most marvelous mittman in the matter of stamina.

"Armstrong went more than 15 rounds against Barney Ross," says Eddie Harvey, "and punched every second of the way. He went 20 rounds. He went five in the dressing room just before he climbed into the ring, and at top speed."

The only way to stop Henry Armstrong is to have him arrested.

GERMAN SEEMS IN BEST SHAPE FOR TITLE BOUT

Gould Says Fight May Be Sensation Or A Dull, Cautious Battle

(EDITOR'S NOTE: Alan Gould, general sports editor of the Associated Press and one of the leading sports authorities of the country, in the following story discusses the strong and weak points of Joe Louis, the world's heavyweight champion, and Max Schmeling, former champion who holds a knockout victory over the negro, and delves into interesting motives and background of the principals in the approaching title battle. In next Sunday's World, Gayle Talbot, Associated Press sports writer, now at the training camps of the two fighters, will tell how the bout will probably be fought.)

By Alan Gould

NEW YORK, June 4.—(AP)—Maximilian Otto Siegfried Schmeling, the German with a pugilistic purpose, not only is well-informed on the history of the prize ring but plans to add a brand new chapter to it on the evening of June 22, when he faces the dusky champion, Joe Louis, in the most widely-discussed match for the world heavyweight title since Gene Tunney retired ten years ago.

Schmeling plans to become the first fighter to regain the heavyweight crown, which he originally won by official New York edict, on a foul, in a 1930 match with Jack Sharkey to decide Tunney's successor and lost, in 1932, to the same antagonist.

The German, as everyone knows, knocked out Louis in 12 rounds just two years ago and on the spot chosen for their return match. The negro was not the champion then. Jim Braddock wore the crown and Schmeling figured to get the first crack at it. But subsequent maneuvers led to the title shot for Louis, who knocked out Braddock at Chicago last June.

From all angles the fight involves an international argument that has fans sharply divided and the experts more cautious than they have been in years.

You can start a debate anywhere, on main street or Broadway, as to (a) whether Schmeling, after two years, can repeat his sensational conquest of the negro, or (b) whether Louis, with added experience and greater two-fisted hitting power, will turn the tables on his rival.

Assuming that both gladiators will step into the ring in first-class fighting condition, there is sound logic for figuring about equal chances of victory, without hedging.

Let's examine the case for Schmeling first.

The German was generally rated a has-been when matched with Louis two years ago. He had been stopped by Max Baer after losing the heavyweight title. He had been beaten, too, by Steve Hamas.

But he fought himself back into condition and climaxed his return to form by masterful execution of Louis, who was unbeaten up to that memorable occasion and considered unbeatable by most experts.

It seems clear now that Schmeling is the type of athlete, common to many European countries but rare in the United States, who ripens for competition in his early 30's. Max is 32 now but appears at his physical peak.

Moreover, he has patriotic as well as personal objectives. Inspiration is more commonly associated in this country with college football than professional pugilism but it is a fact, not to be lightly disregarded, that Schmeling is fighting to regain the heavyweight crown for the athletic honor of Germany as well as for the personal satisfaction involved.

Schmeling's fistic equipment still features a deadly accurate right hand. It paralyzed Louis once and may do so again, notwithstanding all defensive precautions taken by the negro and his handlers. It's the "sucker punch," in ring parlance, but it's the weapon upon which the German will rely.

He seldom shoots with it until he feels reasonably certain of hitting the target. He is cautious, otherwise; a weaving, methodical ringman who takes few chances and prefers to wait. He can take it, too.

Against so impressive a case for Schmeling, what has Louis to offer by way of rebuttal?

Two years of additional experience. Two years in which Joe has gained greater poise as well as the championship. Two years in which he has, at least, had every reasonable chance to learn the lessons of his defeat at the German's hands.

Louis unquestionably was over-confident and under-trained for his first match with Schmeling.

He had been labeled a "superman" after he knocked out Max Baer in a million-dollar fight show. He became a bridegroom the same night. He did not fight for five months prior to meeting the German. He was a prohibitive betting favorite and probably was convinced, like the experts, that he was a "cinch."

If it's granted, however, that Louis won't make the same mistakes, that he will be a better fighting man and in better condition, what of the mental hazard, namely the knowledge he will be up against the man who put him down and out?

The answer to that is that Louis, like Schmeling, is fired by strong personal motives.

Joe is imbued with a desire for revenge. He's the champion now, idol of his race, and he's anxious to furnish conclusive proof that he belongs on top of the heavyweight heap.

Finally the salient fact remains that Louis is the better two-fisted fighter. His left hand, even when he is jabbing with it, is an offensive weapon.

He is, like Schmeling, methodical in the ring.

Because he is a better boxer than the German it appears he can afford to wait and, in effect, force the challenger to take the offensive. The negro's chief weakness is a tendency to lose his poise too quickly, when hurt, but he can take it. He was knocked down in the fourth round by Schmeling but not knocked out until the twelfth.

Louis is a better finisher. If he finds the range he can end the fight quickly but he isn't likely to run the risk of being tagged by Max's lethal right hand any sooner than it can be avoided.

All things considered the bout can be what the customers hope for, another sensation, or it can drag through 15 dull, cautious rounds.

GOLFERS ARRIVING FOR NATIONAL OPEN

DENVER, June 4.—(AP)—Just one week from today that big shiny cup will be handed to the 1938 National Open champion. He'll be smiling and relaxed, as he should be.

But from now until then, it appears there will be little smiling and relaxing on Cherry Hills' receptive stretches.

Already a dozen or more contenders for golf's most glittering prize have tested Cherry Hills' par 71.

Defending Champion Ralph Guldahl of Madison, N. J., after two vain attempts to catch up with par, said "286 will be good enough to win."

Talking over the course with another contestant, Guldahl commented with a rueful smile: "It looks a kind of tough break for me."

Only one player—Bobby Jones—in the modern era of golf has won the championship twice in succession.

To other early arrivals—Henry Picard of Hershey, Pa.; Olin Dutra of Los Angeles, 1934 champion; Dick Metz, Lake Forest, Ill.; Jimmy Hines of Great Neck, L. I., and Ky Laffoon of Chicago—the toughness of the course came as something of a jolt.

Laffoon, a professional several years ago at Green Gables near Denver and familiar with the mile-high country's changeable June weather, pointed out that would be another factor.

OWEN ANDERSON REACHES THIRD ROUND AT AUTEUIL

AUTEUIL, France, June 4.—(AP)—Owen Anderson of Hollywood, Calif., today reached the third round of men's singles in the French hard court tennis championships by defeating aging Jacques Brugnon, once a member of France's famous "Four Musketeers" of Davis Cup fame, 7-5, 4-6, 6-1, 6-4.

Anderson, ranked No. 6 by the southern California section of the United States Lawn Tennis association, has been playing well on the continent. He defeated Henner Henkel, German Davis Cup stalwart, in a recent tournament, and in his first-round match on Thursday turned back Pierre Pelizza, French Davis Cupper, in straight sets.

Another American, William Thomson, was beaten, 6-0, 6-2, 6-0, in a first-round match by Demeter Mitic of the Yugoslavian cup team.

OWLS PLAY TODAY

TALLULAH, La., June 4.—(Special)—The Tallulah Owls, negro baseball team, will tangle with the Port Gibson Adds at Port Gibson, Miss., Sunday afternoon. The Owls defeated the Dubbison Tigers of Little Rock, Ark., last Sunday, 6 to 4.

PASTEURIZED WINS BELMONT STAKES

Dauber, Held At 1 To 3, Loses By Half-Length To 'Outsider'

NEW YORK, June 4.—(AP)—The three-year-old championship picture was turned topsy turvy today when Dauber, winner of the Preakness and second in the Kentucky Derby, bowed to the flying hooves of Mrs. W. Plunket Stewart's Pasteurized in the 70th running of the classic Belmont Stakes.

Dauber, flying the silks of William duPont, Jr.'s, Foxcatcher farms, was considered such a "sure thing" that he was held to 1 to 3 to whip five others of his age. However, the end of the mile and a half found him a half-length back of Pasteurized, a son of Milkman, which was not considered good enough to start in either of the first two races comprising America's triple crown.

Townsend B. Martin's Cravat, second in the Preakness but seven lengths back, trailed by another length in third place as Pasteurized reeled off the distance in 2:29 2-5 in a light rain. Despite the rain, the track was fast and Pasteurized's time was only four-fifths of a second short of the track record hung up by War Admiral in winning the Stakes a year ago.

Pasteurized had finished in the money in six of his seven previous races this year and had won the last outing by six lengths against class "B" horses. Yet he was considered no better than 8 to 1 to whip Dauber, which is scheduled to be shipped west to meet Lawrin, Kentucky Derby winner, in a $50,000 three-year-old "championship race" at the new Inglewood, Calif., track. The purse of $34,530 boosted Pasteurized's earnings for 1938 to $38,405.

Maurice (Moose) Peters lodged a claim of foul against Jimmy Stout who was up on Pasteurized, and it was several minutes before the crowd of 20,000 knew whether he would be awarded the purse. Peters claimed Pasteurized carried Dauber wide from the head of the stretch to the finish line. It looked that way from the press box but the judges failed to agree with the little Brantford, N. D., jockey.

There was only an eighth of a mile to go when Pasteurized and Dauber, racing far out in the middle of the track, passed Cravat, which was on the rail. With Stout and Peters plying their whips vigorously, the Preakness winner and the outsider battled it out.

Cravat easily held third money with Jolly Tar, a son of Man o' War from Walter M. Jefford's stable, six lengths behind. Then came the early pace setters—Magic Hour and Gentle Savage.

SUNSHINE CLEANERS TO PLAY RAYVILLE TODAY

The Sunshine Cleaners, member of the City softball league of Monroe, will meet the Rayville softball club this afternoon at 3 o'clock at Rayville, according to an announcement last night by Zeak Haddad, manager of the Cleaners. Manager Haddad will probably start Jack Clark on the mound with Charles Bruscato catching.

ALICE MARBLE WINS

WEYBRIDGE, England, June 4.—(AP)—Alice Marble, former American singles title-holder, today won the St. George's Hill Tennis tournament, defeating Mrs. Heine Miller of South Africa in the final round, 6-3, 6-4.

off the tee but deadly on recovery shots and putts, had combined two 34s.

Hillcrest's par took a thorough beating despite the upsetting events of yesterday when lightning killed two spectators and caused cancellation of the first 18 holes. The final 36 will be played tomorrow.

Twenty-one of the approximately 120 entrants scored par or better. Jimmy Demaret, Houston, Tex., was alone in the 69 bracket, four were tied at 70, three at 71 and a half dozen at 72.

Horton Smith, Tony Penna, Floyd Mangrum and Willie Goggin shot 70. Leo Mallory, Darien, Conn., Gene Sarazen and Warren Reipen, St. Joseph, Mo., professional, were bunched at 71.

Fortune did not smile on all the highly regarded entries. Harold (Jug) McSpaden, Winchester, Mass., was forced to sink a chip shot on the 18th to get his par 73 after taking a fat seven on No. 10.

Players who shot 79 or under are eligible for tomorrow's 36-hole competition.

WOMEN STARS PRACTICE FOR TRANS-MISSISSIPPI

TULSA, Okla., June 4.—(AP)—Some of the nation's best women golfers tested the sporty Oakhurst Country club course today and their efforts were good enough to make the galleries predict a tip-top battle in the women's trans-Mississippi tournament next week.

There was Texas university's Betty Jameson, the titleholder, coolly smacking them far and true down the treacherous fairways. Practicing with her was last year's runner-up, Patty Berg, of Minneapolis, apparently at the top of her form.

For a dark horse, you could pick husky Helen Hoffman of Salt Lake City, whose screaming drives promptly earned her the tag, the "Jimmy Thomson" of the tournament.

COTTON PRICES SHOW GAINS ON ORLEANS MARTS

Continued Healthy Reaction From Recent Lows Support Values

NEW ORLEANS, June 4.—(AP)—Continued healthy reaction from the recent lows supported cotton prices a few points higher on the exchange here today.

The July option finished the day at 8.19, Oct. 8.20, Dec. 8.24, Jan. 8.24, March 8.28 and May 8.31 bid to 8.32 asked, or 2 to 3 points above yesterday's closing figures.

The tone was steady throughout and the opening quotations showed gains of a few points on overnight buying orders. Liverpool had a holiday and other major factors were lacking.

The weather was mostly dry throughout the belt although a few showers fell in the west. Temperatures were seasonal.

The Commodity Credit corporation reported loans were made on 8,205 bales of cotton during the week, bringing the season's total to 5,377,044 bales. Notes had been repaid on 161,-958 bales.

The turnover yesterday was 34,500 bales and open commitments 365,000 bales, an increase of 3,100 over the previous day.

Cotton futures closed steady at net advances of 2 to 3 points.

SPOT COTTON

NEW ORLEANS, June 4.—(AP)—Spot cotton closed quiet 3 points higher. Sales 284; low middling 6.97; middling 8.22; good middling 8.77; receipts 903; stock 709,722.

New York

NEW YORK, June 4.—(AP)—Cotton advanced further today but after gains of more than $2.00 a bale from recent lows, realizing developed toward the close. October, which had sold up from 8.07 to 8.16, ended at 8.11, with final prices 3 to 5 points net higher.

The market opened 1 to 3 points higher in sympathy with higher Bombay cables and on trade and foreign buying, and on a moderate demand the list extended its gains to net advances of about 8 to 10 points later in the morning. Some of the buying was attributed to Wall Street sources. When late week-end selling appeared however, prices eased 4 or 5 points from the best.

Reports of poor crop progress were received from the Mississippi delta.

The range follows:

FEDERAL SAVINGS TO PAY DIVIDEND

Two Per Cent Semi-annual Interest Will Be Granted On June 30

The First Federal Savings and Loan association of Monroe has announced the declaration by its board of directors of the regular two per cent semi-annual dividend which will be paid to its shareholders on June 30.

The association was organized during November, 1933, and has been paying dividends at the rate of four per cent per annum since July 1, 1934. Dividends paid have always been paid at the rate of 4 per cent annually, payable semi-annually, and the dividend just announced is the continuation of dividend payments as have been made in the past.

In addition to the amount necessary to pay the dividend, the association announces that it has earned during the past six months an amount sufficient to set up all required reserves and pass a substantial amount to undivided profits.

The investments of shareholders in the First Federal Savings and Loan association are insured up to $5,000 by the Federal Savings and Loan Insurance corporation of Washington, D. C., a corporation created by an act of congress.

Clyde R. Brown, Monroe attorney, is president of the association. T. O. Bancroft is its vice-president, J. W. Kilbourne, its secretary and James Heard, Jr., its assistant secretary. The board of directors is composed of Clyde R. Brown, T. O. Bancroft, J. W. Kilbourne, G. B. Cooley, S. J. Rogers, W. W. Kellogg, Henry Biedenharn, Claude Harrison, Robert M. Breard, Jr., J. E. Marx, and W. D. H. Rodriguez.

OIL AND GAS NEWS

NEW ORLEANS, May 4.—(AP)—Eight new oil wells in Louisiana fields, with total initial production of 2,503 barrels a day, were listed today in the weekly report of the minerals division of the department of conservation.

Largest well listed was the Continental Oil company's No. 1 Martha Haas in the Ville Platte field, with production of 509 barrels through a 3-16 inch choke. In the Zwolle field in Sabine parish the Sutton-Zwolle Oil company reported a 504 barrel producer, but through a much larger choke.

Permits were issued during the week for the drilling of 14 new wells, the smallest number in several months. Six were for the Lisbon field.

New wells listed in the report, with date of completion ranging from May 8 to May 29, are:

Converse, Sabine parish, Lee Whitehurst et al, No. 6 Frost Lumber company, 16 barrels, open flow; Royal Oil and Gas company, No. A-3 Frost Lumber company, 36 barrels, pump; Evangeline, Acadia parish, Superior Oil company, No. 10 William Leckelt, 392; Lisbon, Claiborne parish, W. H. North et-al, No. 1 C. S. L. Patton, 408; Weaver Oil corporation, No. 1 Patton, 288 barrels.

Sulphurmine, Calcasieu parish, Union Sulphur company, No. 860 Fee, 350 barrels; Ville Platte, Evangeline, Continental Oil company, No. 1 Martha Haas, 509; Zwolle, Sabine, Sutton-Zwolle Oil company, No. 1 Sabine Lumber company, 504.

Drilling permits were issued during the week to the following: Acadia, Glassel and Glassel; Claiborne, Atlantic Refining company, J. N. Buchanan, Hollyfield and McFarlane, A. O. Olson, Sklar Oil corporation.

Evangeline, Continental Oil company; Iberia, Texas company; LaFourche, William Helis, Texas company; Lincoln, Magnolia Petroleum company; Sabine, Whitehurst drilling company; St. Mary, Pan-American Production company.

BUYING TOUCHES OFF SUBSTANTIAL RALLY ON MARTS

Industrial Purchases Enable List To End Week With Good Gains

By Frederick Gardner

NEW YORK, June 4.—(AP)—Buying of industrials touched off a quiet but substantial rally in today's stock market and enabled the list to end the five-day jaunt well up on the week.

Advances ran to more than two points at the best, although a little profit-selling just before the close chopped down best marks.

While dealings were relatively small throughout, the turnover of 306,930 shares was the largest for any short session since May 7.

The Associated Press average of 60 issues was up .7 of a point at 38.4. On the week this composite showed a net gain of a full point, the first after three consecutive weekly setbacks.

Exemplifying the doldrums into which the market recently has fallen, volume for the week was only about 2,000,000 shares, the most diminutive aggregate since the week ended February 16, 1935. The Monday holiday, though, helped shorten the total. Friday's activity, amounting to 284,850 shares, was the smallest for any full day since August 20, 1934.

Several factors entered into the two-hour comeback, brokers said. Among these was a mild revival of inflationary psychology engenedered by senate passage of the administration's pump-priming bill giving the president free spending powers, expected to result in a quick flow of funds to districts where relief needs are pressing.

In addition, gossip continued to be heard in Wall Street of a possible further devaluation of the dollar, although this talk was scouted by most banking quarters, which pointed to the narrow movements of foreign currencies as tending to nail these rumors.

Short-covering was believed to have had much to do with the upturn, trading forces apparently being impressed by the failure of the recent decline to dislodge large blocks of stocks, the implication here being that shares are in strong hands and held for higher prices.

Climbing tendencies of major commodities was also seen as a factor in propping sentiment. Wheat at Chicago, aided by storm reports partly, was up 1½ to 2⅛ cents a bushel. Corn was ⅜ lower to ahead ⅛. Cotton gained 15 to 25 cents a bale.

Utilities and rails were up moderately, but these were far from buoyant.

Few market props could be found in the weekly news gist. Business prospects were still exceptionally cloudy, although some observers thought the recession may now be dragging bottom or would reach the low point by next month at least.

RAIL BONDS KEEP STEP WITH RALLY

Numerous Other Issues Pushed Up Fractions To More Than A Point

NEW YORK, June 4.—(AP)—Rail bonds fell in step with a week-end rally in other markets today and numerous issues pushed up fractions to more than a point.

Inspiration for the buying seemed to come mainly from the senate's approval of the administration's huge spending-lending bill and assumption among traders that prices were entitled to a further recovery after the steady decline in the final half of May.

United States government loans, lagging behind the corporate section, held in a narrow groove while the market waited for treasury announcement of the terms of the mid-June refunding operation, expected to be made public Monday.

While business news generally continued drab, hopes were widely expressed that increased federal spending would help turn trends upward in the latter half of the year.

Foreign bonds were mostly uneven in quiet trading.

Transactions were a little more active on the upside and for the brief session totaled $2,333,900, face value, compared with only $838,900 a week ago.

The Associated Press composite price of 20 rail bonds was up .1 at 51.3. The utility and industrial composite figures were a shade off as the buying tended to skip higher-grade issues to concentrate on recently depressed secondary issues, mainly in the rail division.

After the successful flotation of more than $200,000,000 in new issues this week, bond men looked forward to a relatively quiet new capital market for the coming week but had high hopes for continuation of new financing later in the year.

LARGE SHIPMENT IS ANTICIPATED

More Than 100 Cars Of Tomatoes Likely To Be Sent From Chatham

Indications are that more than 100 cars of tomatoes will be shipped to market over the Tremont and Gulf railroad during the present season, stated Ovey Trahan, traffic manager for the road. Fifty-eight cars were shipped over this line last year and the acreage this season is double that of a year ago.

Virtually all the tomatoes grown in Ouachita parish are shipped over the Tremont and Gulf. When the season opened a week ago, buyers were paying two cents a pound, but later the price dropped to one and one-half cents.

Eleven cars of potatoes have been shipped this season over the Tremont and Gulf lines, the growers receiving one dollar per hundred. The potato crop is reported to be short this season.

Ouachita parish truck growers mostly ship their produce from Chatham.

CHICAGO GRAIN

CHICAGO, June 4.—(AP)—Wheat prices resumed a slow climb today although buying power was weak.

Many traders expressed belief the recent private estimates suggesting winter wheat production in excess of 800,000,000 bushels represented the maximum possibility in view of less favorable harvest reports from some districts.

Opening 1-8—3-4 higher, July 70 1-2—58, September 71 1-8, wheat later rose further. Corn started 1-8 off to 1-8 up, July 57 3-8, September 58 1-8—1-4.

Wheat closed 1 1-2 to 2 1-8 cents higher compared with yesterday's finish, July 71 7-8 to 72, Sept. 73-73 1-8, and corn was 3-8 down to 1-8 up, July 57 1-8 to 1-4, Sept. 58 1-8 to 1-4. Oats gained 1-2.

Closing wheat prices were about four cents above the recent five year lows.

off the tee but deadly on recovery shots and putts, had combined two 34s.

Hillcrest's par took a thorough beating despite the upsetting events of yesterday when lightning killed two spectators and caused cancellation of the first 18 holes. The final 36 will be played tomorrow.

Twenty-one of the approximately 120 entrants scored par or better. Jimmy Demaret, Houston, Tex., was alone in the 69 bracket, four were tied at 70, three at 71 and a half dozen at 72.

Horton Smith, Tony Penna, Floyd Mangrum and Willie Goggin shot 70. Leo Mallory, Darien, Conn., Gene Sarazen and Warren Reipen, St. Joseph, Mo., professional, were bunched at 71.

Fortune did not smile on all the highly regarded entries. Harold (Jug) McSpaden, Winchester, Mass., was forced to sink a chip shot on the 18th to get his par 73 after taking a fat seven on No. 10.

Players who shot 79 or under are eligible for tomorrow's 36-hole competition.

WOMEN STARS PRACTICE FOR TRANS-MISSISSIPPI

TULSA, Okla., June 4.—(AP)—Some of the nation's best women golfers tested the sporty Oakhurst Country club course today and their efforts were good enough to make the galleries predict a tip-top battle in the women's trans-Mississippi tournament next week.

There was Texas university's Betty Jameson, the titleholder, coolly smacking them far and true down the treacherous fairways. Practicing with her was last year's runner-up, Patty Berg, of Minneapolis, apparently at the top of her form.

For a dark horse, you could pick lanky Helen Hoffman of Salt Lake City, whose screaming drives promptly earned her the tag, the "Jimmy Thompson" of the tournament.

Other par-busters were Marion Miley, Lexington, Ky., southern champion and trans-Mississippi winner in '35 and '36; Beatrice Barrett, Minneapolis; the veteran Mrs. Opal Hill of Kansas City and Mrs. Patty Newbold, Wichita, Kan.

On the second nine Patty Berg scored a 37, two under women's par. Miss Jameson carded a 40, one over women's par.

COTTON PRICES SHOW GAINS ON ORLEANS MARTS

Continued Healthy Reaction From Recent Lows Support Values

NEW ORLEANS, June 4.—(AP)—Continued healthy reaction from the recent lows supported cotton prices a few points higher on the exchange here today.

The July option finished the day at 8.19, Oct. 8.20, Dec. 8.24, Jan. 8.24, March 8.28 and May 8.31 bid to 8.32 asked, or 2 to 3 points above yesterday's closing figures.

The tone was steady throughout and the opening quotations showed gains of a few points on overnight buying orders. Liverpool had a holiday and other major factors were lacking.

The weather was mostly dry throughout the belt although a few showers fell in the west. Temperatures were seasonal.

The Commodity Credit corporation reported loans were made on 8,205 bales of cotton during the week, bringing the season's total to 5,377,044 bales. Notes had been repaid on 161,958 bales.

The turnover yesterday was 34,500 bales and open commitments 365,000 bales, an increase of 3,100 over the previous day.

Cotton futures closed steady at net advances of 2 to 3 points.

AVERAGE COTTON PRICE

NEW ORLEANS, June 4.—(AP)—The average price of middling cotton today at ten southern spot markets was 8.11 cents a pound; average for the past 30 market days was 8.49 cents a pound.

SPOT COTTON

NEW ORLEANS, June 4.—(AP)—Spot cotton closed quiet 3 points higher. Sales 284; low middling 6.97; middling 8.22; good middling 8.77; receipts 903; stock 709,722.

New York

NEW YORK, June 4.—(AP)—Cotton advanced further today but after gains of more than $2.00 a bale from recent lows, realizing developed toward the close. October, which had sold up from 8.07 to 8.16, ended at 8.11, with final prices 3 to 5 points net higher.

The market opened 1 to 3 points higher in sympathy with higher Bombay cables and on trade and foreign buying, and on a moderate demand the list extended its gains to net advances of about 8 to 10 points later in the morning. Some of the buying was attributed to Wall Street sources. When late week-end selling appeared however, prices eased 4 or 5 points from the best.

Reports of poor crop progress were received from the Mississippi delta.

The range follows:

	High	Low	Last
July	8.11	8.05	8.06

FEDERAL SAVINGS TO PAY DIVIDEND

Two Per Cent Semi-annual Interest Will Be Granted On June 30

The First Federal Savings and Loan association of Monroe has announced the declaration by its board of directors of the regular two per cent semi-annual dividend which will be paid to its shareholders on June 30.

The association was organized during November, 1933, and has been paying dividends at the rate of four per cent per annum since July 1, 1934. Dividends paid have always been paid at the rate of 4 per cent annually, payable semi-annually, and the dividend just announced is the continuation of dividend payments as have been made in the past.

In addition to the amount necessary to pay the dividend, the association announces that it has earned during the past six months an amount sufficient to set up all required reserves and pass a substantial amount to undivided profits.

The investments of shareholders in the First Federal Savings and Loan association are insured up to $5,000 by the Federal Savings and Loan Insurance corporation of Washington, D. C., a corporation created by an act of congress.

Clyde R. Brown, Monroe attorney, is president of the association. T. O. Bancroft is its vice-president, J. W. Kilbourne, its secretary and James Heard, Jr., its assistant secretary. The board of directors is composed of Clyde R. Brown, T. O. Bancroft, J. W. Kilbourne, G. B. Cooley, S. J. Rogers, W. W. Kellogg, Henry Biedenharn, Claude Harrison, Robert M. Breard, Jr., J. E. Marx, and W. D. H. Rodriguez.

OIL AND GAS NEWS

NEW ORLEANS, May 4.—(AP)—Eight new oil wells in Louisiana fields, with total initial production of 2,503 barrels a day, were listed today in the weekly report of the minerals division of the department of conservation.

Largest well listed was the Continental Oil company's No. 1 Martha Haas in the Ville Platte field, with production of 509 barrels through a 3-16 inch choke. In the Zwolle field in Sabine parish the Sutton-Zwolle Oil company reported a 504 barrel producer, but through a much larger choke.

Permits were issued during the week for the drilling of 14 new wells, the smallest number in several months. Six were for the Lisbon field.

New wells listed in the report, with date of completion ranging from May 8 to May 29, are:

Converse, Sabine parish, Lee Whitehurst et al, No. 6 Frost Lumber company, 16 barrels, open flow; Royal Oil and Gas company, No. A-3 Frost Lumber company, 36 barrels, pump; Evangeline, Acadia parish, Superior Oil company, No. 10 William Leckelt, 392; Lisbon, Claiborne parish, W. H. North et-al, No. 1 C. S. L. Patton, 408; Weaver Oil corporation, No. 1 Patton, 288 barrels.

Sulphurmine, Calcasieu parish, Union Sulphur company, No. 860 Fee, 350 barrels; Ville Platte, Evangeline, Continental Oil company, No. 1 Martha Haas, 509; Zwolle, Sabine, Sutton-Zwolle Oil company, No. 1 Sabine Lumber company, 504.

Drilling permits were issued during the week to the following: Acadia, Glassel and Glassel; Claiborne, Atlantic Refining company, J. N. Buchanan, Hollyfield and McFarlane, A. O. Olson, Sklar Oil corporation.

Evangeline, Continental Oil company; Iberia, Texas company; Lafourche, William Helis, Texas company; Lincoln, Magnolia Petroleum company; Sabine, Whitehurst drilling company; St. Mary, Pan-American Production company.

BUYING TOUCHES OFF SUBSTANTIAL RALLY ON MARTS

Industrial Purchases Enable List To End Week With Good Gains

By Frederick Gardner

NEW YORK, June 4.—(AP)—Buying of industrials touched off a quiet but substantial rally in today's stock market and enabled the list to end the five-day jaunt well up on the week.

Advances ran to more than two points at the best, although a little profit-selling just before the close chopped down best marks.

While dealings were relatively small throughout, the turnover of 306,930 shares was the largest for any short session since May 7.

The Associated Press average of 60 issues was up .7 of a point at 38.4. On the week this composite showed a net gain of a full point, the first after three consecutive weekly setbacks.

Exemplifying the doldrums into which the market recently has fallen, volume for the week was only about 2,000,000 shares, the most diminutive aggregate since the week ended February 16, 1935. The Monday holiday, though, helped shorten the total. Friday's activity, amounting to 284,850 shares, was the smallest for any full day since August 20, 1934.

Several factors entered into the two-hour comeback, brokers said. Among these was a mild revival of inflationary psychology engenedered by senate passage of the administration's pump-priming bill giving the president free spending powers, expected to result in a quick flow of funds to districts where relief needs are pressing.

In addition, gossip continued to be heard in Wall Street of a possible further devaluation of the dollar, although this talk was scouted by most banking quarters, which pointed to the narrow movements of foreign currencies as tending to nail these rumors.

Short-covering was believed to have had much to do with the upturn, trading forces apparently being impressed by the failure of the recent decline to dislodge large blocks of stocks, the implication here being that shares are in strong hands and held for higher prices.

Climbing tendencies of major commodities was also seen as a factor in propping sentiment. Wheat at Chicago, aided by storm reports partly, was up 1½ to 2⅛ cents a bushel. Corn was ⅜ lower to ahead ⅛. Cotton gained 15 to 25 cents a bale.

Utilities and rails were up moderately, but these were far from buoyant.

Few market props could be found in the weekly news gist. Business prospects were still exceptionally cloudy, although some observers thought the recession may now be dragging bottom or would reach the low point by next month at least.

MARKETS AT A GLANCE

NEW YORK, June 4.—(AP)—Stocks firm; industrials lead quiet rally. Bonds improved; corporate loans turn up. Curb higher; gold shares in demand. Foreign exchange even; sterling, franc marks time. Cotton steady; trade and Wall Street buying. Sugar closed. Coffee closed.

CHICAGO: Wheat, strong. Corn easy. Cattle steady. Hogs steady to 10 lower.

RAIL BONDS KEEP STEP WITH RALLY

Numerous Other Issues Pushed Up Fractions To More Than A Point

NEW YORK, June 4.—(AP)—Rail bonds fell in step with a week-end rally in other markets today and numerous issues pushed up fractions to more than a point.

Inspiration for the buying seemed to come mainly from the senate's approval of the administration's huge spending-lending bill and assumption among traders that prices were entitled to a further recovery after the steady decline in the final half of May.

United States government loans, lagging behind the corporate section, held in a narrow groove while the market waited for treasury announcement of the terms of the mid-June refunding operation, expected to be made public Monday.

While business news generally continued drab, hopes were widely expressed that increased federal spending would help turn trends upward in the latter half of the year.

Foreign bonds were mostly uneven in quiet trading.

Transactions were a little more active on the upside and for the brief session totaled $2,333,900, face value, compared with only $838,900 a week ago.

The Associated Press composite price of 20 rail bonds was up .1 at 51.3. The utility and industrial composite figures were a shade off as the buying tended to skip higher-grade issues to concentrate on recently depressed secondary issues, mainly in the rail division.

After the successful flotation of more than $200,000,000 in new issues this week, bond men looked forward to a relatively quiet new capital market for the coming week but had high hopes for continuation of new financing later in the year.

LARGE SHIPMENT IS ANTICIPATED

More Than 100 Cars Of Tomatoes Likely To Be Sent From Chatham

Indications are that more than 100 cars of tomatoes will be shipped to market over the Tremont and Gulf railroad during the present season, stated Ovey Trahan, traffic manager for the road. Fifty-eight cars were shipped over this line last year and the acreage this season is double that of a year ago.

Virtually all the tomatoes grown in Ouachita parish are shipped over the Tremont and Gulf. When the season opened a week ago, buyers were paying two cents a pound, but later the price dropped to one and one-half cents.

Eleven cars of potatoes have been shipped this season over the Tremont and Gulf lines, the growers receiving one dollar per hundred. The potato crop is reported to be short this season.

Ouachita parish truck growers mostly ship their produce from Chatham.

CHICAGO GRAIN

CHICAGO, June 4.—(AP)—Wheat prices resumed a slow climb today although buying power was weak.

Many traders expressed belief the recent private estimates suggesting winter wheat production in excess of 800,000,000 bushels represented the maximum possibility in view of less favorable harvest reports from some districts.

Opening 1-8—3-4 higher, July 70 1-2—58, September 71 1-8, wheat later rose further. Corn started 1-8 off to 1-8 up, July 57 3-8, September 58 1-8—1-4.

Wheat closed 1 1-2 to 2 1-8 cents higher compared with yesterday's finish, July 71 7-8 to 72, Sept. 73-73 1-8, and corn was 3-8 down to 1-8 up, July 57 1-8 to 1-4, Sept. 58 1-8 to 1-4. Oats gained 1-2.

Closing wheat prices were about four cents above the recent five year lows.

NOTICE TO CONTRACTORS

Sealed proposals for the construction of the following project will be received by the Louisiana Highway Commission, Room No. 202, Highway Office Annex, Baton Rouge, Louisiana, until 9:45 A. M. on Wednesday, June 29, 1938. Proposals will not be received after this hour. At 10:00 o'clock A. M. of the same day and date they will be publicly opened and read in the Chamber of the Court of Appeals, Fourth Floor, State Capitol.

STATE (BOND) PROJECT NO. 4654, FEDERAL AID PROJECT NO. 114-E(2), CHENIERE-CALHOUN HIGHWAY, Located in OUACHITA PARISH, Route No. 4, Length 3.826 miles. TYPE: Roadside Improvement, consisting of the furnishing and planting of approximately 2,693 trees, shrubs, vines and roses; also, grading and drainage structures and other work in connection therewith.

The attention of bidders is directed to the special provisions covering subletting or assigning the contract.

The minimum wage paid to all skilled labor employed on this contract shall be seventy-five (75) cents per hour.

The minimum wage paid to all intermediate labor employed on this contract shall be forty-five (45) cents per hour.

The minimum wage paid to all unskilled labor employed on this contract shall be thirty (30) cents per hour.

Proposal forms will be issued only to "general contractors" licensed by the "Louisiana State Licensing Board for General Contractors," Room 203, Raymond Building, Baton Rouge, Louisiana, or to an authorized representative of a licensed contractor, and in no event will proposal forms be issued later than twenty-four hours prior to the hour and date set for receiving proposals. It will be necessary for the bidder to show evidence of license before a proposal is issued, in accordance with Act No. 172 of the Regular Session of 1936 of the Legislature of Louisiana and the rules and regulations of the Louisiana State Licensing Board for General Contractors, dated February 11, 1937.

Proposal forms will be issued to nonlicensed contractors when the estimated cost of the improvement is less than $10,000.00 but in no event will proposal forms be issued later than twenty-four hours prior to the hour and date set for receiving proposals.

Full information and proposal forms are available at the offices of the Highway Commission at Baton Rouge. Plans and specifications may be obtained at said office or will be furnished upon payment of $15.00 with cross-section sheets (not to be refunded).

NEW MODEL HOME ENLISTS INTEREST

Opportunity Open For Winning Cash Prize For Appropriate Name

Widespread public interest is being taken in the erection of Monroe's "Model Duplex Apartment Home," at North Fifth and K streets. Large numbers of visitors during the past week viewed the progress of construction of the home, which is the first exhibition model home erected in Monroe in the past twelve years.

Frame-work of the model apartment home, which is sponsored by the Slagle-Johnson Lumber company and the Johns-Manville company, in cooperation with the Federal Housing administration is entirely completed, it was announced Saturday, together with the "roughing in" of plumbing and electric wiring.

The duplex home will consist of four rooms in each apartment, living room, breakfast room, bedroom, kitchen and bath.

H. H. Land, architectural inspector of the FHA, inspected the apartment home Saturday in order to insure that it is being built in accordance with the plans and specifications. He checked the footings for the foundation to see that they have been placed deep enough in the ground to rest on undisturbed virgin soil. This requires a depth of at least 12 inches in Louisiana. He also measured the width and height of the footings and foundation. The framework was inspected as to proper material and workmanship. The architect reported that an exceptionally competent job was being done on the new model apartment home. The contractor, W. V. Clark, said that favorable weather conditions had contributed to the advancement of the work, and that every phase of the construction was being carried out with a high degree of craftsmanship.

As soon as the apartment home is completed it will be furnished by the Monroe Furniture company and will be thrown open for public inspection.

A large number of entries have been made in the contest for a $10 cash prize for the best name to be given the model apartment home. These suggestions must be submitted to the Slagle-Johnson Lumber company not later than June 30.

Business firms furnishing materials and services include Monroe Furniture company, Montgomery Ward and company, plumbing; Jones Electric company, electricians; Luneau, Southall and Bledsoe, painting and wall paper; Sherwin - Williams company, paints; Zephyr company, attic ventilation; Service Tile company, tile; Pittsburgh Plate Glass company, glass construction brick.

The contractor is W. V. Clark, for more than 15 years engaged in the contracting business, J. Y. Hamilton, the supervisor, has been a builder of homes for more than 20 years, and is assisted by W. B. Waldroup and other competent craftsmen.

ARREST MADE FOR RICHLAND OFFICERS

Wanted for burglary in the night time in Richland parish, Walter Armstrong, negro, was arrested on a farm at Bosco yesterday morning by Deputy Sheriffs Frank X. Cline and Clyde Mitchell of the Ouachita parish sheriff's department at the request of Richland authorities.

Deputy Sheriff J. M. Lane, of Rayville came to Monroe yesterday afternoon and returned with his prisoner.

The negro is accused of entering the homes of a Mr. Roark and Carl Earl on Bob Rhymes place near Alto on Tuesday night of this week, Deputy Lane said. The negro allegedly took about $80 from the Roark home and an unannounced sum of money from the Earl home.

BARKDULL FAULK BAND GIVEN ENTERTAINMENT

The Barkdull Faulk band, directed by Charles Gaushell, which was rated as "superior" in the national regional finals in Louisville, Ky. recently, enjoyed a swimming party given Miss Lucyle Godwin, municipal recreation director, at the R. D. Swayze natatorium Saturday at 4 p. m.

William Grasse gave the same group a barbecue at Bernstein park Thursday night as a gesture of appreciation of the outstanding record made by this grammar school aggregation.

PLAN TO ORGANIZE AERONAUTIC CLUB

Meeting Tuesday Night Will Discuss Proposal With Local Enthusiasts

A movement for the formation of an aeronautic club in Monroe will be discussed at a meeting to be held on the mezzanine floor of Hotel Frances Tuesday night at 8 o'clock, according to an announcement made Saturday by J. K. Warner, of the United States internal revenue department, and Captain M. D. Henry, war ace, formerly with the Royal Flying corps, who are sponsoring the plans.

All persons in the Monroe area who are interested in airship flying have been invited to attend the meeting. One of the co-sponsors of the plan is Miss Mary Benoit, secretary to Mayor Benoit, who has had several hours' flying experience.

The purposes of the club will be to permit opportunity to study the art of safe and sane flying, it was stated by Captain Henry. It is planned to purchase an airplane for the use of the members when each has earned his flyer's license. The ship will be used for instruction purposes.

"A pilot, after learning how to fly and obtaining his license, is at a disadvantage unless he is financially able to purchase an airplane," Captain Henry said. "Members of the club will have the use of the club ship, and can keep up their flying hours at a minimum expense to themselves."

There are many such clubs in the United States, the captain said, and have proven highly successful. Captain Henry has had considerable experience in organizing such clubs, three in California, one in Cleveland and one in Baltimore. The clubs are organized purely for pleasure and tuition, and not for profit, the officer explained.

REV. JOHNS TO PREACH

Rev. H. L. Johns, presiding elder of the Monroe district, will fill the pulpit of the First Methodist church in Monroe at the Sunday evening service which starts at 7:45 o'clock.

KENNEDY FAMILY MAKES A HIT IN LONDON

Kennedys Take Cottage To Meet Problem Of Caring For 9 Children In 8 Bedrooms

By William McGaffin

(AP Feature Service Writer)

LONDON, June 4.—The Joe Kennedys think they have licked their own private British housing problem.

That's pretty good for the Kennedys since the ambassador's family (as nearly everyone in England and America is now well aware) includes nine children. And the British public—not to mention the British monarch—has shown a lively interest in how they all get along.

When petite, black-haired Mrs. Kennedy sailed last March from New York she sighed, "I don't suppose any place will be big enough."

When I called the other day, I found that her worst fears 'ad materialized, and then had been dispelled.

Although the ambassador's official residence at 14 Prince's Gate has eight bedrooms, it was indeed too small. But Mrs. Kennedy explained:

"We have taken a cottage in the country which should take care of the overflow unless the boys bring all of Harvard with them."

Another help will be the tours the children are going to take. The ambassador says he doesn't imagine the family ever will be home all at once. Already well-traveled, the younger children especially are enthusiastic sightseers. They stood outside Buckingham palace one day and photographed the changing of the guard while mama and papa were inside chatting with their Britannic majesties.

That formal interview went off with informal ease.

"They're very charming and natural," Mrs. Kennedy told me.

And what did they talk about?

"We just discussed the children. The ambassador said the children of the royal family were much less spoiled than some of the Kennedy children."

The Kennedy children have helped the Kennedys walk right into the circle of British interests.

On their arrival, newspaper headlines read:

"Kids Take Over the Embassy."

"King George Asks to See Kennedy's Nine Children."

"Queen Talks Babies With Mrs. Kennedy."

Of the ambassador one London paper said:

"The new American ambassador will be a great success. . . His reddish hair and his smile are completely disarming. What is more, he possesses that excellent sense of good-humored irony which is the spice of American humor."

Of Mrs. Kennedy another writer said:

"She's still girlish-looking . . . but you see at once there's no ambassadorial situation likely to come her way with which she could not cope."

At press conferences here, Kennedy cocks his feet on the desk. Like his recent predecessors, he scorns knee breeches for long trousers when he attends court.

Hardly had he got rid of his sea legs when he did the "right" thing in a magnificent way by shooting a hole in one at the Stoke Poges golf course.

Mrs. Kennedy presented daughters Rosemary and Kathleen at court recently.

After we had gone over the list of names and whereabouts of the children (the two eldest boys are still at Harvard), I asked Mrs. Kennedy finally if she had any rule for raising a large family.

"I am loath to answer that question," said she, "until I see how my own family turns out."

Helping her are the family governess as well as a small staff of servants, and a nurse whom she brought along. The English servant problem, traditional headache for newly-arrived Americans, was solved for her by embassy attaches.

MRS. KENNEDY KEEPS INDEX OF FAMILY'S HEALTH

Mrs. Joseph Kennedy, wife of the American ambassador in London, keeps a card index on her family's health.

Neatly set down and filed away are family data on who has been inoculated, who has had his tonsils out, who has had his eyes examined and who needs to go to the dentist.

A big family is fun, she says.

ANNUAL GARDEN SHOW VIEWED BY HUNDREDS

HOMER, La, June 4—(Special)—At the annual garden show here which was viewed by hundreds, the Mineral Springs Demonstration club won first place in the number of winning entries Other winning clubs were Mahon, second; Ruple, third; Shady Grove and Homer Oil Field, tied for fourth place.

PLAYGROUND LEADERS TO REGISTER ON MONDAY

Adult men and women, as well as boys and girls of high schools or from Northeast Center who are interested in playground work and who wish to be active in the operation of these playgrounds this summer, should enroll at the municipal recreation center Monday at 9 a.m., Miss Lucyle Godwin, municipal recreation director, reported.

Following enrollment Monday morning, a playground leadership training course will be held each morning throughout this week.

There will be adult directors at each playground which will open throughout the city on June 13, and the leaders will work under the jurisdiction of the directors, Miss Godwin said.

Playgrounds have been in operation here for eight years, and many leaders of the movement have grown up along with the work and are now in position to assume charge at the various school playgrounds, Miss Godwin stated.

Monday morning will be the only time that registration will be permitted for playground executive workers.

SCHOOL GROUP ENJOYS OUTING

Story Of Trip Told In Story By Betty Jo Ford, One Of Participants

A school group had an enjoyable outing on the river the past week. The story of the trip is well told by Betty Jo Ford, one who made the trip as follows:

"Wednesday, June 1, the sixth grade class with Miss Rose McDonald the teacher, and Miss Myrtle Rodgers, the principal of Georgia Tucker school, went on a boat ride up the Ouachita river. Henry Bernstein was the host. It was Mr. and Mrs. Milling Bernstein's boat. They took us up the river to the T. B. hospital.

"The ones that were privileged to enjoy this trip were Mr. and Mrs. Milling Bernstein, Miss Rodgers, Miss McDonald, Henry Bernstein, Betty Jo, Ford, Betty Jean Cameron, Jean Carrol, Jane Kilpatrick, Mary Ann Phillips, Helen Jackson, Frances Kalil, Marian Lasuza, Rose Mary Cacio, Ann Wilson, Sam Rubin, Jerry Sugar, Buddy Smith, Everett Wright, Billy Jackson, J. B. Anthony, Miles Sager, J. L. Newcomer, Wesley Cretney, David McGee and Van Clark.

"They served drinks and cookies. We played some games also. When we got to the hospital, we got out and went all around the grounds. The first house was open so we went in. It was lovely. It hasn't any furniture in it yet though.

"We saw the pond and the bridge across it which was finished so we went across it. Soon we had to come back home. We had a lovely time thanks to Mr. and Mrs. Bernstein and our host Henry Bernstein."

NEW MODEL HOME ENLISTS INTEREST

Opportunity Open For Winning Cash Prize For Appropriate Name

Widespread public interest is being taken in the erection of Monroe's "Model Duplex Apartment Home," at North Fifth and K streets. Large numbers of visitors during the past week viewed the progress of construction of the home, which is the first exhibition model home erected in Monroe in the past twelve years.

Frame-work of the model apartment home, which is sponsored by the Slagle-Johnson Lumber company and the Johns-Manville company, in cooperation with the Federal Housing administration is entirely completed, it was announced Saturday, together with the "roughing in" of plumbing and electric wiring.

The duplex home will consist of four rooms in each apartment, living room, breakfast room, bedroom, kitchen and bath.

H. H. Land, architectural inspector of the FHA, inspected the apartment home Saturday in order to insure that it is being built in accordance with the plans and specifications. He checked the footings for the foundation to see that they have been placed deep enough in the ground to rest on undisturbed virgin soil. This requires a depth of at least 12 inches in Louisiana. He also measured the width and height of the footings and foundation. The framework was inspected as to proper material and workmanship. The architect reported that an exceptionally competent job was being done on the new model apartment home. The contractor, W. V. Clark, said that favorable weather conditions had contributed to the advancement of the work, and that every phase of the construction was being carried out with a high degree of craftsmanship.

As soon as the apartment home is completed it will be furnished by the Monroe Furniture company and will be thrown open for public inspection.

A large number of entries have been made in the contest for a $10 cash prize for the best name to be given the model apartment home. These suggestions must be submitted to the Slagle-Johnson Lumber company not later than June 30.

Business firms furnishing materials and services include Monroe Furniture company, Montgomery Ward and company, plumbing; Jones Electric company, electricians; Luneau, Southall and Bledsoe, painting and wall paper; Sherwin - Williams company, paints; Zephyr company, attic ventilation; Service Tile company, tile; Pittsburgh Plate Glass company, glass construction brick.

The contractor is W. V. Clark, for more than 15 years engaged in the contracting business. J. Y. Hamilton, the supervisor, has been a builder of homes for more than 20 years, and is assisted by W. B. Waldroup and other competent craftsmen.

ARREST MADE FOR RICHLAND OFFICERS

Wanted for burglary in the night time in Richland parish, Walter Armstrong, negro, was arrested on a farm at Bosco yesterday morning by Deputy Sheriffs Frank X. Cline and Clyde Mitchell of the Ouachita parish sheriff's department at the request of Richland authorities.

Deputy Sheriff J. M. Lane, of Rayville came to Monroe yesterday afternoon and returned with his prisoner.

The negro is accused of entering the homes of a Mr. Roark and Carl Earl on Bob Rhymes place near Alto on Tuesday night of this week, Deputy Lane said. The negro allegedly took about $80 from the Roark home and an unannounced sum of money from the Earl home.

BARKDULL FAULK BAND GIVEN ENTERTAINMENT

The Barkdull Faulk band, directed by Charles Gaushell, which was rated as "superior" in the national regional finals in Louisville, Ky. recently, enjoyed a swimming party given Miss Lucyle Godwin, municipal recreation director, at the R. D. Swayze natatorium Saturday at 4 p. m.

William Grasse gave the same group a barbecue at Bernstein park Thursday night as a gesture of appreciation of the outstanding record made by this grammar school aggregation.

PLAN TO ORGANIZE AERONAUTIC CLUB

Meeting Tuesday Night Will Discuss Proposal With Local Enthusiasts

A movement for the formation of an aeronautic club in Monroe will be discussed at a meeting to be held on the mezzanine floor of Hotel Frances Tuesday night at 8 o'clock, according to an announcement made Saturday by J. K. Warner, of the United States internal revenue department, and Captain M. D. Henry, war ace, formerly with the Royal Flying corps, who are sponsoring the plans.

All persons in the Monroe area who are interested in airship flying have been invited to attend the meeting. One of the co-sponsors of the plan is Miss Mary Benoit, secretary to Mayor Benoit, who has had several hours' flying experience.

The purposes of the club will be to permit opportunity to study the art of safe and sane flying, it was stated by Captain Henry. It is planned to purchase an airplane for the use of the members when each has earned his flyer's license. The ship will be used for instruction purposes.

"A pilot, after learning how to fly and obtaining his license, is at a disadvantage unless he is financially able to purchase an airplane," Captain Henry said. "Members of the club will have the use of the club ship, and can keep up their flying hours at a minimum expense to themselves."

There are many such clubs in the United States, the captain said, and have proven highly successful. Captain Henry has had considerable experience in organizing such clubs, three in California, one in Cleveland and one in Baltimore. The clubs are organized purely for pleasure and tuition, and not for profit, the officer explained.

REV. JOHNS TO PREACH

Kennedys Take Cottage To Meet Problem Of Caring For 9 Children In 8 Bedrooms

By William McGaffin
(AP Feature Service Writer)

LONDON, June 4.—The Joe Kennedys think they have licked their own private British housing problem.

That's pretty good for the Kennedys since the ambassador's family (as nearly everyone in England and America is now well aware) includes nine children. And the British public—not to mention the British monarch—has shown a lively interest in how they all get along.

When petite, black-haired Mrs. Kennedy sailed last March from New York she sighed, "I don't suppose any place will be big enough."

When I called the other day, I found that her worst fears had materialized, and then had been dispelled.

Although the ambassador's official residence at 14 Prince's Gate has eight bedrooms, it was indeed too small. But Mrs. Kennedy explained: "We have taken a cottage in the country which should take care of the overflow unless the boys bring all of Harvard with them."

Another help will be the tours the children are going to take. The ambassador says he doesn't imagine the family ever will be home all at once. Already well-traveled, the younger children especially are enthusiastic sightseers. They stood outside Buckingham palace one day and photographed the changing of the guard while mama and papa were inside chatting with their Britannic majesties.

That formal interview went off with informal ease.

"They're very charming and natural," Mrs. Kennedy told me.

And what did they talk about?

"We just discussed the children. The ambassador said the children of the royal family were much less spoiled than some of the Kennedy children."

The Kennedy children have helped the Kennedys walk right into the circle of British interests.

On their arrival, newspaper headlines read:

"Kids Take Over the Embassy."

"King George Asks to See Kennedy's Nine Children."

"Queen Talks Babies With Mrs. Kennedy."

Of the ambassador one London paper said:

"The new American ambassador will be a great success. . . His reddish hair and his smile are completely disarming. What is more, he possesses that excellent sense of good-humored irony which is the spice of American humor."

Of Mrs. Kennedy another writer said:

"She's still girlish-looking . . . but you see at once there's no ambassadorial situation likely to come her way with which she could not cope."

At press conferences here, Kennedy cocks his feet on the desk. Like his recent predecessors, he scorns knee breeches for long trousers when he attends court.

Hardly had he got rid of his sea legs when he did the "right" thing in a magnificent way by shooting a hole in one at the Stoke Poges golf course.

Mrs. Kennedy presented daughters Rosemary and Kathleen at court recently.

After we had gone over the list of names and whereabouts of the children (the two eldest boys are still at Harvard), I asked Mrs. Kennedy finally if she had any rule for raising a large family.

"I am loath to answer that question," said she, "until I see how my own family turns out."

Helping her are the family governess as well as a small staff of servants, and a nurse whom she brought along. The English servant problem, traditional headache for newly-arrived Americans, was solved for her by embassy attaches.

MRS. KENNEDY KEEPS INDEX OF FAMILY'S HEALTH

Mrs. Joseph Kennedy, wife of the American ambassador in London, keeps a card index on her family's health.

Neatly set down and filed away are family data on who has been inoculated, who has had his tonsils out, who has had his eyes examined and who needs to go to the dentist.

A big family is fun, she says.

Women's Clubs Close Most Successful Year

Remarkable Strides Made, Next Season Expected To Bring Even Greater Accomplishments

CUSTOMARY motions to adjourn have brought most of the women's organizations to a temporary halt for a summer recess, but several events of the closing season stand forth upon which their affiliates may dwell with some reason of satisfaction until they foregather again in the autumn.

A number of groups set forth at the beginning of the year with ambitious programs and the last few months have seen their efforts productive of definite achievements. When the calls to order are sounded again in September, these groups should be able to build on past accomplishments still more constructively.

Looking back over a season rapidly drawing to a close it becomes impressively evident that the biggest thing of the year has been the growth of women's clubs. They have become a vital part of the community and the programs enjoyed since last September when the season officially opened, were built with that ultimate objective.

Even before the last sounds of the waning season have faintly died away, the harbingers of autumn, the year book, have been prepared and are now ready for distribution

In some instances the fall programs will show the influence of new directing heads elected at spring conventions.

Mrs. W. J. Murphy is president of the Miro Book club; Mrs. Walter Rhodes, president of the Review club; Mrs. P. L. Perot, president of the Musical Coterie; Mrs. F. F. Smith, president of the Welcome Branch Book club; Mrs. J. G. Durrett, president of the Literary Guild; Mrs. F. J. Cox, president of the Twentieth Century Book club; Mrs. J. H. Watkins, president of the Altrurian Book club; Miss Myrtle Rodgers, president of the Monroe branch of the American Association of University Women; Miss Eleanor Faulk, president of the Junior Charity league; Mrs. Charles Gaushell, president of the Fine Arts club, Miss Bernice Wright, president of the Business and Professional Women's club.

Mrs. Julius Kugler, president of the Young Women's Christian association is accomplishing splendid work with the welfare of young women the basic program of the past year.

To build a fellowship of women and girls devoted to the task of realizing in common life those ideals of personal living committed by faith as Christians, is the purpose of the Young Women's Christian association. That faith is, in essence, the faith of the Golden Rule.

The new "Y" home on Jackson street is most attractive. The rooms large and airy have been comfortably furnished through the generosity of the friends of the "Y." Life is serene and happy for the young women who make their home there Each to its own interests, Y. W. C. A clubs are self-directed groups of girls with individual programs. Yet all are associated in a practical demonstration of the association's belief that individuals of many different experiences and backgrounds can work together through a common motive Here girls find experience in self-government and leadership through the study and discussion groups on religious, civic, social and international affairs.

During the summer months, the regular club programs are more or less at a standstill, but each fall finds renewed interest in the resumption of activities.

Ronald Lee Davis, Jr. Celebrates Birthday

Friends of Ronald Lee Davis, Jr., romped and played under the giant oaks on Lakeside Country club's grounds last Wednesday afternoon when his mother entertained with a birthday party in commemoration of his eighth anniversary.

The young celebrant, in starched linens, was assisted in receiving his friends, numbering 75 or more, by his mother and Mrs. Travis Oliver, Jr., Mrs. King Stubbs, Mrs. John Theus and Mrs. W. A. Walker.

The afternoon of play was climaxed with the cutting of the handsome birthday cake, centering the refreshment table placed on the screened gallery of the clubhouse.

Myriad balloons were unleashed and favors presented to every guest present. Ices and cakes and other confections were served.

Event Is Discussed At Luncheon On Saturday

Mrs. King Stubbs To Serve As Chairman; Other Committee Leaders Selected By President

Even before the last sounds of the waning season in Junior league circles have faintly died away the harbingers of autumn begin to strike up a cheery note. The entrepreneurs of the Monroe league have determined to let us know their intentions for early fall philanthropies by announcing the date, October 6, for their Junior League Follies. Plans were discussed over the tea cups Saturday when members of the League met for the last luncheon of the season at the Virginia hotel, with Miss Eleanor Faulk, president, presiding.

Chairmen of the various committees were appointed as follows: general chairman, Mrs. King Stubbs; co-chairman, Mrs. Ralph King; program chairman, Mrs. D. T. Milam; talent chairman, Mrs. Walter Kellogg and Miss Elizabeth Kennedy; ticket chairman, Mrs. Hillyer Parker and Miss Sara Talbert; publicity chairman, Miss Jane Dawkins; chairman of ushers, Mrs. John Blackman; patroness chairman, Miss Robbie Lee Hanna; costume chairman, Mrs. Walter Black and Mrs. Grayson Guthrie, Jr.; cabaret chairman, Mrs. Frances Jones.

Present at the luncheon were: Misses Eleanor Faulk, Lela Germany, Robbie Lee Hanna, Leigh Russell, Elizabeth Kennedy, Ann Platt, Sarabeth Farmer, Jessie Womack, Sara Talbert, Violet Meyer; Mmes. DeWitt Milam, Neil Buie, Aubrey Boyd, J. B. Dawkins, Tilden Austin, Ted Allen, Henry Hinkle, Fred Seaman, Elliott Thompson, Vincent Hazelton, Hillyer Parker, Charles Womack, Thomas Munholland, Frances Jones, Walter Kellogg, Wharton Brown, Thomas Fraser, Thomas Davenport, King Stubbs, Warren Taylor, Grayson Guthrie, Jr., Travis Oliver, Jr., Foster Wallace, Amos Smelser, Granville Tierney, Harry Frazer, O. N. McNeil, Walter Black, Ralph King, William Potts Clark, Victor Davis, James Sparks, George Snellings, Jr., Scott Hamilton.

St. Matthew's P.-T. A. Holds Final Meeting

The last meeting of the scholastic year of St. Matthews P.-T. A. was held at the school. The meeting was called to order by the president, Mrs. M. P Kutz. Prayer was led by Father Plauche. An interesting address was given by Dr. C. C. Colvert of Northeast Center on "Arts and Sciences in Our Curriculum." This was followed by a style review by the home economics class and first prize was awarded to Miss Josephine Zagone. Judges were Mrs. T. L. Morris and Carl Couch. A piano solo was given by Miss Evelyn Geiger. Father Vandegaer extended thanks to all officers and members of the P.-T. A. for the splendid work done during the past year.

The secretary's report was read and approved, and the annual report was given. New officers were installed by Mrs. Couch as follows: Mrs. Charles Guerriero, president; Mrs. Stanley Hodges, vice-president; Mrs. P. J. Lockbaum, secretary; Mrs. B. A. Spatafora, treasurer. The past president's pin was presented to the retiring president, Mrs. M. P. Kutz. The third high and the seventh grade grammar school won the room awards.

The meeting was then adjourned and delicious refreshments were served.

Miss Fields Will Marry On July 2nd

Mrs. Y. J. Green Gives Reception Friday At Farmerville

The engagement and approaching marriage of Miss Joye Fields, lovely daughter of Mr. and Mrs. Harvey Fields of Farmerville, was announced in charming manner by Mrs. Y. J. Green, who entertained Miss Fields' most intimate friends at a reception Friday afternoon at Farmerville.

Miss Fields, whose marriage to Mr. Lester Gaharan of Jena, will take place July 2, was a lovely figure in hyacinth blue lace model. She stood with her hostess to welcome the guests. Others receiving were Mrs. Harvey Fields, Mrs. T. T. Fields, Miss Butterfly Wallace, Miss June Stancil and Miss Mary Ruth Mitchell.

A color theme of pink and green was portrayed in the beautiful floral decorations and in the serving of delicious sandwiches, punch and individual cakes bearing the names "Joye and Less" and green mints embossed with valley lillies. On each plate a miniature scroll, tied with pink and green ribbons, revealed news of the engagement and approaching marriage.

Misses Patty Jane Turnage, Carolyn Tucker, Franklyn Goss, and Frinchie Roan, wearing lovely evening gowns, assisted in serving and Mrs. Omah Muckleroy aided in extending courtesies to the large number of guests who called during the receiving hours.

Rayville Girl Will Teach At Centenary

Miss Margaret Calhoun, daughter of Mr. and Mrs. W. L. Calhoun of Rayville, has been signally honored by Centenary college of Shreveport by receiving the appointment as head of the botany department of the college for the summer session of 1938. Miss Calhoun is temporarily taking the place of Dr. Louis A. Thayer, who is away this summer on a leave of absence, taking further work at Leland-Stanford university

Miss Calhoun received her B. S. degree, graduating as an honor student, cum laude, with this year's graduating class at Centenary college. The appointment to the teaching staff, as head of the botany department, was unusual, considering the fact that Miss Calhoun had just received her degree a few days prior to taking her place on the faculty.

Miss Calhoun graduated from the Rayville High school in 1934 and entered Centenary the following fall. There her talents in the science department were recognized and during her junior and senior years she acted as assistant in the botany laboratory.

During her college career, this popular young lady was made a member of the Alpha Chi honorary society and was later elected treasurer of that organization. She was a member of the French club, of Psi Delta Chi, Mental Hygiene society and an active and enthusiastic member of the Women's Athletic association.

In receiving this well deserved recognition for her services, Miss Calhoun has had the congratulations and well wishes of her fellow classmates, the Centenary faculty and her Rayville relatives and friends.

Miss Belcher Weds J. T. Alsbrooks

Mr. and Mrs. H. F. Belcher of Winnsboro announce the marriage of their daughter, Helen, to Joel Thomas Alsbrooks of Start, La., on May 21, at the Methodist parsonage in Rayville, with the Rev. W. B. Reid officiating.

Mr. Alsbrooks is the son of Mr. and Mrs. W. L. Alsbrooks of Star. He attended Northeast Center of L. S. U. at Monroe and Southern Business college at Vicksburg, and has been employed by the Bureau of Animal Industry in Baton Rouge for the past one and one-half years.

Mrs. Alsbrooks is a senior at the Louisiana Polytechnic institute.

Mr. and Mrs. Alsbrooks will make their home in Winnsboro for the present.

Ouachita Seniors Honored

Miss Sarah Lee Hair Entertains Graduates At Garden Party

"The last picture has been painted and the tubes are twisted and dried," insofar as high school seniors are concerned. Members of graduating classes are now giving themselves up to the full enjoyment of summer with memories of festivities in connection with commencement still a pleasant memory.

Claiming prominence among the courtesies extended seniors of the Ouachita Parish High school was the garden party arranged by Miss Sarah Lee Hair in the gardens of her home.

The night was unusually beautiful with stars shining overhead. The feminine members of the class in their summery frocks added color to the scene.

Mrs. W. A. Brandt presided over the crystal punch bowl imbedded in a mound of flowers and centering the beautifully appointed refreshments table.

Present were: Misses Ella Mae Baker, Edith Beeson, Clara Blatterman, Shirley Brown, Margaret Calloway, Lillian Carroll, Mary Betty Duchkar, Lelia Dean Frazier, Sarah Lee Hair, Ruth Henderson, Frances Hood, Mildred Hurt, Jessie Kelly, Elsie Koserog, Relda Laseter, Alice Elise McQuiston, Freddy Norris, Sarah Elizabeth Randle, Beth Rinehart, Frances Spencer, Alice Taylor and Jean Terzia, Marvin Foster, James Guraedy, John C. Hundley, John Puckett Jones, Donald Kennedy, Claude McMullen, Tommie Roberts,

Others present were: Misses Elaine Calloway, Lanier Cordell, Pindell Cordell, Marcelena Hill. Misters James Bradley, Ellis Neron, Garland Shipp, Marvin Shipp, Trainer, and Thompson, Mr. and Mrs. W. A. Brandt, and Mr. and Mrs. Leon White.

• • •

Mrs. B. E. Blatterman entertained with a tea for feminine members of the senior class of the Ouachita Parish High school complimentary to her daughter, Miss Clara Blatterman, who was a member of the class.

The class colors, pink and blue, were reflected in every detail of this charming affair.

Guests were extended a welcome in the reception suite banked with summer flowers. In the dining room the refreshment table overlaid with handsome lace and florally adorned with a plaque of pink sweet peas, flanked by silver candlesticks supporting blue tapers, was presided over by Miss Margaret Louise Dugal. Delicious confections, portraying the pink and blue theme were served by Mrs. Blatterman, Miss Lilla Blatterman and Mrs. E. D. Ory.

Enjoying the numerous courtesies were: Shirley Brown, Lelia Dean Frazier, Marjorie Goodlet, Johnnie King, Anne Goodwin, Bonnie Humble, Beth Rinehart, Julia Aubert, Sybil Funchess, Lillian Carroll, Frances Hood, Sara Elizabeth Randle, Elaine Raley, Jean Terzia, Frances Erle Raby, Shirley Caine, Ruth Henderson, Relda Laster, Eva Clare Spencer, Cora Mae DeCuir, Joann Veach, Evelyn Baur, Sally Hodge, Mabel Collins, Nelda Caldwell, Aileen Fawette, Dorothy Dennis, Elsie Koserog, Hazel Elnora Bandy, Freddie Norris, Rosemary Cottingham, Miss Sallie Humble and others.

Mrs. Newhall Sponsors Recital

Claiming interest among the crowded hours of last week was Mrs. Harry Newhall's presentation of her piano pupils in recital at the Georgia Tucker school auditorium.

Beautiful flowers formed a colorful setting for the program presented skillfully and with true musicianship as follows:

Duet, Progress March (Presser), Mary Evelyn Johnson and Pat Snelling.

In My Garden (Ann Scott), Betty Faye Stovall.

Charming Clarice (Joseph Ellis), Mona Newman.

Lullaby (Brahms), Mary Evelyn Johnson.

Spinning Song (Elmenreich), Pat Snelling.

King's Review March (Bairns), Jim Frazier.

Duet, Gypsy Rondo, (Haydn), Bennie Hughes and Alice Brauer.

To Spring (Greig), Faye Waldrop.

Valse in D Flat (Chopin), Bennie Hughes.

Minuet from Mozart's Symphony in E Flat (Schulhoff), Alice Brauer.

Improvisation and Melody (Arthur L. Brown), Jeanette Clarkson.

Rungarian Rhapsody No. 2 (Liszt), Billy Jobe.

Etude in A Flat (Wallenhaupt), Valcik in D Flat (Mokrejs), Georgianna Williams.

Trio, Polonaise in A Major (Chopin), Alice Brauer, Jeanette Clarkson, Bennie Hughes.

The Sundial

By Eve C. Bradford

JUNE! Now has come the season of perfect days. They are molded so close to the heart's desire one is inclined to beseech "Time, the old gypsy man, to put up his caravan just for today." With the coming of June one grows tired of planning and striving and like the poet of old "we would fly to the wood's low rustle and the meadows kindly page and rest by the dear old river where we dreamed our youth away."

With the sky as blue as the Madonna's cloak in a sixteenth century canvas and the whole world shimmering with abundant life, it is quite impossible to remain lethargic. One's heart exults when there is such an abundance of joy and beauty in the world. The mountains, the streams, the open road, the solitude of isolated places and the mighty Atlantic lure Monroe vacationists this year as never before. Betty Isaacman, off for southern Italy on board the steamer Rex from New York June 11, vows she will die of disappointment if Lake Como is less beautiful than she has pictured it in her dreams all her life. Life will take on glamor and interest the moment she steps foot on shipboard. The summer stretches out before her in all its prismatic beauty with long hours of leisure at Lake Como climaxing in a tour of the Swiss Alps.

"Yes, it's good to go to church, yet when I see a slim white birch, or gaze upon a green pine tree, then God seems very close to me." Remembering that the fields were the first cathedrals, members of Grace church met at the vesper hour recently in the beautiful old gardens of the T. C. Rowland country home, where Rev. E. F. Hayward, wearing his ecclesiastical robes expounded his theories and philosophy of life in inspirational manner. There was one among them that afternoon who was so impressed with the sermon, the quietude and peace and the flutter of bird wings overhead, she realized for the first time the truth of the words, "God is nearer to one in a garden than anywhere elre on earth."

Ever so often youth strikes a hard blow at modernity. Last night a gay company of young folks took a little journey with the stars and upper reaches of the night, in a wagon heaped high with sweet smelling hay, and drawn by a span of horses. Jogging along, down an unfrequented lane, like country rustics, they drank in the beauty of the night and reveled in the wholesome atmosphere. Picking hayseeds from their hair will not be an unpleasant task as it was part of the rusticating experience. Gayest among them on the hayride was Lelia Dean Frazier, who conceived the idea of turning rustic. Somehow we have always associated her with the wholesome things of life—the fragrance of new mown hay, the freshness of summer nights. She possesses spontaneous enthusiasm for out-of-door activities, a charming friendliness of manner and naivete seldom found today.

The joy of living will be greatly increased for the P. L. Perot family who were to turn their automobile westward toward the great open spaces at an early hour this morning. Sailing past the Golden Gate and into San Francisco harbor, via steamer from Los Angeles will add coup de grace to a most interesting motor trip.

The Bernard Biedenharns accompanied by their father, Joseph Biedenharn, will soon be off for London to join Emma Louise, who sailed last month for London. They will form a congenial family touring the English countryside and Europe.

Life is made up of greetings and partings these days. Dollie Hudson Matteson bid farewell to old friends with great reluctance last week. Her heart is in Monroe where she spent her girlhood even though she has claimed New Jersey as her home for many years. Wherever she goes her Monroe newspaper follows her. For thirty-four years, in fact, she has never missed a copy of the paper. When she goes to her summer home on Long Island it greets her like an old friend and when she returns to her New Jersey home, like Mary's lamb, it follows her. Dollie Matteson is one person who has carried the freshness of youth in her heart through the passing years. Happiness, the gift of the gods, is hers and she spreads it abundantly. Quite the nicest thing friends say about her is that she never speaks ill of any one. Like Joaquin Miller, she finds in men whom men condemn as ill, so much goodness still. In "men whom men pronounce divine, so much of mar or blot, one hesitates to draw the line between the two where God has not."

Daisy Terzia is wearing a beautiful wide brimmed red hat. Immediately after she became a grandmother she purchased a red hat and it is certainly becoming. She remarked some time ago that most women never started to wear red until they became grandmothers and to confirm that remark she immediately donned a red chapeau.

Sallie Stuart Oliver made her first appearance in younger social circles at "Judge" Davis' birthday party at Lakeside Country club last week. In best bib and tucker and wearing the lace cap that Mable Wallace brought her from Brussels, she looked over the young chaps, Monroe's future beaux, from the vantage point of her mother's arms. She evidently approved of them as she smiled radiantly and behaved in manner befitting a five months' old young lady.

Appetizing odors were wafted across the bayou from Lakeside club Friday night where Harold and Lena Mae Woods and Mr. and Mrs. Clark Duncan turned over thick juicy steaks in the barbecue pit. Their friends were all out for this feast and pronounced them the perfect hosts. Even the good old days, before the depression, never boasted of better food or juicier steaks than those served on this occasion.

Talented Musician To Leave

Jeanette Mae Smith Is Feted At Dance On Eve Of Departure

The departure from the city of Miss Jeanette Mae Smith, talented young musician, is deeply regretted in younger social circles and in civic circles where she has been one of the outstanding entertainers during the past year. Miss Smith will make her home in Kansas.

A coterie of friends expressed their regret over Miss Smith's departure last week when a farewell party was arranged in her honor at Lakeside Country club with Misses Virginia Newman, Betty Murdock, Jeanette Clarkson, Ann Burgess and Fritzie Fleming as hostesses.

Beautiful gifts of a miscellaneous nature were presented to Miss Smith during the evening.

Dancing offered pleasant diversion for the following:

Peggy Morrison, Roseanna Reid, Evelyn J. Smith, Sybil Doughtry, Laura L. Patton, Joyce Siegle, Winsor Greene, John Collens, Harry Jordan, Frank Surguine, Gwendolyn Hulin, Warren Vaughan, Aubrey Young, Marilyn Bush, Jean Flournoy, Allan Meredith, Lee Adler, Ann Hayward, Jimmy Huitt, Durwood Cann, Lawrence Breard, Reneau Breard, Felix Terzia, Charles Regan, Sarah Regan, Billy Register, Ben Meredith, Betty Petty, Rhodes Savells, Ray Petty, Rhes McCook, Billy Davis, Garland Moore, Ben Francis, Betty Jean Hardeman, Byrinie Hardy, John Berney Oakland, Clarence Barton, Richard Greene, Leroy Atkins, Gay Noe, Betty Middleton, Anne Atkins, Zell Smith, Marness Lester, Nell Hilburn, John Hilburn, Beverly Peevy, Mary Alice Sanderson, Louise Lauderson, Howard Marx, Alvin Gleason, Sam Wilson, William Worship, Leonard Rosedale, Thad Howell, Bill Armstrong, Jack Neel, Mildred Haynes, Annie Marjorie Pohl, "Dinky" Beasely, Juanita Lippman, Brooks Stein, Evelyn Aden, Carolyn Baur, Alice Rae Goza, Mary Jane Dickard, Harry Leggs, Irma Grant Insminger, Seab De Lee, Adelaide Parker, Carolyn Husted, Jeanne Graves, "Tweetie" Myers, Noel Learned, "Che Che" Hinkle, Charles Chambers, Glo Major, Mable Cole, J. Two St. Matthew's Graduates Honored

Mr. and Mrs. J. V. Spatafora entertained with a dancing party at their home complimentary to their son, J. V. Jr., and Gene Ritter, son of Mr. and Mrs. Allen Ritter, who were members of the graduating class of the seventh grade of the parochial school.

Mrs. Spatafora, wearing a white mousseline model, and Mrs. Ritter, wearing a pastel shaded taffetta model with short jacket, stood with Miss Heloise Rimes in delphinium blue evening model and Miss Charlotte Miller in a shell pink chiffon model, and the two guests of honor, to welcome the guests in the flower banked reception suite.

Dancing was the diversion of the evening and during an intermission a buffet supper was served al fresco from a beautifully appointed table. Iced frappe was served throughout the evening from immense cut glass punch bowls. The garden was illuminated by myriad colored electrics and gayly colored lanterns.

One of the lovely features of the evening was the presentation of favors from Sister Bridget, teacher in the parochial school. They were inscribed with original bits of verse.

Mrs. Spatafora and Mrs. Ritter were assisted in extending courtesies by Mrs. McCall, Mrs. J. F. Fuller, Mrs. R. H. Fuller, Mrs. R. J. Domingues, Mrs. Mike Nastasi and Mrs. W. J. Rimes.

Miss Margaret Fenet And Judge Ellis Wed

Marriage Of Rayville Couple Takes Place At Girault Home In Monroe On May 28

A wedding of paramount interest to friends in this section of the state took place Saturday evening, May 28, when District Judge Carey Ellis of Rayville and Miss Margaret Fenet of Plain Dealing were united in marriage at the home of Judge Ellis' niece, Mrs. E. S. Girault and Mr. Girault of Monroe, at six o'clock in the evening.

The ceremony was performed by Rev. E. F. Hayward, rector of Grace church in the presence of the immediate family and a few intimate friends.

The bride wore a distinctive tailleur of delphinium blue summer wool with a smart, hip length cape and all accessories of British tan. A corsage of orchids and valley lilies completed the charming ensemble.

Immediately following the ceremony Judge and Mrs. Ellis left for a honeymoon in New York City. Upon their return by plane they will spend a few days in the Girault home in this city before leaving for Rayville where they will reside in the future.

The bride, daughter of Mr. and Mrs. J. D. Fenet of Plain Dealing, has been a member of the Rayville High school faculty. She is a member of Alpha Delta Pi sorority.

Judge Ellis, a prominent figure in judicial circles of the state, is a graduate of Sewanee university in Tennessee, and was graduated from the law department of Tulane university. He is a member of Pi Kappa Alpha fraternity and several legal fraternities.

Mrs. J. R. Gilhula Entertains Club

Mrs. J. R. Gilhula offered the hospitality of her home to members of the Married People's Card club Friday night.

The lower floor was lavishly adorned with beautiful flowers for the placement of supper tables covered with crisp linens and silver appointed. A two course supper was faultlessly served and later cards were introduced.

Handsome summer purses were presented to Mrs. Albert Horuff and Mrs. R. B. Frizzell for high scores. The gentleman's gifts, fountain pens and pencils, were presented to Mr. L. B. Ferguson and Mr. J. M. Cobb.

Mrs. Gilhula was assisted in extending courtesies by her sons, Mr. Thomas Gilhula and Mr. William Potts Clark, and Mrs. Clark. Twenty-four club members were present on this occasion.

The Sundial

By Eve C. Bradford

JUNE! Now has come the season of perfect days. They are molded so close to the heart's desire one is inclined to beseech "Time, the old gypsy man, to put up his caravan just for today." With the coming of June one grows tired of planning and striving and like the poet of old "we would fly to the wood's low rustle and the meadows kindly page and rest by the dear old river where we dreamed our youth away."

With the sky as blue as the Madonna's cloak in a sixteenth century canvas and the whole world shimmering with abundant life, it is quite impossible to remain lethargic. One's heart exults when there is such an abundance of joy and beauty in the world. The mountains, the streams, the open road, the solitude of isolated places and the mighty Atlantic lure Monroe vacationists this year as never before. Betty Isaacman, off for southern Italy on board the steamer Rex from New York June 11, vows she will die of disappointment if Lake Como is less beautiful than she has pictured it in her dreams all her life. Life will take on glamor and interest the moment she steps foot on shipboard. The summer stretches out before her in all its prismatic beauty with long hours of leisure at Lake Como climaxing in a tour of the Swiss Alps.

"Yes, it's good to go to church, yet when I see a slim white birch, or gaze upon a green pine tree, then God seems very close to me." Remembering that the fields were the first cathedrals, members of Grace church met at the vesper hour recently in the beautiful old gardens of the T. C. Rowland country home, where Rev. E. F. Hayward, wearing his ecclesiastical robes expounded his theories and philosophy of life in inspirational manner. There was one among them that afternoon who was so impressed with the sermon, the quietude and peace and the flutter of bird wings overhead, she realized for the first time the truth of the words, "God is nearer to one in a garden than anywhere else on earth."

Ever so often youth strikes a hard blow at modernity. Last night a gay company of young folks took a little journey with the stars and upper reaches of the night, in a wagon heaped high with sweet smelling hay, and drawn by a span of horses. Jogging along, down an unfrequented lane, like country rustics, they drank in the beauty of the night and reveled in the wholesome atmosphere. Picking hayseeds from their hair will not be an unpleasant task as it was part of the rusticating experience. Gayest among them on the hayride was Lelia Dean Frazier, who conceived the idea of turning rustic. Somehow we have always associated her with the wholesome things of life—the fragrance of new mown hay, the freshness of summer nights. She possesses spontaneous enthusiasm for out-of-door activities, a charming friendliness of manner and naivete seldom found today.

The joy of living will be greatly increased for the P. L. Perot family who were to turn their automobile westward toward the great open spaces at an early hour this morning. Sailing past the Golden Gate and into San Francisco harbor, via steamer from Los Angeles will add coup de grace to a most interesting motor trip.

The Bernard Biedenharns accompanied by their father, Joseph Biedenharn, will soon be off for London to join Emma Louise, who sailed last month for London. They will form a congenial family touring the English countryside and Europe.

Life is made up of greetings and partings these days. Dollie Hudson Matteson bid farewell to old friends with great reluctance last week. Her heart is in Monroe where she spent her girlhood even though she has claimed New Jersey as her home for many years. Wherever she goes her Monroe newspaper follows her. For thirty-four years, in fact, she has never missed a copy of the paper. When she goes to her summer home on Long Island it greets her like an old friend and when she returns to her New Jersey home, like Mary's lamb, it follows her. Dollie Matteson is one person who has carried the freshness of youth in her heart through the passing years. Happiness, the gift of the gods, is hers and she spreads it abundantly. Quite the nicest thing friends say about her is that she never speaks ill of any one. Like Joaquin Miller, she finds in men whom men condemn as ill, so much goodness still. In "men whom men pronounce divine, so much of mar or blot, one hesitates to draw the line between the two where God has not."

Daisy Terzia is wearing a beautiful wide brimmed red hat. Immediately after she became a grandmother she purchased a red hat and it is certainly becoming. She remarked some time ago that most women never started to wear red until they became grandmothers and to confirm that remark she immediately donned a red chapeau.

• • •

Sallie Stuart Oliver made her first appearance in younger social circles at "Judge" Davis' birthday party at Lakeside Country club last week. In best bib and tucker and wearing the lace cap that Mable Wallace brought her from Brussels, she looked over the young chaps, Monroe's future beaux, from the vantage point of her mother's arms. She evidently approved of them as she smiled radiantly and behaved in manner befitting a five months' old young lady.

Appetizing odors were wafted across the bayou from Lakeside club Friday night where Harold and Lena Mae Woods and Mr. and Mrs. Clark Duncan turned over thick juicy steaks in the barbecue pit. Their friends were all out for this feast and pronounced them the perfect hosts. Even the good old days, before the depression, never boasted of better food or juicier steaks than those served on this occasion.

Two St. Matthew's Graduates Honored

Mr. and Mrs. J. V. Spatafora entertained with a dancing party at their home complimentary to their son, J. V. Jr., and Gene Ritter, son of Mr. and Mrs. Allen Ritter, who were members of the graduating class of the seventh grade of the parochial school.

Mrs. Spatafora, wearing a white mousseline model, and Mrs. Ritter, wearing a pastel shaded taffetta model with short jacket, stood with Miss Heloise Rimes in delphinium blue evening model and Miss Charlotte Miller in a shell pink chiffon model, and the two guests of honor, to welcome the guests in the flower banked reception suite.

Dancing was the diversion of the evening and during an intermission a buffet supper was served al fresco from a beautifully appointed table. Iced frappe was served throughout the evening from immense cut glass punch bowls. The garden was illuminated by myriad colored electrics and gayly colored lanterns.

One of the lovely features of the evening was the presentation of favors from Sister Bridget, teacher in the parochial school. They were inscribed with original bits of verse.

Mrs. Spatafora and Mrs. Ritter were assisted in extending courtesies by Mrs. McCall, Mrs. J. F. Fuller, Mrs. R. H. Fuller, Mrs. R. J. Domingues, Mrs. Mike Nastasi and Mrs. W. J. Rimes.

A welcome visitor during the evening was Rev. Father Vandegaer.

Present were: Heloise Rimes and J. V. Spatafora, Charlotte Miller and Gene Ritter, Mildred Overton and Gayle Domingues, Sara Ann Hunt and Deno Kokinos, Peggy Young and Frank O'Brien, Josephine Carso and Joseph Nastasi, Martha Messina and Jack Buttitta, Helen Burkett and Robert Clouatre, Frances Pecasting and Jack Fluck, Doris Pottier and Joe Ladart, Helen Zurga and Nicky Kokinos, Sadie Soigner and Francis Hausherr, Gertrude Zurga and Bill Geiger, and Theresa Bernal, Kathleen Devereux, and Constance Spatafora.

Miss Margaret Fenet And Judge Ellis Wed

Marriage Of Rayville Couple Takes Place At Girault Home In Monroe On May 28

A wedding of paramount interest to friends in this section of the state took place Saturday evening, May 28, when District Judge Carey Ellis of Rayville and Miss Margaret Fenet of Plain Dealing were united in marriage at the home of Judge Ellis' niece, Mrs. E. S. Girault and Mr. Girault of Monroe, at six o'clock in the evening.

The ceremony was performed by Rev. E. F. Hayward, rector of Grace church in the presence of the immediate family and a few intimate friends.

The bride wore a distinctive tailleur of delphinium blue summer wool with a smart, hip length cape and all accessories of British tan. A corsage of orchids and valley lilies completed the charming ensemble.

Immediately following the ceremony Judge and Mrs. Ellis left for a honeymoon in New York City. Upon their return by plane they will spend a few days in the Girault home in this city before leaving for Rayville where they will reside in the future.

The bride, daughter of Mr. and Mrs. J. D. Fenet of Plain Dealing, has been a member of the Rayville High school faculty. She is a member of Alpha Delta Pi sorority.

Judge Ellis, a prominent figure in judicial circles of the state, is a graduate of Sewanee university in Tennessee, and was graduated from the law department of Tulane university. He is a member of Pi Kappa Alpha fraternity and several legal fraternities.

New Program Mapped By Federated Women

Plans Rapidly Taking Shape Under Direction Of New President, Mrs. Saidie Orr Dunbar

With a program of human welfare, recognition of the universal cry for peace and a plea for a return to religious principles, the 1938-1941 program of the General Federation of Women's clubs is fast assuming shape under the leadership of the new president, Mrs. Saidie Orr Dunbar, who is already established at federation headquarters in Washington, D. C., where she will make her home during her term of office.

"Adjusting Democracy for Human Welfare" is the keynote of the new administration, and the more than one hundred chairmen of departments, divisions, and committees who are now being appointed are being asked to bend their thoughts and efforts toward a perfectly rounded program of service.

"Will you plumb the potential power and strength of this organization, the depths of which have not yet been sounded?" asked Mrs. Dunbar in her acceptance speech at the Kansas City convention. "Will you contribute the quality and influence of your own personality and the faithful discharge of such responsibilities as may come to each of you? Are you willing that we shall see the focus of our common life and choose at least one great national objective worthy of the combined effort of our entire membership?

"How can we promote public welfare or human welfare? Certainly we cannot go beyond our knowledge or our willingness to serve the desperate human needs of this hour. Nor can we live a complacent, satisfied personal life apart from our fellow-man, for all true living is social thought of others. We must adjust our own attitudes and utilize all our powers. We must accept new philosophies and rapid change, must provide definite, concrete, and timely programs against those forces undermining the well-being of our people and producing many of the social maladjustments of the present day.

"We must hold fast to future ideals to make possible the action of today, and to the finer traditions of our country. We shall need a clarity of insight, a keen perception, and the faith which begins when shadows fall which, like starlight, gleams best in the gloom.'

"This will not be an easy program nor will it succeed unless the membership, as well as the leaders, will it to succeed.

"May the next three years prove worthy of a great golden jubilee celebration—our fiftieth anniversary! It is our hope and expectation that the work of the General Federation of Women's clubs will be carried to very great heights as we approach our fiftieth year. With the combined aid of the leadership which you have chosen and with the more active service of the forward-looking chairmen whom they will select, the objectives and services of the federation should prove worthy of a nationwide celebration in 1940."

For two days following the convention of the general federation meetings were held by the board of directors, the board of trustees and the executive committee, at which time Mrs. Roland H. Latham of Asheville, N. C., was made chairman of the budget, Mrs. A. L. Blackstone of Waukeshaw, Wis., was made dean of directors, and Mrs. Ernest M. Galloway of Sanford, Fla., was made chairman of the board of trustees. All three women automatically became members of the executive committee.

Miss Isobel Page Becomes Bride Of Clinton Jackson Here Last Wednesday

Grace Church Scene Of Impressive Rites

Mrs. Jackson Popular Member Of Younger Set; Couple Will Make Home In Coushatta

Claiming the affectionate interest of a wide circle of friends is the marriage, June 1 of Miss Isobel Page, daughter of Mr. and Mrs. U. J. Page of this city, and Mr. Clinton Jackson, son of Mr. and Mrs. J. S. Jackson of Coushatta.

The ceremony was performed at Grace Episcopal church by the rector, Rev. E. F. Hayward, in the presence of relatives and a few intimate friends.

The chancel was banked with pink gladiolas and Shasta daisies overflowing from tall floor standards. Baskets of blossoms formed a colorful enclosure for members of the wedding party.

A pre-nuptial concert was rendered by Mr. Lowry Jefferson, organist.

The bride, given in marriage by her father, wore a smart ensemble of beige crepe with accessories of British tan. She carried an arm bouquet of pink sweetheart roses and valley lilies.

The bride was attended by her sister, Miss Irene Ivey Page, who wore a pastel blue ensemble with all accessories of the same shade.

Mrs. Jackson, popular member of the younger set, was active in Delta Beta Sigma sorority circles during her high school days. She is a graduate of the Louisiana State Normal college and a member of Pi Kappa Sigma sorority. Since graduation she has been a member of the Oak Grove High school faculty.

Mr. Jackson, a graduate of the State Normal, is associated with the Red River parish school system. He is a member of Phi Kappa Nu fraternity.

Mr. and Mrs. Jackson will be at home to their friends in Coushatta, following their honeymoon.

Out-of-town guests attending the wedding were: Miss Cecile Jackson and Miss Virginia Butler of Coushatta and Mr. J. W. Ludlum, Mrs. W. A. Page, Miss Jeanne Page, Mr. and Mrs. Hoffman Jones of Bastrop.

Miss Freeman Weds Euel Thompson

Claiming the sincere interest of friends is the marriage of Miss Marie Freeman, daughter of Mrs. Estelle Freeman of West Monroe, and Mr. Euel Thompson, son of Mr. and Mrs. W. H. Thompson, of Alabama.

Simplicity marked the ceremony, which was performed by Rev. E. E. Huntsberry at the Baptist parsonage on Saturday evening May 28 in the presence of a few friends and relatives.

The bride wore an attractive model of figured crepe with bolero jacket of navy blue and accessories of harmonizing colors. She wore a should knot of sweetheart roses and valley lilies.

Mr. and Mrs. Thompson are graduates of Ouachita Parish High school and Mr. Thompson also attended Louisiana Tech.

The young couple are at home at 312 Clayton street, West Monroe.

Miss Sadie Hower And Charles G. Wall Marry

Impressive Ceremony Conducted May 28 At Home Of Bride's Parents In Winnsboro

Prominent among the nuptial events of the season was the marriage of Miss Sadie Rudulph Hower, daughter of Mr. and Mrs. Nelson Luther Hower of Winnsboro, and Mr. Charles Gray Wall, Jr., son of Mr. and Mrs. C. G. Wall of Monroe, which was beautifully and impressively solemnized Saturday afternoon, May 28 at 5 o'clock, at the home of the bride's parents, with Rev. Dana Terry, pastor of the First Baptist church officiating.

The vows were spoken 'neath an arch flanked by white colonnades, on which burned white tapers. Tall white floor standards overflowed with shasta daisies and ferns. Long French mirrors reflected myriad magnolias and gardenias. Miss Helen Pott lighted the candles which were in tall seven-branched candelabra arranged in tiers in the background.

A white satin prie-dieu upon which the bride and groom knelt to receive the blessings was placed before the altar.

Miss Alethea Hower, sister of the bride, and Mr. Mack Bradley, Jr., rendered the nuptial music. Mr. Bradley sang "Because" and "At Dawning." The bridal party entered to the strains of the bridal chorus from "Lohengrin" and during the ceremony Schubert's "Serenade" was softly rendered.

Rose Marie Wall, little sister of the groom, wearing a floor length pink taffeta model, carried a wrist basket filled with rose petals which she scattered along the path to the altar.

Miss Virginia Hower, sister of the bride, served as maid of honor and the bridesmaid was Mrs. Archie Turner, sister of the groom. Miss Hower wore an embroidered ecru net model over pink taffeta and Mrs. Turner wore an aquamarine mousseline de soie. They both carried colonial bouquets of sweet peas and plumosa.

The bride, given in marriage by her father, wore a distinctive wedding gown of white lace over taffeta, with a high-waisted bodice and bouffant skirt. White taffeta buttons extended from the Queen Ann collar to the waistline. For something old the bride wore a pearl brooch, an heirloom from her maternal grandmother. The finger-tip length veil was of tulle attached to a wreath of orange blossoms encircling her head. The bride's bouquet was fashioned of white roses and valley lilies with a shower of ribbons and lilies.

Immediately after the ceremony a receiving line was formed in the dining room, where a confectionery course was served by a coterie of intimate friends of the bride, Misses Yvonne Godfrey, Billie Parker, Katherine Robinson, and Mrs. James Kiper, who wore afternoon frocks in pastel shades.

Mrs. T. B. McDuff, wearing a blue taffeta and lace, registered the guests in the bride's book. The bride's cake was served by Miss Virginia Scott, who wore a model of blue sheer. Mrs. E. S. Little, in a rose beige lace, presided at the crystal punch bowl, which was banked in a wealth of gardenias.

The lace draped bride's table, encircled with gardenias, was centered with the four-tiered wedding cake embossed in roses and valley lilies. The top tier was surmounted by a wedding bell under which stood a miniature bride and groom.

The bride's mother wore a beautiful white lace gown and corsage of gardenias. Mrs. Wall, mother of the groom, was becomingly attired in a model of white crepe.

Guests were privileged to view the beautiful array of wedding gifts.

After the reception the young couple left on a wedding trip, and upon their return they will make their home in Monroe. For traveling Mrs. Wall wore a two-tone blue sheer with a lace bolero and accessories to match.

Mrs. Wall attended Louisiana Tech at Ruston and was a member of Kappa Delta sorority. For the past two years she has been a member of the Gilbert High school faculty.

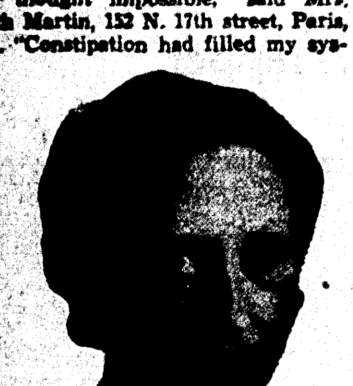
Mr. Wall attended Louisiana Tech at Ruston and Louisiana State university at Baton Rouge. He is a member of Phi Theta Pi fraternity. Mr. Wall is associated with the United Gas company of this city.

Out-of-town guests attending the wedding were Mr. and Mrs. C. G. Wall, Jocelyn Wall, "Skeets" Wall, and Judge Jesse S. Heard of West Monroe; Miss Laura Belle Wall of Fort Worth, Tex.; Miss Maxine Ellard of Trout, La.; Miss Ruby Stout of Delhi, La.; Miss Sue Terry of Jefferson City, Tenn.; B. M. Hower of Gilbert; N. L. Hower, Jr., of Laurel, Miss.; Mrs. S. F. Burleigh and Mrs. R. L. Caldwell of Columbia; Miss Mildred Trichel of Monroe and Mrs. Rose M. Bodman of Baton Rouge.

Her Entire System Toned By Gly-Cas

Mrs. Martin's Stomach And Kidneys Seriously Involved Until She Began Gly-Cas; Neuritis Pains Conquered.

"Gly-Cas is a medicine with a mild effective action which gave results I had thought impossible," said Mrs. Edith Martin, 152 N. 17th street, Paris, Tex. "Constipation had filled my system with poisons and my stomach and kidneys had become badly affected. Indigestion attacked me after every meal I ate and I became terribly nervous. My kidneys were seriously involved, up all hours of the night and lacked the energy to get about. Then neuritis settled over my body and these sharp stabbing pains were often unbearable. I was a constant sufferer with headaches too. I tried a number of medicines doing my best to get relief but met only with complete failure until I finally began this new Gly-Cas."



MRS. EDITH MARTIN

"Gly-Cas is one medicine that is different," continued Mrs. Martin. "That tired, run-down feeling has left me entirely, enjoy new strength and energy and feel fine. Those awful poisons have been removed from my system, neuritis gone, kidneys regulated and my stomach is again functioning properly. I eat the foods I wish without any ill effects afterwards, sleep fine and those awful headaches and nervousness have left me entirely. Gly-Cas is one medicine sufferers can make no mistake in trying."

Gly-Cas is sold by Phoenix Drug company, 348 DeSiard street, this city, and by the leading druggists in surrounding towns. —Adv.

Ware, Jr., Mrs. Charles Coltharp, Mrs. W. D. Ziegler, Mrs. Earl Leoty, Mrs. D. H. Allen, Mrs. C. A. Loyd, Mrs. T. W. Jones and Mrs. F. D. Naylor.

A joint meeting of all circles of the Baptist Missionary society was held at the church for a program on training schools given under the direction of Mrs. Clarence Crow. A talk by Mrs. Albert Sevier was followed by a vocal solo by Miss Gail Crow. Mrs. D. P. Moore gave an instrumental number, Mrs. R. C. Webb presented an outline of the denominational training schools and Mrs. C. J. Keene rendered a vocal selection. Mrs. L. Westmoreland, Mrs. D. P. Moore and Mrs. Clyde Lawton gave musical numbers and the program was concluded with prayer by Mrs. Crow. There was a large attendance.

The annual silver tea given by the Music club took place at the Book club building. Mrs. E. S. Moberley, accompanied by Mrs. Vernon Thompson, sang "Yesterday and Today." Mrs. M. A. Phillips gave as a piano number "Rustle of Spring." Two solo dances were presented. Mrs. W. L. Rountree, accompanied by Mrs. Phillips, sang "Ave Maria." The program was concluded with a general discussion of outstanding musicians. Mrs. W. C. Starrett was elected chairman of the Music club for the next club year.

Mrs. Z. L. Chambliss entertained with a five-table bridge party complimentary to Mr. and Mrs. Richard Tate of Little Rock. Preceding the games a supper was served. The guests included Mr. and Mrs. Richard Tate, Mr. and Mrs. M. A. Phillips, Dr. and Mrs. H. S. Provine, Mr. and Mrs. Dean Moberley, Mr. and Mrs. G. M. Fuller, Dr. and Mrs. J. CHAPTER XXXVII

The young man's back was certainly familiar. It was the way he carried his broad shoulders which first caught Celia's attention. Her heart seemed to stop beating. She leaned forward, craning her neck to see more clearly.

He did not turn around. There was something about that gray tweed back that brought a quick rush of memories. If only he would turn his head! But no—of course, she must be mistaken. It was just some stranger who held his shoulders in the same alert way as Barney Shields.

"Look, Celia, look—there's that cute jockey! The one in red. See him?"

Lisi Duncan had grabbed Celia's arm and was pointing out a boyish youth in scarlet satin, boots and broad-visored cap who, with other jockies, was crossing in front of the stands.

"Isn't he adorable?" Lisi chirped. "Why, Celia, you weren't looking at all!"

"Yes, I was, Lisi. I saw him."

It would be several minutes before there would be another race. The crowd all about them had begun moving. Tod Jordan, handsome in white linen suit and orange tie which set off his dark good looks, turned toward the two girls.

"Want to take a look at the horses?" he said. "I think I'll go down to the paddock and see if I can pick up a tip."

"I don't want tips," said Lisi glibly. "I've already picked my horse. It's the one that cute jockey in red is going to ride. See, here's his name! And the horse is 'Family Row.' There's a hunch for you. That horse ought to win me money!"

Celia shook her head.

"You go on, Tod," she said. "We'll wait for you."

Jordan disappeared in the milling crowd. Lisi was turning and twisting, trying to take in everything around her.

"If there isn't Jimmie Webster. Over there—see? And, my Lord, it's Kate with him! Well, of all things!"

Celia followed Lisi's excited gesturing to the seats a few rows above where Webster and Kate Duncan were sitting. Lisi whirled about quickly.

"Don't look!" she insisted. "Don't even let them know we saw them. Kate'll be sure to tattle."

• • •

The young man in gray down in front had turned. Celia caught a quick glimpse of sunburned cheek, eyes squinting against the sunshine—beyond a doubt Barney Shields!

"Listen, Celia, let's move over to the other side where Kate can't see us." Lisi had taken the other girl's arm.

"Oh, but we can't now. How'd we find Tod?" She had to make excuses quickly, keeping one eye on Barney. Celia's heart was pounding. Suppose Barney should leave before she could get to him.

Lisi was silent for a few moments. Then she said:

"I'll tell you. You stay and wait for Tod and I'll go across and find some seats for all of us. When he comes back you two come over. Even if Kate does see you it's all right. Oh, boy—I'd like to put something over on that old girl. The way she treated me last night!"

Celia agreed. She was only too eager to be alone. When Lisi was out of sight she rose and walked down the aisle of steps. Barney had turned again and was facing the track.

She was just behind him now. Celia tried to appear casual, but her cheeks were hot. She felt as though the eyes of everyone in the huge gathering were turned upon her.

Shyly she touched his arm.

"Hello, Barney," the girl said.

"Why—hello! Say, this is a surprise!" Barney Shields whipped off his straw hat. His face was one ruddy, delighted grin. He grabbed her hand, crushed it in his own. "Is it really you, Celia? I can hardly believe it!"

"It's me, all right," she told him, smiling. "I saw you from where I was sitting. At first I wasn't sure, but then you turned around. Barney, I'm awfully glad to see you."

"Never so glad to see anybody in my life!" the young man said emphatically. He was still holding her hand.

"But how did you happen to be—" she began.

"Oh, it's a long story! I'll tell you all about it, kid. Right now all I can do is think how sweet you're looking! Say, you look like a million dollars, Celia."

Blushes deepened her color. The girl did look attractive. Her thin green frock had flattering white frills about the throat and brief sleeves. She wore white slippers and a broad white straw with drooping brim. Flattery, that most artful of cosmetics, had done its work. Celia's eyes were shining.

"Do you really think so?" she asked softly.

"I'll say I do!"

"But you didn't answer my letters."

"Letters? I only got one. Did you send any more? That's part of all I've got to tell you. Just wait until you hear! I've had some good luck, Celia!"

"You look as though you had. Still, I don't see why you couldn't write to me. You said you would, Barney!"

"Yes, I know. But you won't care about that after you hear what's happened."

Men and women around them had begun returning to their seats. It was nearly time for the next race. Celia noticed that Barney had a camera at his side.

"Oh—are you making pictures?" she asked.

"Yes, worse luck! I'll have to be moving in a minute. Listen, when am I going to have a chance to talk to you? I've got a lot of things I want to tell you, Celia. What are you doing tonight?"

"I couldn't see you tonight," she said. "Oh, dear, let's see—"

"Can I call you at your father's house?"

• • •

The girl shook her head.

"I'm not staying there any more," land with a friend of father's. Mrs. Parsons her name is. You'd better let she said. "I'm living out on Long Isme telephone you. Where can I reach you?"

"Apex Picture service." He gave her the exchange number.

"Barney! You mean you're working there! In New York?"

"Sure!" he said exultantly. "That's part of what I've got to tell you."

Celia stood in the aisle, half turned. She glanced up and saw Tod Jordan moving toward the place where she and Lisi had been sitting. A wave of apprehension passed over the girl. Barney must not see Tod. She had been so excited at finding him here she had forgotten about Jordan.

"Say," the young man beside her drawled, "you're not alone here, are you?"

"No. I guess I'd better be getting back to my friends. You have to go anyhow now, don't you? What's the best time to call, Barney?"

"About the same, I guess. All times equally bad. But they're careful about taking messages in the office. If I'm not there, leave word. I'll get it all right."

"I'll telephone in the morning. Oh, I'm so glad to have seen you!"

"Believe me, I am, too. Well, so long!"

Celia gave him a quick smile and then mounted the steps. Her heart was singing. All the bitter thoughts that had come when Barney failed to write were banished. There must be an explanation. Anyhow, he certainly had seemed glad to see her. Sight of Shields had resurrected memories of home.

"Oh, there you are! Wondered what had become of you. Where's Lisi?" Jordan greeted her.

"She's over on the other side. Saw her sister up above and didn't want to be seen. Lisi's saving seats for us. Shall we go?"

"It's more comfortable here than it will be over there."

"But she's waiting for us, Tod."

"Oh, all right."

It was a struggle making their way through the crowded aisles. Celia caught sight of Lisi's blue handkerchief waving at them. Manfully she was guarding a seat on either side of her. At last Celia and Jordan reached her.

"I'm playing 'Family Row' straight," Lisi told them gaily. "Did you get any tips, Tod?"

"Yes. A couple. Highest odds in the race are on your horse. Did you notice that?"

"I don't care. After seeing Kate here I know 'Family Row's' going to win!"

• • •

Jordan laughed. Invariably he found Lisi Duncan amusing. Of course she wasn't the sort of girl he personally admired, but he liked to hear her talk.

The horses were appearing on the track. A few minutes more and everything was forgotten except the race. Celia with the others was on her feet, waving and cheering frantically as the flying line shot around the last curve. Nearer and nearer! Through clouds of dust one straining animal passed another. Deafening roars filled the air. Nearer and nearer! Suddenly pandemonium broke loose. The black horse had defeated the favorite.

Lisi was jumping up and down, squealing happily.

"But it wasn't the horse you bet on," Celia reminded her.

"No, but what a race! My dear, I haven't been so thrilled for days!"

Jordan was chuckling. "Well, my tip was good!" he declared. "Ought to pay pretty well, too."

Celia had begun to wonder what Barney Shields had to tell her. It was going to be a problem to meet Barney. For some curious reason she did not want to confide in Mrs. Parsons. It was probably because Evelyn had so frequently praised Tod Jordan. Celia had not yet thought through the complications that were to arise with Barney's arrival.

They stayed for two more races, but neither proved as exciting as the last. Jordan was in excellent spirits when he came away from cashing his winnings.

Lisi opened her purse and held up a single dollar bill.

"They all got wings!" she murmured mournfully.

On the drive back to Larchwood Celia was quiet. The other girl's chatter kept this from being noticed. When they arrived Lisi changed into her own clothes and departed. Jordan remained to dine with Evelyn and Celia.

They spent the evening on the veranda just as they had often before. Celia was aware of a feeling of restraint when she was alone with Jordan, but she let him kiss her good night.

"I think I'll go to bed at once," she told Evelyn after he had gone. "Feeling sleepy."

"Then you'd better go along. Good night."

Celia went to her room. She undressed, turned out the light and got into bed, but she could not sleep. An hour later Celia had reached a decision.

SO MANY homes are not equipped for the summer heat that is just about here. I have an idea for you today, folks . . . and a swell one at that. Slagle-Johnson Lumber Co. is dealer for the famous Johns-Manville ROCK WOOL BATTS, which are made of spun rock. It is said that heat cannot penetrate a wall that has been lined with this new insulation. . . . Makes the house cooler in the summer and warmer in the winter. . . . Right now is the time to talk over "insulation" with Slagle-Johnson. . . . It's the most inexpensive way to "KEEP KOOL" in the summer and "KEEP WARM" in the winter. Slagle-Johnson Lumber Co. will gladly explain how this marvelous new insulation can be used in your home. Let this one cost be your last . . . on insulation.

"HOW are your poor feet?" is supposed to be a humorous question, but, believe me, persons with "poor feet" don't think it's funny. Why, I've seen women on the verge of tears from aching and tired feet and I always say a prayer of thanks that mine are good. (Heaven knows how I'd get around on this job if they weren't!) I discovered a fine assortment of foot creams recently that not only rest tired feet, but will do much toward correcting "athlete's foot," corns and callouses. I feel like adding it will soothe jittery nerves, too, because they always go with aching feet. These creams are different from any you have ever used, I'm sure, as they may be used as either an ointment or a soap. Of course, Walgreen Drug Store is the place I find all these things. If it's new—they have it!

●

AT SEARS this week don't fail to see the "COLDSPOT," America's most beautiful electric refrigerator, regardless of price. Really, girls, it has a graceful profile . . . and marks the dawn of a new day in smartness and convenience in refrigeration. Sold on a five-year protection plan . . . small down payment, balance monthly. . . . You never bought so much value for the money before. SEARS is the place for almost anything used in the MODERN AMERICAN HOME.

SOME gallant gentleman of the old school, desiring to flatter his lady, must have coined the expression: "Time is kind to her." What a fallacy! Time isn't kind to anyone—least of all to a woman. But women are smart these days and know a lot of tricks to fool the old fellow with the hour glass. They watch their diets, they wear chin straps, have facials and expert care given their hair. The last is most important. Until a few years ago comparatively few women gave scientific care to their hair—a home shampoo with nondescript soap was the rule. Now, with so many women in business and a minimum of time to spend on themselves, we find more and more going to hairdressers for proper treatment. The "permanent" has helped the cause too because few of us can "set" our own hair. All this is to tell you of the Eunice Lee Beauty Shop, where scalp and hair specialists will give you the benefit of their knowledge and skill. Whether your hair is short or has never known scissors it will be made your "crowning glory" as it should be. Phone 2070 and make your appointment. A diagnosis costs you nothing.

WELL, here it is the 5th of June and time you were putting your fur coat in storage. Moths have a predilection for soiled and dusty furs, you know, and now is the time to cheat the little beggars out of a meal. The Monroe Steam Laundry has exclusive "Certified Fur Storage" in their new air-conditioned storage vaults and is one of the best I've ever heard of. First of all, the record of this firm—42 years in business without a single loss to a client—speaks for itself. That a bonded messenger will call for your garment, that it will be carefully examined and cleaned by a furrier's process, hung in a steel vault, given 100 per cent protection against fire, moths and burglary — and steamed and glazed by experts, should only increase your confidence. This all-inclusive service is for a coat or fur neck pieces. Don't procrastinate—call 102 or 103 and get this serious fur problem settled once and for all.

FOR SPECIAL parties. . . . The Jitney Jungle Bakery on North Fourth street and Stubbs is making "entertainment history" with their special catering service. The delicious cakes specially decorated for the occasion will make your party a success. Just name your party idea and your color scheme and Jitney Jungle can take care of it. For those dainties to serve that are really different you can find them all at Jitney Jungle on North Fourth and Stubbs.

ARE YOU watching your calories? Do you know the foods that contribute essential vitamins and minerals and how to balance your diet without either unbalancing the scales or starving to death? If not, the Butter-Krust Bread diet will help you to lose pounds with utmost benefit to your mind and body. Overweight, you know, is the result of eating the wrong sorts of food—rather than eating too much food. This diet doesn't deal with "faddistic" diets that weaken systems by starving them of vital elements, but offers menus that are perfectly balanced and that provide enough food to prevent hunger. A nutritionally correct diet is outlined, that if followed faithfully will reduce one safely and sanely. Fortunately, you can eat "a plenty" of that delicious Butter-Krust bread on this diet.

AREN'T YOU getting terribly excited about the COOKING SCHOOL? . . . June 15th, 16th and 17th. . . . We will see you at Neville auditorium and hear that very eminent lecturer, Mrs. Ida Chitwood, for the first time in Louisiana. The Neville auditorium will be air-cooled this year and I know you will be glad to know this. Everything has been taken care of for your comfort and entertainment and there will be new cooking ideas . . . home making ideas . . . songs . . . style show . . . music . . . and PRIZES. . . . Make preparations now to attend the cooking school. . . . Be there every day. . . . Learn and win prizes . . . at the Cooking School.

Sincerely,

Miss Sadie Hower And Charles G. Wall Marry

Impressive Ceremony Conducted May 28 At Home Of Bride's Parents In Winnsboro

Prominent among the nuptial events of the season was the marriage of Miss Sadie Rudulph Hower, daughter of Mr. and Mrs. Nelson Luther Hower of Winnsboro, and Mr. Charles Gray Wall, Jr., son of Mr. and Mrs. C. G. Wall of Monroe, which was beautifully and impressively solemnized Saturday afternoon, May 28 at 5 o'clock, at the home of the bride's parents, with Rev. Dana Terry, pastor of the First Baptist church officiating.

The vows were spoken 'neath an arch flanked by white colonnades, on which burned white tapers. Tall white floor standards overflowed with shasta daisies and ferns. Long French mirrors reflected myriad magnolias and gardenias. Miss Helen Pott lighted the candles which were in tall seven-branched candelabra arranged in tiers in the background.

A white satin prie-dieu upon which the bride and groom knelt to receive the blessings was placed before the altar.

Miss Alethea Hower, sister of the bride, and Mr. Mack Bradley, Jr., rendered the nuptial music. Mr. Bradley sang "Because" and "At Dawning." The bridal party entered to the strains of the bridal chorus from "Lohengrin" and during the ceremony Schubert's "Serenade" was softly rendered.

Rose Marie Wall, little sister of the groom, wearing a floor length pink taffeta model, carried a wrist basket filled with rose petals which she scattered along the path to the altar.

Miss Virginia Hower, sister of the bride, served as maid of honor and the bridesmaid was Mrs. Archie Turner, sister of the groom. Miss Hower wore an embroidered ecru net model over pink taffeta and Mrs. Turner wore an aquamarine mousseline de soie. They both carried colonial bouquets of sweet peas and plumosa.

The bride, given in marriage by her father, wore a distinctive wedding gown of white lace over taffeta, with a high-waisted bodice and bouffant skirt. White taffeta buttons extended from the Queen Ann collar to the waistline. For something old the bride wore a pearl brooch, an heirloom from her maternal grandmother. The finger-tip length veil was of tulle attached to a wreath of orange blossoms encircling her head. The bride's bouquet was fashioned of white roses and valley lilies with a shower of ribbons and lilies.

Immediately after the ceremony a receiving line was formed in the dining room, where a confectionery course was served by a coterie of intimate friends of the bride, Misses Yvonne Godfrey, Billie Parker, Katherine Robinson, and Mrs. James Kiper, who wore afternoon frocks in pastel shades.

Mrs. T. B. McDuff, wearing a blue taffeta and lace, registered the guests in the bride's book. The bride's cake was served by Miss Virginia Scott, who wore a model of blue sheer. Mrs. E. S. Little, in a rose beige lace, presided at the crystal punch bowl, which was banked in a wealth of gardenias.

The lace draped bride's table, encircled with gardenias, was centered with the four-tiered wedding cake embossed in roses and valley lilies. The top tier was surmounted by a wedding bell under which stood a miniature bride and groom.

The bride's mother wore a beautiful white lace gown and corsage of gardenias. Mrs. Wall, mother of the groom, was becomingly attired in a model of white crepe.

Guests were privileged to view the beautiful array of wedding gifts.

After the reception the young couple left on a wedding trip, and upon their return they will make their home in Monroe. For traveling Mrs. Wall wore a two-tone blue sheer with a lace bolero and accessories to match.

Mrs. Wall attended Louisiana Tech at Ruston and was a member of Kappa Delta sorority. For the past two years she has been a member of the Gilbert High school faculty.

Mr. Wall attended Louisiana Tech at Ruston and Louisiana State university at Baton Rouge. He is a member of Phi Theta Pi fraternity. Mr. Wall is associated with the United Gas company of this city.

Out-of-town guests attending the wedding were Mr. and Mrs. C. G. Wall, Jocelyn Wall, "Skeets" Wall, and Judge Jesse S. Heard of West Monroe; Miss Laura Belle Wall of Fort Worth, Tex.; Miss Maxine Ellard of Trout, La.; Miss Ruby Stout of Delhi, La.; Miss Sue Terry of Jefferson City, Tenn.; B. M. Hower of Gilbert; N. L. Hower, Jr., of Laurel, Miss.; Mrs. S. F. Burleigh and Mrs. R. L. Caldwell of Columbia; Miss Mildred Trichel of Monroe and Mrs. Rose M. Bodman of Baton Rouge.

Her Entire System Toned By Gly-Cas

Mrs. Martin's Stomach And Kidneys Seriously Involved Until She Began Gly-Cas; Neuritis Pains Conquered.

"Gly-Cas is a medicine with a mild effective action which gave results I had thought impossible," said Mrs. Edith Martin, 152 N. 17th street, Paris, Tex. "Constipation had filled my system with poisons and my stomach and kidneys had become badly affected. Indigestion attacked me after every meal I ate and I became terribly nervous. My kidneys were seriously involved, up all hours of the night and lacked the energy to get about. Then neuritis settled over my body and those sharp stabbing pains were often unbearable. I was a constant sufferer with headaches too. I tried a number of medicines doing my best to get relief but met only with complete failure until I finally began this new Gly-Cas."

"Gly-Cas is one medicine that is different," continued Mrs. Martin. "That tired, run-down feeling has left me entirely, enjoy new strength and energy and feel fine. Those awful poisons have been removed from my system, neuritis gone, kidneys regulated and my stomach is again functioning properly. I eat the foods I wish without any ill effects afterwards, sleep fine and those awful headaches and nervousness have left me entirely. Gly-Cas is one medicine sufferers can make no mistake in trying."

Gly-Cas is sold by Phoenix Drug company, 348 DeSiard street, this city, and by the leading druggists in surrounding towns. —Adv.

WINNSBORO GIRL WEDS

Mrs. A. J. Wall, Jr., who before her marriage May 28 was Miss Sadie Hower, daughter of Mr. and Mrs. N. L. Hower, Sr., of Winnsboro. Mr. and Mrs. Wall are now at home to their friends in this city where Mr. Wall is associated with the United Gas company.

Heart Hungry

CHAPTER XXXVII

The young man's back was certainly familiar. It was the way he carried his broad shoulders which first caught Celia's attention. Her heart seemed to stop beating. She leaned forward, craning her neck to see more clearly.

He did not turn around. There was something about that gray tweed back that brought a quick rush of memories. If only he would turn his head! But no—of course, she must be mistaken. It was just some stranger who held his shoulders in the same alert way as Barney Shields.

"Look, Celia, look—there's that cute jockey! The one in red. See him?"

Lisi Duncan had grabbed Celia's arm and was pointing out a boyish youth in scarlet satin, boots and broad-visored cap who, with other jockies, was crossing in front of the stands.

"Isn't he adorable?" Lisi chirped. "Why, Celia, you weren't looking at all!"

"Yes, I was, Lisi. I saw him."

It would be several minutes before there would be another race. The crowd all about them had begun moving. Tod Jordan, handsome in white linen suit and orange tie which set off his dark good looks, turned toward the two girls.

"Want to take a look at the horses?" he said. "I think I'll go down to the paddock and see if I can pick up a tip."

"I don't want tips," said Lisi glibly. "I've already picked my horse. It's the one that cute jockey in red is going to ride. See, here's his name! And the horse is 'Family Row.' There's a hunch for you. That horse ought to win me money!"

Celia shook her head.

"You go on, Tod," she said. "We'll wait for you."

Jordan disappeared in the milling crowd. Lisi was turning and twisting, trying to take in everything around her.

"If there isn't Jimmie Webster. Over there—see? And, my Lord, it's Kate with him! Well, of all things!"

Celia followed Lisi's excited gesturing to the seats a few rows above where Webster and Kate Duncan were sitting. Lisi whirled about quickly.

"Don't look!" she insisted. "Don't even let them know we saw them. Kate'll be sure to tattle."

* * *

The young man in gray down in front had turned. Celia caught a quick glimpse of sunburned cheek, eyes squinting against the sunshine—beyond a doubt Barney Shields!

"Listen, Celia, let's move over to the other side where Kate can't see us." Lisi had taken the other girl's arm.

"Oh, but we can't now. How'd we find Tod?" She had to make excuses quickly, keeping one eye on Barney. Celia's heart was pounding. Suppose Barney should leave before she could get to him.

Lisi was silent for a few moments. Then she said:

"I'll tell you. You stay and wait for Tod and I'll go across and find some seats for all of us. When he comes back you two come over. Even if Kate does see you it's all right. Oh, boy—I'd like to put something over on that old girl. The way she treated me last night!"

Celia agreed. She was only too eager to be alone. When Lisi was out of sight she rose and walked down the aisle of steps. Barney had turned again and was facing the track.

She was just behind him now. Celia tried to appear casual, but her cheeks were hot. She felt as though the eyes of everyone in the huge gathering were turned upon her.

Shyly she touched his arm.

"Hello, Barney," the girl said.

"Why—hello! Say, this is a surprise!" Barney Shields whipped off his straw hat. His face was one ruddy, delighted grin. He grabbed her hand, crushed it in his own. "Is it really you, Celia? I can hardly believe it!"

"It's me, all right," she told him, smiling. "I saw you from where I was sitting. At first I wasn't sure, but then you turned around. Barney, I'm awfully glad to see you."

"Never so glad to see anybody in my life!" the young man said emphatically. He was still holding her hand.

"But how did you happen to be—" she began.

"Oh, it's a long story! I'll tell you all about it, kid. Right now all I can do is think how sweet you're looking! Say, you look like a million dollars, Celia."

Blushes deepened her color. The girl did look attractive. Her thin green frock had flattering white frills about the throat and brief sleeves. She wore white slippers and a broad white straw with drooping brim. Flattery, that most artful of cosmetics, had done its work. Celia's eyes were shining.

"Do you really think so?" she asked softly.

"I'll say I do!"

"But you didn't answer my letters."

"Letters? I only got one. Did you send any more? That's part of all I've got to tell you. Just wait until you hear! I've had some good luck, Celia!"

"You look as though you had. Still, I don't see why you couldn't write to me. You said you would, Barney!"

"Yes, I know. But you won't care about that after you hear what's happened."

Men and women around them had begun returning to their seats. It was nearly time for the next race. Celia noticed that Barney had a camera at his side.

"Oh—are you making pictures?" she asked.

"Yes, worse luck! I'll have to be moving in a minute. Listen, when am I going to have a chance to talk to you? I've got a lot of things I want to tell you, Celia. What are you doing tonight?"

"I couldn't see you tonight," she said. "Oh, dear, let's see—"

"Can I call you at your father's house?"

* * *

The girl shook her head.

"I'm not staying there any more," land with a friend of father's. Mrs. Parsons her name is. You'd better let she said. "I'm living out on Long Is- me telephone you. Where can I reach you?"

"Apex Picture service." He gave her the exchange number.

"Barney! You mean you're working there! In New York?"

"Sure!" he said exultantly. "That's part of what I've got to tell you."

Celia stood in the aisle, half turned. She glanced up and saw Tod Jordan moving toward the place where she and Lisi had been sitting. A wave of apprehension passed over the girl. Barney must not see Tod. She had been so excited at finding him here she had forgotten about Jordan.

"Say," the young man beside her drawled, "you're not alone here, are you?"

"No. I guess I'd better be getting back to my friends. You have to go anyhow now, don't you? What's the best time to call, Barney?"

"About the same, I guess. All times equally bad. But they're careful about taking messages in the office. If I'm not there, leave word. I'll get it all right."

"I'll telephone in the morning. Oh, I'm so glad to have seen you!"

"Believe me, I am, too. Well, so long!"

Celia gave him a quick smile and then mounted the steps. Her heart was singing. All the bitter thoughts that had come when Barney failed to write were banished. There must be an explanation. Anyhow, he certainly had seemed glad to see her. Sight of Shields had resurrected memories of home.

"Oh, there you are! Wondered what had become of you. Where's Lisi?" Jordan greeted her.

"She's over on the other side. Saw her sister up above and didn't want to be seen. Lisi's saving seats for us. Shall we go?"

"It's more comfortable here than it will be over there."

"But she's waiting for us, Tod."

"Oh, all right."

It was a struggle making their way through the crowded aisles. Celia caught sight of Lisi's blue handkerchief waving at them. Manfully she was guarding a seat on either side of her. At last Celia and Jordan reached her.

"I'm playing 'Family Row' straight," Lisi told them gaily. "Did you get any tips, Tod?"

"Yes. A couple. Highest odds in the race are on your horse. Did you notice that?"

"I don't care. After seeing Kate here I know 'Family Row's' going to win!"

* * *

Jordan laughed. Invariably he found Lisi Duncan amusing. Of course she wasn't the sort of girl he personally admired, but he liked to hear her talk.

The horses were appearing on the track. A few minutes more and everything was forgotten except the race. Celia with the others was on her feet, waving and cheering frantically as the flying line shot around the last curve. Nearer and nearer! Through clouds of dust one straining animal passed another. Deafening roars filled the air. Nearer and nearer! Suddenly pandemonium broke loose. The black horse had defeated the favorite.

Lisi was jumping up and down, squealing happily.

"But it wasn't the horse you bet on," Celia reminded her.

"No, but what a race! My dear, I haven't been so thrilled for days!"

Jordan was chuckling. "Well, my tip was good!" he declared. "Ought to pay pretty well, too."

Celia had begun to wonder what Barney Shields had to tell her. It was going to be a problem to meet Barney. For some curious reason she did not want to confide in Mrs. Parsons. It was probably because Evelyn had so frequently praised Tod Jordan. Celia had not yet thought through the complications that were to arise with Barney's arrival.

They stayed for two more races, but neither proved as exciting as the last. Jordan was in excellent spirits when he came away from cashing his winnings.

Lisi opened her purse and held up a single dollar bill.

"They all got wings!" she murmured mournfully.

On the drive back to Larchwood Celia was quiet. The other girl's chatter kept this from being noticed. When they arrived Lisi changed into her own clothes and departed. Jordan remained to dine with Evelyn and Celia.

They spent the evening on the veranda just as they had often before. Celia was aware of a feeling of restraint when she was alone with Jordan, but she let him kiss her good night.

"I think I'll go to bed at once," she told Evelyn after he had gone. "Feeling sleepy."

"Then you'd better go along. Good night."

Celia went to her room. She undressed, turned out the light and got into bed, but she could not sleep. An hour later Celia had reached a decision.

SO MANY homes are not equipped for the summer heat that is just about here. I have an idea for you today, folks . . . and a swell one at that. Slagle-Johnson Lumber Co. is dealer for the famous Johns-Manville **ROCK WOOL BATTS**, which are made of spun rock. It is said that heat cannot penetrate a wall that has been lined with this new insulation. . . . Makes the house cooler in the summer and warmer in the winter. . . . Right now is the time to talk over "insulation" with Slagle-Johnson. . . . It's the most inexpensive way to "**KEEP KOOL**" in the summer and "**KEEP WARM**" in the winter. Slagle-Johnson Lumber Co. will gladly explain how this marvelous new insulation can be used in your home. Let this one cost be your last . . . on insulation.

"HOW are your poor feet?" is supposed to be a humorous question, but, believe me, persons with "poor feet" don't think it's funny. Why, I've seen women on the verge of tears from aching and tired feet and I always say a prayer of thanks that mine are good. (Heaven knows how I'd get around on this job if they weren't!) I discovered a fine assortment of foot creams recently that not only rest tired feet, but will do much toward correcting "athlete's foot," corns and callouses. I feel like adding it will soothe jittery nerves, too, because they always go with aching feet. These creams are different from any you have ever used, I'm sure, as they may be used as either an ointment or a soap. Of course, Walgreen Drug Store is the place I find all these things. If it's new—they have it!

●

AT SEARS this week don't fail to see the "COLDSPOT," America's most beautiful electric refrigerator, regardless of price. Really, girls, it has a graceful profile . . . and marks the dawn of a new day in smartness and convenience in refrigeration. Sold on a five-year protection plan . . . small down payment, balance monthly. . . . You never bought so much value for the money before. **SEARS** is the place for almost anything used in the **MODERN AMERICAN HOME.**

SOME gallant gentleman of the old school, desiring to flatter his lady, must have coined the expression: "Time is kind to her." What a fallacy! Time isn't kind to anyone—least of all to a woman. But women are smart these days and know a lot of tricks to fool the old fellow with the hour glass. They watch their diets, they wear chin straps, have facials and expert care given their hair. The last is most important. Until a few years ago comparatively few women gave scientific care to their hair—a home shampoo with nondescript soap was the rule. Now, with so many women in business and a minimum of time to spend on themselves, we find more and more going to hairdressers for proper treatment. The "permanent" has helped the cause too because few of us can "set" our own hair. All this is to tell you of the Eunice Lee Beauty Shop, where scalp and hair specialists will give you the benefit of their knowledge and skill. Whether your hair is short or has never known scissors it will be made your "crowning glory" as it should be. Phone 2070 and make your appointment. A diagnosis costs you nothing.

●

WELL, here it is the 5th of June and time you were putting your fur coat in storage. Moths have a predilection for soiled and dusty furs, you know, and now is the time to cheat the little beggars out of a meal. The Monroe Steam Laundry has exclusive "Certified Fur Storage" in their new air-conditioned storage vaults and is one of the best I've ever heard of. First of all, the record of this firm—42 years in business without a single loss to a client—speaks for itself. That a bonded messenger will call for your garment, that it will be carefully examined and cleaned by a furrier's process, hung in a steel vault, given 100 per cent protection against fire, moths and burglary — and steamed and glazed by experts, should only increase your confidence. This all-inclusive service is for a coat or fur neck pieces. Don't procrastinate—call 102 or 103 and get this serious fur problem settled once and for all.

●

FOR SPECIAL parties. . . . The Jitney Jungle Bakery on North Fourth street and Stubbs is making "entertainment history" with their special catering service. The delicious cakes specially decorated for the occasion will make your party a success. Just name your party idea and your color scheme and Jitney Jungle can take care of it. For those dainties to serve that are really different you can find them all at Jitney Jungle on North Fourth and Stubbs.

●

ARE YOU watching your calories? Do you know the foods that contribute essential vitamins and minerals and how to balance your diet without either unbalancing the scales or starving to death? If not, the Butter-Krust Bread diet will help you to lose pounds with utmost benefit to your mind and body. Overweight, you know, is the result of eating the wrong sorts of food—rather than eating too much food. This diet doesn't deal with "faddistic" diets that weaken systems by starving them of vital elements, but offers menus that are perfectly balanced and that provide enough food to prevent hunger. A nutritionally correct diet is outlined, that if followed faithfully will reduce one safely and sanely. Fortunately, you can eat "a plenty" of that delicious Butter-Krust bread on this diet.

●

AREN'T YOU getting terribly excited about the COOKING SCHOOL? . . . June 15th, 16th and 17th. . . . We will see you at Neville auditorium and hear that very eminent lecturer, Mrs. Ida Chitwood, for the first time in Louisiana. The Neville auditorium will be air-cooled this year and I know you will be glad to know this. Everything has been taken care of for your comfort and entertainment and there will be new cooking ideas . . . home making ideas . . . songs . . . style show . . . music . . . and PRIZES. . . . Make preparations now to attend the cooking school. . . . Be there every day. . . . Learn and win prizes . . . at the Cooking School.

Sincerely,
Irene

OUTGOING COUNCIL TO MEET MONDAY

West Monroe's Present City Administration Plans Last Session

The West Monroe city council will meet for the last session under the administration of Mayor C. C. Bell at the city hall in that city Monday at 8 p.m.

Only routine business will be transacted. The present aldermen are as follows: B. A. Gentry, D. C. Golson, Lee Hawkins, Tom Hicks and S. D. Kennedy.

The new administration will be composed of Mayor H. M. Williams, Jr., and the following aldermen: D. C. Golson, Marlin Hattaway, Lee Hawkins, S. D. Kennedy and H. A. McDonald.

The first meeting of the new administration will, it is expected, be held on the night of July 5.

MANY ENROLL FOR SUMMER SESSION

NATCHITOCHES, La. June 4—(Special)—With registration incomplete, early enrollment for the nine weeks' summer school at the Louisiana State Normal college here mounted to 886 in the college department proper today to give the State Teachers' college one of the largest first-week registrations in the history of the short session at the institution.

By special action of college officials, teachers and high school graduates whose schools closed too late for them to enroll this week will be permitted to enter Monday without paying a special fee and without losing credit for the term.

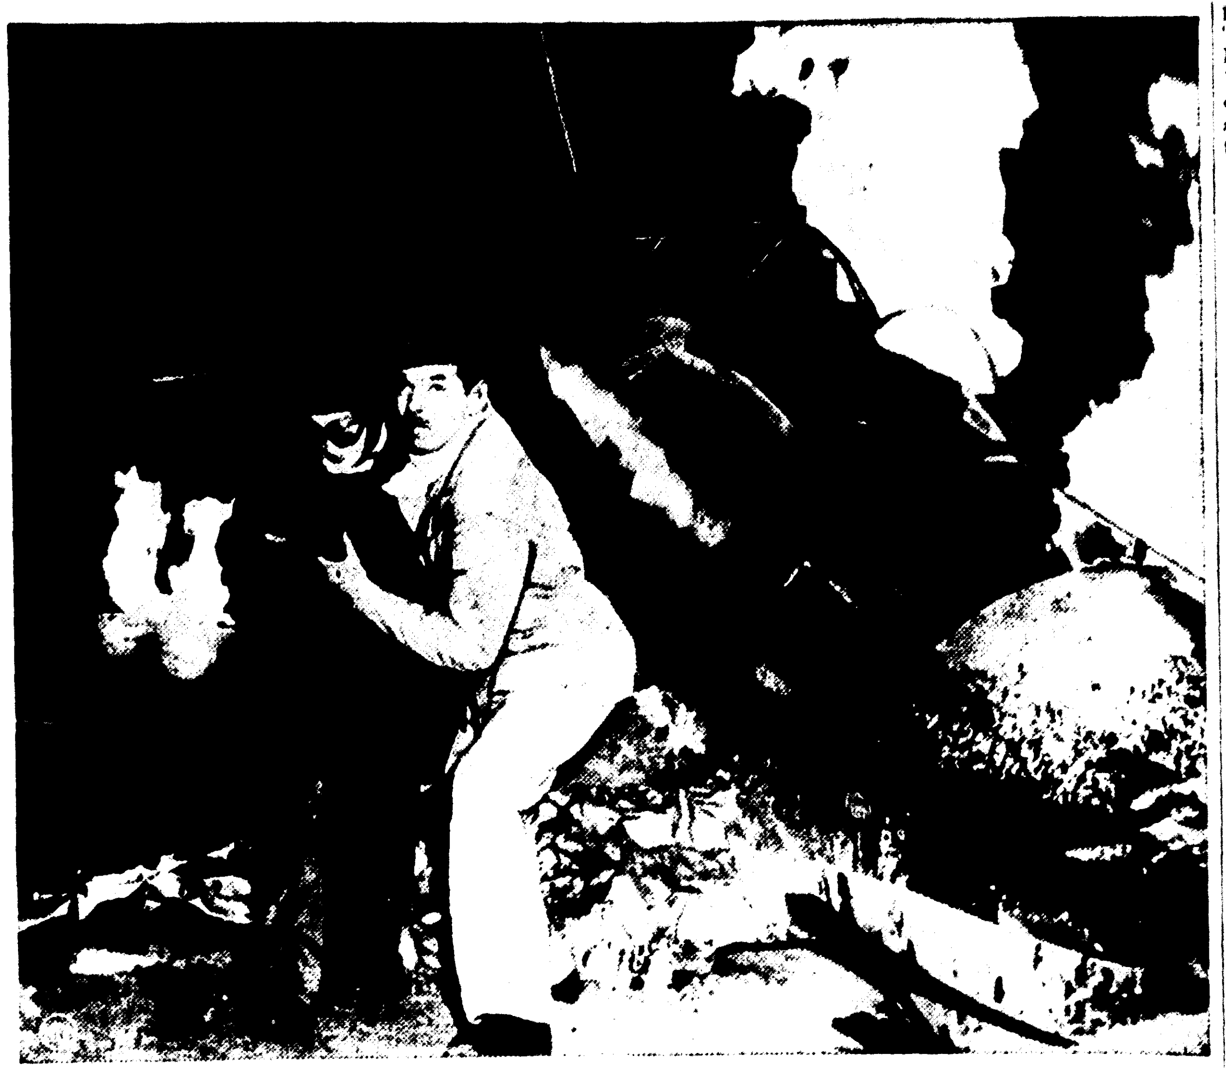
Classes this summer begin at 7 a.m., and continue until 12:25 p.m., reopening in the afternoon at 3:15 and extending to 4:45 p.m. Both swimming and boating classes are conducted from 6:30 p.m. to 7:30 p.m.

Although a large number of students enrolled at the college here this summer are driving to the campus daily in private cars or buses, the majority of students are residing in the college dormitories.

NEGRO YOUTH DROWNS

WINNSBORO, La. June 4—(Special)—Lewis Lee, 15-year-old negro youth living three miles south of Winnsboro, was drowned while swimming in a bar pit near here. Martin Cooper, a negro companion, attempted to rescue Lewis but could not reach him. His body was recovered by Bradly Broom, negro undertaker, who administered artificial respiration without results.

MOVIE HERO IN 'HONEST-TO-GOODNESS' RESCUE



Gallantly escorting Myrna Loy from the flaming, oil-smeared wreckage of a crashed plane, Clark Gable is pictured above in a rescue role which movie folk insist was no make-believe. They claim that Miss Loy, playing the part of a famous aviatrix arriving in China in the nick of time with desperately needed serum, was almost trapped in the cockpit as a sudden wind fanned the flames attacking the plane. Gable got his co-star out of the plane and rushed her to safety and, luckily, a movie camera was right on hand to record the rescue, which occurred during filming of M-G-M's "Too Hot to Handle."

Bible study 9:45 a. m. Preaching 11 a. m. and 7:45 p. m. Ladies' Bible class Tuesday 2:30 p. m. Prayer and song service Wednesday 7:45 p. m. "Watch ye, stand fast in the faith, quit you like men, be strong. Let all that ye do be done in love." Worship with us.

GORDON AVENUE METHODIST
J. M. Alford, Pastor

Sunday will be the day for our communion service, which is observed monthly. It is a precious privilege to remember our Lord, who died for us. The pastor's subject will be: "The Bread of Life." At the evening service, 7:45, the theme will be: "The Unanswered Question." The church school exercises will open at the usual time, 9:45 a.m. The two Epworth leagues will render programs at 7 p.m. The Women's Missionary society will meet at the church Tuesday afternoon at 2:30 o'clock. Rev. J. A. Alford of New Orleans, a brother of the pastor, who is the director of the Golden Cross of the state, delivered an address last Wednesday evening at the church. Next Wednesday evening, the prayer meeting will be led by Wallace Reeves, one of our boys who has just returned from the John Brown college at Siloam Springs, Ark. The young people of the church had charge of the services last Sunday evening and rendered an excellent program. The meeting was led by Uriah Pickens, the president of the senior league. Interesting and inspiring addresses were delivered by Wallace Reeves, and Guy Pinkard. Other choice young people of our community served on the program. We invite all our friends and urge all our members to come and worship with us next Sunday.

FIRST PRESBYTERIAN CHURCH
Grammont at Catalpa
Ernest Holloway, Pastor

"The Great Invitation" and "A Sure Cure for Care" are the subjects of our messages. The first is the call of Christ to weary folk; the second offers the views of the Apostle Paul, dealing with anxiety. Our religious convictions are effective in meeting life's issues. Will you hear us as we speak in His name, seeking to lift, encourage and strengthen? The Lord has come and calleth His own. Are you ready to respond to His offers? The elders of our congregation are in session at the close of all worship services to receive and enroll you in the Presbyterian branch of the Christian church. Your cooperation is asked that not less than 25 may be added to our roster by July 1. The Bible school meets each Sabbath, the men's class in the Paramount theater and the other classes in the church buildings. You are urged to attend. A hearty welcome awaits you.

Layman's day will be observed at 11 a m Sunday. We are to have as a guest speaker for the hour Honorable Robert M. McGhee of Downesville. The public is invited to attend the service and hear this fine speaker. For the evening worship, at 8 o'clock, Dr. W. C. Scott, pastor of the First Methodist Church of Monroe, will preach. We are confident that our people will come to hear this great preacher. Every member and friend of the church is urged to attend both of these services and we know that there awaits a great treat for those who hear the messages. It is true the weather is warm, but we have plenty of fans and the church is comfortable and cool. There are times in the summer when we feel prone to insert a large advertisement in our papers reading something like this: Lost, strayed or stolen, a large flock of Methodist sheep. When last seen they were browsing along the road to indifference. If they refuse to come, drive them into the nearest fold and lock the door and report to the undersigned. A reward will be given to the individual rendering this important service. The time of the year should not affect our Christian interest in the cause of Christ and the church. Sunday school at 9:45 a.m., with a class for every age. Mr. R. M. McClindon, our superintendent, wants you to attend. A fine organ and piano musical program will be given at every service.

OUTGOING COUNCIL TO MEET MONDAY

West Monroe's Present City Administration Plans Last Session

The West Monroe city council will meet for the last session under the administration of Mayor C. C. Bell at the city hall in that city Monday at 8 p.m.

Only routine business will be transacted. The present aldermen are as follows: B. A. Gentry, D. C. Golson, Lee Hawkins, Tom Hicks and S. D. Kennedy.

The new administration will be composed of Mayor H. M. Williams, Jr., and the following aldermen: D. C. Golson, Marlin Hattaway, Lee Hawkins, S. D. Kennedy and H. A. McDonald.

The first meeting of the new administration will, it is expected, be held on the night of July 5.

MANY ENROLL FOR SUMMER SESSION

NATCHITOCHES, La. June 4—(Special)—With registration incomplete, early enrollment for the nine weeks' summer school at the Louisiana State Normal college here mounted to 886 in the college department proper today to give the State Teachers' college one of the largest first-week registrations in the history of the short session at the institution

By special action of college officials, teachers and high school graduates whose schools closed too late for them to enroll this week will be permitted to enter Monday without paying a special fee and without losing credit for the term.

Classes this summer begin at 7 a.m., and continue until 12:25 p.m., reopening in the afternoon at 3:15 and extending to 4:45 p.m. Both swimming and boating classes are conducted from 6:30 p.m. to 7:30 p.m.

Although a large number of students enrolled at the college here this summer are driving to the campus daily in private cars or buses, the majority of students are residing in the college dormitories.

NEGRO YOUTH DROWNS

WINNSBORO, La, June 4.—(Special)—Lewis Lee, 15-year-old negro youth living three miles south of Winnsboro, was drowned while swimming in a bar pit near here. Martin Cooper, a negro companion, attempted to rescue Lewis but could not reach him. His body was recovered by Bradly Broom, negro undertaker, who administered artificial respiration without results.

MOVIE HERO IN 'HONEST-TO-GOODNESS' RESCUE

Gallantly escorting Myrna Loy from the flaming, oil-smeared wreckage of a crashed plane, Clark Gable is pictured above in a rescue role which movie folk insist was no make-believe. They claim that Miss Loy, playing the part of a famous aviatrix arriving in China in the nick of time with desperately needed serum, was almost trapped in the cockpit as a sudden wind fanned the flames attacking the plane. Gable got his co-star out of the plane and rushed her to safety and, luckily, a movie camera was right on hand to record the rescue, which occurred during filming of M-G-M's "Too Hot to Handle."

The pastor will occupy the pulpit both hours Sunday. The services will be broadcast over KMLB, and the pastor will conduct the morning devotionals over the same station each morning of the following week. Sunday school meets at 9:45 a. m. We hope to get back above the 800 mark in attendance Sunday, and above the 200 mark in the B. T. U. and Brotherhood attendance at 6:30 p. m. The deacons will have their regular monthly meeting at 3 p. m. The choir under the leadership of Mrs. Allbritton will bring special numbers. We have word from Mr. Black that he and his family will arrive in Monroe late Tuesday of next week. We want a large crowd to be at prayer meeting and choir rehearsal Wednesday night to welcome them back. Visitors and strangers always receive a cordial welcome.

GORDON AVENUE METHODIST
J. M. Alford, Pastor

Sunday will be the day for our communion service, which is observed monthly. It is a precious privilege to remember our Lord, who died for us. The pastor's subject will be: "The Bread of Life." At the evening service, 7:45, the theme will be: "The Unanswered Question." The church school exercises will open at the usual time, 9:45 a.m. The two Epworth leagues will render programs at 7 p.m. The Women's Missionary society will meet at the church Tuesday afternoon at 2:30 o'clock. Rev. J. A. Alford of New Orleans, a brother of the pastor, who is the director of the Golden Cross of the state, delivered an address last Wednesday evening at the church. Next Wednesday evening, the prayer meeting will be led by Wallace Reeves, one of our boys who has just returned from the John Brown college at Siloam Springs, Ark. The young people of the church had charge of the services last Sunday evening and rendered an excellent program. The meeting was led by Uriah Pickens, the president of the senior league. Interesting and inspiring addresses were delivered by Wallace Reeves, and Guy Pinkard. Other choice young people of our community served on the program. We invite all our friends and urge all our members to come and worship with us next Sunday.

FIRST PRESBYTERIAN CHURCH

"The Great Invitation" and "A Sure Cure for Care" are the subjects of our messages. The first is the call of Christ to weary folk; the second offers the views of the Apostle Paul, dealing with anxiety. Our religious convictions are effective in meeting life's issues. Will you hear us as we speak in His name, seeking to lift, encourage and strengthen? The Lord has come and calleth His own. Are you ready to respond to His offers? The elders of our congregation are in session at the close of all worship services to receive and enroll you in the Presbyterian branch of the Christian church. Your cooperation is asked that not less than 25 may be added to our roster by July 1. The Bible school meets each Sabbath, the men's class in the Paramount theater and the other classes in the church buildings. You are urged to attend. A hearty welcome awaits you.

Spectacular 'In Old Chicago' At Paramount Today

Star Cast In Film Of Early Days

Tyrone Power, Alice Faye And Don Ameche Head Imposing Array

SUPERB screen spectacle, with all the elements that go into the making of great entertainment, was hailed by an enthusiastic audience at the Paramount theater, as Darryl F. Zanuck's awesome "In Old Chicago" came to a breath-taking conclusion.

Up to now, Hollywood seemed to have made the most of all of the classic struggles between man and the elements, but not since the "Birth of a Nation" has such completely overwhelming grandeur graced a motion picture screen.

That the grandeur in this 20th Century-Fox production is derived from the relentless fury of an unrestrained holocaust which wiped out a middle-western metropolis of a rougher and tougher era in our history, is only part of the film.

The true beauty lies in the carefully manipulated love story, capably written, directed and acted in the foreground of what, for want of words, this reviewer will have to call sheer stupendousness.

Literary, production and technical wizardry stick out all over this master work—and in that, the guiding hand of Darryl F. Zanuck is evident.

The story leading up to the burning of the city on the night of October 9, 1871, is lusty, powerful and authentic to an infinitesimal point of careful research and scenic detail.

A book by Nevin Busch, the legend of Mrs. O'Leary's cow kicking over the barn lantern and an accurate, brawling, sprawling story of life in that era have been evolved by the ace screen adapters, Lamar Trotti and Sonya Levien.

No less brilliant has been the direction of Henry King who developed the personalities of the O'Learys. He keeps a lot of movement in the early sequences and steps up his tempo to move fluently into the terror, tragedy and flight of the fire. For the realism that wells up from the screen in these stirring, blazing scenes, Bruce Humberstone's direction earns well-merited praise.

But dramatic laurels most certainly are due Alice Faye, Tyrone Power, Don Ameche, Alice Brady, Brian Donlevy and Andy Devine.

Miss Faye is revealed in "In Old Chicago" as a surprisingly talented actress. Her role as the soubrette in a gaudy, glittery saloon of 1871, is its tempestuous sweetheart of the saloon's owner.

Tyrone Power, that comet among the Hollywood stars, literally takes the role of Dion O'Leary in his teeth and runs away with it.

Don Ameche, as Jack O'Leary, the direct antithesis of Dion, gives a sincere performance as the reformer and envisioner of a clean, orderly, civic-minded Chicago.

Alice Brady is magnificent, giving the finest performance of her brilliant dramatic career as the hard-working, outspoken Molly O'Leary.

Credits for excellent performances could go on through the entire cast—even down to the extras who rush madly through fire-ravaged streets.

Opening with the O'Learys in a covered wagon, bound for Chicago, Pa O'Leary typifies the grim brevity of existence in those days when he tries to outrace a new-fangled (Currier and Ives) locomotive. Molly O'Leary buries her husband in the prairies, only a few hours away from the city he longed so to see.

Then, the next morning Ma O'Leary brings her three sons into this brawling, bawdy city of 1854—and by dint of a fancy lady's mud-spattered gown, launches herself upon a career as laundress.

The boys grow up and by 1870 Bob O'Leary (Tom Brown) is married to a German immigrant girl (June Storey). Jack O'Leary is a strugging attorney and Dion is making his first inroads into politics.

Dion first swings into his stride when he woos Belle Fawcett (Miss Faye) so that he can control the choice site for a saloon which will drive his political boss (Brian Donlevy) out of business. The violent love scenes end with a slightly subdued Belle Fawcett becoming Dion's aide in a series of machinations which are culminated by a political plot electing Brother Jack O'Leary as reform mayor of Chicago.

The strange O'Leary tribe fights tooth and nail at times, and the climax comes when Dion has his brother perform the marriage ceremony which makes Belle Fawcett the bride of Dion O'Leary. Mayor Jack O'Leary learns that the marriage was engineered by Dion so that Belle could not testify to Dion's political chicanery.

A fight begins here, and far away in The Patch, the cow kicks over the lantern in the barn.

Then the screen flowers forth in the most terrifying beauty. Chicago is wiped out before your eyes—to the accompaniment of the most furious sounds and scenes ever captured on celluloid.

The final moment which shows the indomitable O'Learys re-united in the spirit of a regenerated Chicago to come, is a scene that beggars laudatory description.

Virginia Bruce, one of the screen's most beautiful and talented actresses, as she is seen in her new role with Melvyn Douglas and Warren William in "Arsene Lupin Returns," which plays today and Sunday at the Capitol theater.

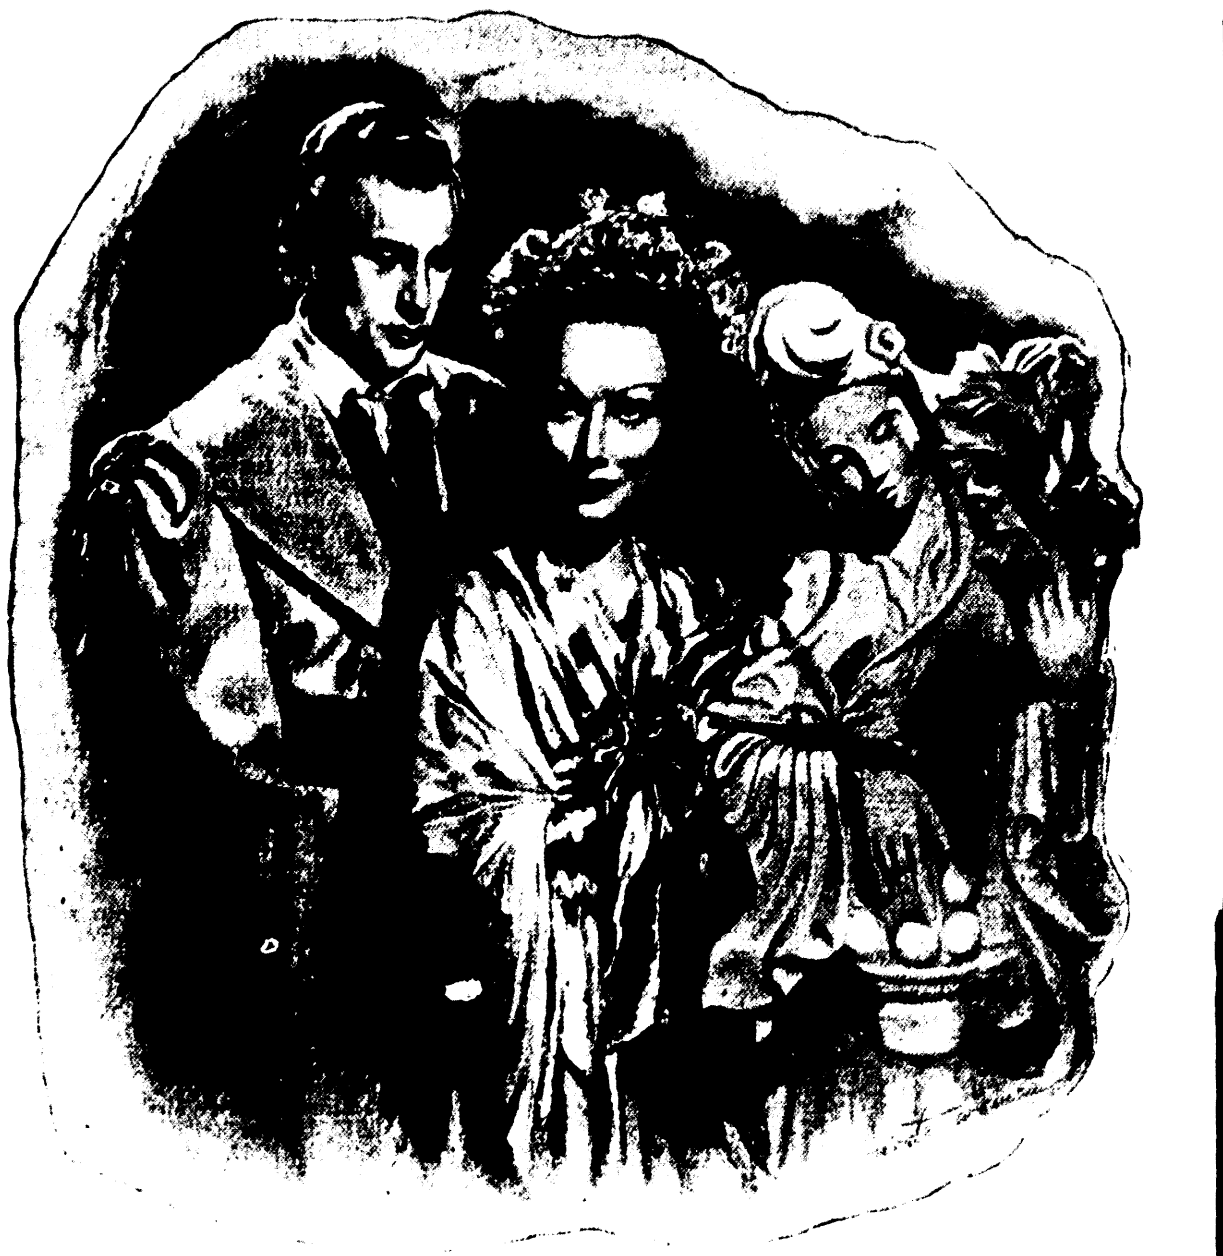
WASH MACHINE CAR

AMERY, Wis.—(AP)—Lowell Smith, 19, and Royce Myhre, 15, high school students, put together an abandoned buggy chassis, a washing machine engine, a pulley and a piece of pipe, and it ran. Their imitation of Henry Ford's first automobile is steered with a rope knotted to the front axle. It costs them 10 cents for an afternoon of tearing around the countryside at 12 miles an hour.

An extensive educational program has been carried out in Massachusetts to teach physicians, nurses and parents how to care properly for premature infants.



Gary Cooper and Sigrid Gurie fall in love in an old Chinese garden in Samuel Goldwyn's "The Adventures of Marco Polo," coming to the Paramount theater for three days starting next Friday, and the romantic moment is caught by Artist Monte Weiner.

From 20th Century-Fox comes this startling drama of four men and a gallant girl, "Four Men and a Prayer," which plays Monday and Tuesday at the Paramount, stars Loretta Young and Richard Greene.

Thrill Film Plays Today At Capitol

'Arsene Lupin Returns' Presents Another Mystery Treat With Big Cast

FILM audiences who in the past have been thrilled and chilled by the nerve-tingling adventures of that supreme mind of mystery fiction, Arsene Lupin, are in for another mystery treat with the showing, starting today at the Capitol theater, of "Arsene Lupin Returns."

A cast of established film favorites is seen in the picture, headed by Melvyn Douglas, lovely Virginia Bruce and Warren William. Douglas comes to his new role from the comedy triumph in "Theodora Goes Wild"; Miss Bruce was recently seen as the heroine of "Bad Man of Brimstone"; and William fills the new role of ace crime investigator following his outstanding characterization in last season's big hit, "The Firefly."

Others who have prominent roles in the production include the well-known Broadway actor, John Halliday, Nat Pendleton, Monty Woolley, E. E. Clive and George Zucco. The director was George Fitzmaurice.

"Arsene Lupin Returns" presents an entirely new story based on the famous character, Arsene Lupin, created by Maurice Le Blanc, master of French detective fiction. Continuing the adventures of the celebrated jewel thief, the action of the narrative moves at high speed from the federal bureau of investigation in Washington to the Montmartre district of Paris.

The story begins when Warren William is assigned to guard a valuable emerald after he is fired from his G-Man job because his work has made him too well known to the underworld. The gem is owned by John Halliday, playing Virginia Bruce's father. A paste copy of the emerald is stolen and a card marked "Arsene Lupin" is left in its place. To avoid further robbery attempts Halliday and Miss Bruce take the jewel to Paris. Here they are met by Melvyn Douglas, an old friend of the family.

Two suspects are killed during a second attempt to steal the emerald. Then two of Douglas' friends, Nat Pendleton and E. E. Clive, come to his country chateau and accuse him of "coming back to life" as Arsene Lupin. Douglas then enters the case with a vengeance and not until the final scene is the real murderer revealed.

TIME TO TURN BACKWARD

BATH, N. C.—(AP)—This rendezvous of Blackbeard and his boisterous pirate crews—the oldest town in North Carolina—is to be restored to its colonial past. Leaders say few changes will be necessary for the quaint seaport has never grown much beyond the village it was in 1701.

Playing at the Capitol theater next Thursday is "Lancer Spy," starring Dolores Del Rio, George Sanders and Peter Lorre. In "Lancer Spy," a man is faced with the most extraordinary venture a man ever faced. If he lived, he could strike a deadlier blow than a million marching men.

Kay Francis, beautiful brunette star, with Pat O'Brien, comes to the Paramount screen next Thursday in her newest picture, "Women Are Like That," a glittering comedy of New York's smart set.

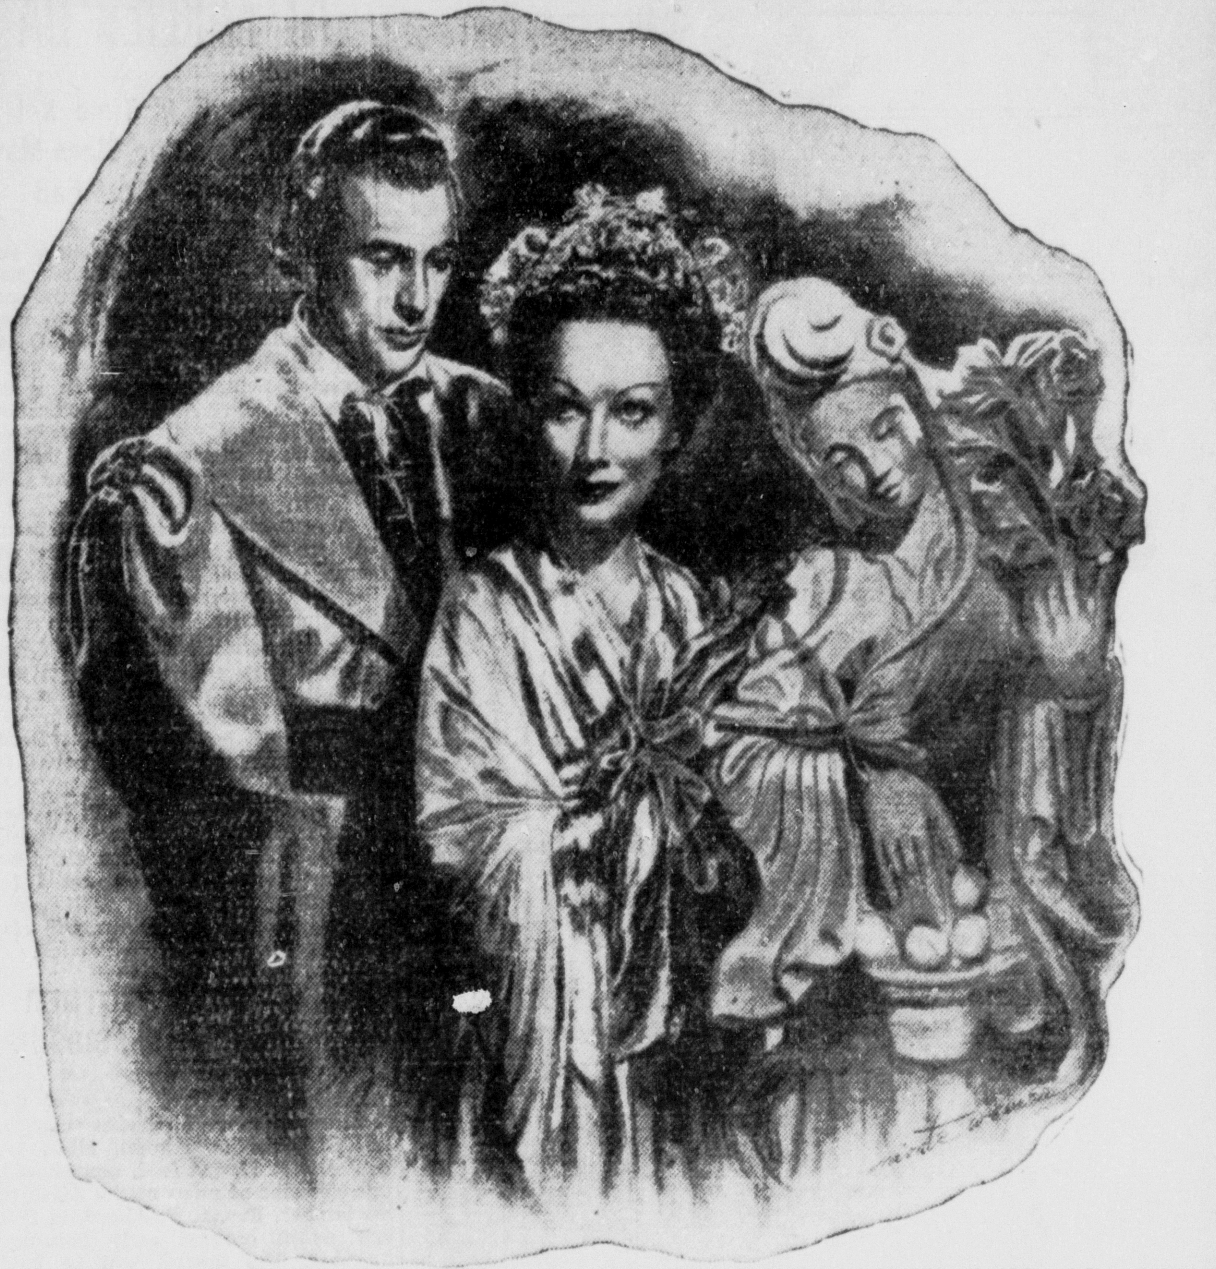
Then the screen flowers forth in the most terrifying beauty. Chicago is wiped out before your eyes—to the accompaniment of the most furious sounds and scenes ever captured on celluloid.

The final moment which shows the indomitable O'Learys re-united in the spirit of a regenerated Chicago to come, is a scene that beggars laudatory description.

Virginia Bruce, one of the screen's most beautiful and talented actresses, as she is seen in her new role with Melvyn Douglas and Warren William in "Arsene Lupin Returns," which plays today and Sunday at the Capitol theater.



Gary Cooper and Sigrid Gurie fall in love in an old Chinese garden in Samuel Goldwyn's "The Adventures of Marco Polo," coming to the Paramount theater for three days starting next Friday, and the romantic moment is caught by Artist Monte Weiner.

Playing at the Capitol theater next Thursday is "Lancer Spy," starring Dolores Del Rio, George Sanders and Peter Lorre. In "Lancer Spy," a man is faced with the most extraordinary venture a man ever faced. If he lived, he could strike a deadlier blow than a million marching men.

Kay Francis, beautiful brunette star, with Pat O'Brien, comes to the Paramount screen next Thursday in her newest picture, "Women Are Like That," a glittering comedy of New York's smart set.

From 20th Century-Fox comes this startling drama of four men and a gallant girl. 'Four Men and a Prayer,' which plays Monday and Tuesday at the Paramount, stars Loretta Young and Richard Greene.

WASH MACHINE CAR

AMERY, Wis.—(AP)—Lowell Smith, 19, and Royce Myhre, 15, high school students, put together an abandoned buggy chassis, a washing machine engine, a pulley and a piece of pipe, and it ran. Their imitation of Henry Ford's first automobile is steered with a rope knotted to the front axle. It costs them 10 cents for an afternoon of tearing around the countryside at 12 miles an hour.

Thrill Film Plays Today At Capitol

'Arsene Lupin Returns' Presents Another Mystery Treat With Big Cast

FILM audiences who in the past have been thrilled and chilled by the nerve-tingling adventures of that supreme mind of mystery fiction, Arsene Lupin, are in for another mystery treat with the showing, starting today at the Capitol theater, of "Arsene Lupin Returns."

A cast of established film favorites is seen in the picture, headed by Melvyn Douglas, lovely Virginia Bruce and Warren William. Douglas comes to his new role from the comedy triumph in "Theodora Goes Wild"; Miss Bruce was recently seen as the heroine of "Bad Man of Brimstone"; and William fills the new role of ace crime investigator following his outstanding characterization in last season's big hit, "The Firefly."

Others who have prominent roles in the production include the well-known Broadway actor, John Halliday, Nat Pendleton, Monty Woolley, E. E. Clive and George Zucco. The director was George Fitzmaurice.

"Arsene Lupin Returns" presents an entirely new story based on the famous character, Arsene Lupin, created by Maurice Le Blanc, master of French detective fiction. Continuing the adventures of the celebrated jewel thief, the action of the narrative moves at high speed from the federal bureau of investigation in Washington to the Montmartre district of Paris.

The story begins when Warren William is assigned to guard a valuable emerald after he is fired from his G-Man job because his work has made him too well known to the underworld. The gem is owned by John Halliday, playing Virginia Bruce's father. A paste copy of the emerald is stolen and a card marked "Arsene Lupin" is left in its place. To avoid further robbery attempts Halliday and Miss Bruce take the jewel to Paris. Here they are met by Melvyn Douglas, an old friend of the family.

Two suspects are killed during a second attempt to steal the emerald. Then two of Douglas' friends, Nat Pendleton and E. E. Clive, come to his country chateau and accuse him of "coming back to life" as Arsene Lupin. Douglas then enters the case with a vengeance and not until the final scene is the real murderer revealed.

SEEK TO IMPROVE MONROE AIRPORT

Field's Facilities Declared Rapidly Becoming Obsolete; U. S. Funds Asked

Efforts will be exerted to enlarge and improve Selman airport in order to render it suited to meet aviation conditions that require far more facilities at present than ever before, stated Travis Oliver, chairman of the Chamber of Commerce committee on aviation.

When Selman field was first equipped, it was regarded as well abreast if not even ahead of the times, but since then aviation has made such gigantic strides, larger and faster planes have been put into service and as little improvement has been made at the local airport, it is now fast becoming almost obsolete, those familiar with the situation declare.

Barksdale field planes are no longer permitted to land at Selman field as their landing speed is so swift that the facilities are insufficient. Also when air conditions are unfavorable or there is a heavy passenger list, planes carrying mail over the Delta Air corporation lines are unable to stop here, it is said.

Federal funds are soon to be available for increasing the size and facilities of airports and it is sought to obtain financing through this means for the local port.

The aviation committee of the local chamber is determined to work to bring this port up to proper specifications so that all planes can land here and also to maintain airmail facilities of the highest, most approved order

On the committee with Mr. Oliver are A. V. Miller, Berny Oakland, C. E. Woolman, C. E. Faulk, H. H. Benoit and J. Lloyd Warren.

'ROSALIE' PLAYS 3 DAYS AT STRAND

Nelson Eddy and Eleanor Powell are co-starred for the first time in the super-lavish musical, "Rosalie," which comes to the Strand theater next Tuesday for a three-day engagement.

The musical also includes such favorites as Frank Morgan, Edna May Oliver, Roy Bolger, the new European sensation, Ilona Massey, Billy Gilbert and Reginald Owen in a story that concerns the love and adventures of a West Point cadet and a princess of mythical Romanza.

In order to bring new beauties to the screen, William Anthony McGuire, co-author of the original story and writer of the screen play, sent talents scouts over the principal colleges of the United States before he cast the 500 beauties in their respective dancing and showgirl roles.

Directed by W. S. Van Dyke II, the new musical includes nine hit tunes by Cole Porter, while Madame Albertina Rasch presents ballet, tap, acrobatic and waltz ensembles.

Outstanding among the numbers is the "Romanza" set, which covers more than 60 acres and was filmed entirely at night with the aid of 24 cameras. This set was so large that lights had to be rented from every major studio in Hollywood for its operation. Twenty-five hundred people were included in that number alone.

LEGION TO ELECT OFFICERS MONDAY

C. E. McKenzie, commander of the L. B. Faulk post of the American Legion, urges all members to make special effort to attend the meeting Monday at 8 p.m., when election of officers will be held for the ensuing year.

Plans also will be perfected for attending the annual convention in Lafayette early in July.

No indication was given as to who the officers for the coming year will be but it is assured that the selection will be with utmost care for many important matters are expected to arise during the coming year and it is said to be of utmost importance that the selection be such as to further the growth of the post, which has made a creditable showing the past year.

Officers are at present: C. E. McKenzie, commander; B. A. Trousdale, Jr., first vice-commander; Fred Pettit, second vice-commander; C. B. Braun, adjutant; Robert Cowden, finance officer.

Georgia In Midst Of Hot Fight For Post In Senate

Two New Deal Supporters And One Roosevelt Critic Locked In Battle

ATLANTA, June 4.—(AP)—Two Georgia supporters of President Roosevelt and an administration critic campaigned today for the senate seat of Walter F. George, Democratic veteran who has opposed some New Deal policies.

George was among southern congressmen who differed with the White House on provisions for farm, wage-hour, court revision and administrative reorganization bills.

Attacks upon his record already were under way in the Democratic primary race which will be decided at the polls September 14. Nomination is tantamount to election.

Eugene Talmadge, red-suspendered lawyer-farmer who turned against the president after winning re-election as governor for a two-year term in 1934 on a "Roosevelt and Talmadge" platform, flouted a superstition in becoming the first candidate.

Defeated 20 months ago for Georgia's junior senatorship by New Dealer Richard B. Russell, Jr., Talmadge announced against the senior senator Friday, May 13, from his 13th floor Atlanta law office.

"Free homesteads for the unemployed," was his No. 1 plank.

George also qualified; remained in Washington.

Marvin McIntyre, the president's secretary, visited Atlanta on the eve of the qualification deadline this week to receive an honorary degree from a law school. He said his trip had "no political significance whatsoever."

Until the closing minutes before the entry deadline Wednesday it looked like a two-man race.

Then Lawrence S. Camp of Atlanta, United States district attorney who backed Roosevelt for the presidency at the 1932 Democratic national convention, and William G. McRae, 37-year-old Atlanta lawyer, rushed to pay the $350 qualifying fees.

Each announced "100 per cent support" for Roosevelt.

Neither directly claimed the administration blessing.

Camp said Georgians were "heart and soul with the president."

McRae stated he was "for the New Deal and the Townsend national recovery plan."

Speculation was aroused by the fact Camp is close to Senator Russell, whose indorsement of New Deal legislation led Talmadge in 1936 to term him a "rubber stamp."

They roomed together as state legislators. Russell nominated Camp for federal prosecutor, a job which he is retaining.

Both Talmadge and Camp asserted George was a representative of "big business" interests. Lawyer and land holder, George first went to the senate in 1922.

Governor E. D. Rivers, New Dealer, seeks re-election.

He is opposed by Hugh Howell, Atlanta lawyer who headed the state Democratic committee under Talmadge; John J. Mangham, a "business methods" advocate of Bremen, Ga., and Robert F. Wood, Athens salesman, "against Roosevelt, Rivers and all their works."

E. E. Cox, who fought the wage-hour bill, and Robert Ramspeck, who reported the original and voted against the substitute with a demand for sectional differentials, are among Georgia representatives who have primary opposition.

STRANGERS CLICK AS FILM SISTERS

Although Margaret McWade and Margaret Seddon have found their professional careers linked together by their success as The Pixialted Sisters, their private lives are no more correlated than are those of any two other Hollywood actresses.

Currently they are appearing together again in characteristic roles in "Danger—Love At Work," Twentieth Century-Fox comedy starring Ann Sothern, Jack Haley, Mary Boland and Edward Everett Horton, which opens today at the Rialto theater.

Margaret McWade, the one with the angular face and black hair, is a stage and screen veteran who is now living with her husband in a Hollywood bungalow, getting relaxation and pleasure out of tending her flowers.

Margaret Seddon, she of the round face and gray hair, was an actress on the stage before the war and made her screen debut with Richard Barthelmess in 1923. She is a spinster and lives at the Hollywood hotel.

Both are extremely happy that they have found favor with the public after all these years.

COLLEGE TO OPEN AT EARLIER DATE

September 5 Is Time Set At Center; Entering Class May Be Larger Next Fall

With the close of the college year of 1937-1938 at Northeast Center, plans are already being shaped for the coming year. Announcement was made Saturday that both Northeast Center and Louisiana State university are to open on September 5, which is unusually early. Advance indications are that there will be a larger enrollment at the local college this fall than was the case the past year when 470 were enrolled.

Dean Colvert and family left Saturday for Baton Rouge, where he will serve as special guest instructor during the summer months in Louisiana State university.

He will return about August 5, and from then on will be engaged in preparing for the opening of the fall semester. The college bulletin will be prepared by the dean at Baton Rouge within the next few weeks, he said.

The college office here will be open daily, members of the staff being in charge, so that correspondence and the regular routine can be cared for promptly.

The postoffice sub-station will also be operated without interruption.

SINGING MEET TO BE HELD TODAY

Missouri Pacific Will Sponsor Affair At Clubhouse Here

The monthly Missouri Pacific singing convention will be held at the Booster clubhouse this afternoon from 1:30 p.m. to 4:30 p.m., and if the weather is favorable it is expected that the largest attendance ever will be present, large delegations coming from Bastrop, Columbia, Farmerville, Ruston and other adjacent cities and towns, stated S. A. Moss, president.

Because the seating capacity of the clubhouse is limited, a loud speaker system will be hooked up by Joel B. Dickinson of Oak Grove, so that many can sit in their automobiles parked conveniently near the building and occupants will be enabled to hear the programs.

Quartets and soloists will participate and the program promises to be one of the best that has been yet presented.

These first Sunday of the month singing conventions have been in progress for the past four months and have proved increasingly popular.

The May singing program was eliminated as there was a similar one held in Union parish and in order not to cause conflict the Monroe event was cancelled.

'SNOW WHITE' AT SIEGLE JUNE 17

"Snow White and the Seven Dwarfs" begins an engagement on June 17 at the Siegle theater. This is the first Walt Disney animated film produced in feature-length Technicolor, which has been declared by newspaper critics to be the season's biggest sensation. It is unique in more ways than one, combining as it does the pleasures and lure of fantasy with excellent drama and high-pressure comedy. The plot is derived from the best-known story in Grimms' Book of folk tales, and this factor alone will attract patrons. The young folks will be impatient to see their favorite princess, "Snow White," in all her loveliness on the screen, alive, as they have often seen her in imagination, as well as the wicked queen, the evil witch, the funny little men, and all the other inhabitants of the mystic folk country. The older movie fans will be equally glad to renew their acquaintance with the fiction friends of their childhood!

SEEK TO IMPROVE MONROE AIRPORT

Field's Facilities Declared Rapidly Becoming Obsolete; U. S. Funds Asked

Efforts will be exerted to enlarge and improve Selman airport in order to render it suited to meet aviation conditions that require far more facilities at present than ever before, stated Travis Oliver, chairman of the Chamber of Commerce committee on aviation.

When Selman field was first equipped, it was regarded as well abreast if not even ahead of the times, but since then aviation has made such gigantic strides, larger and faster planes have been put into service and as little improvement has been made at the local airport, it is now fast becoming almost obsolete, those familiar with the situation declare.

Barksdale field planes are no longer permitted to land at Selman field as their landing speed is so swift that the facilities are insufficient. Also when air conditions are unfavorable or there is a heavy passenger list, planes carrying mail over the Delta Air corporation lines are unable to stop here, it is said.

Federal funds are soon to be available for increasing the size and facilities of airports and it is sought to obtain financing through this means for the local port.

The aviation committee of the local chamber is determined to work to bring this port up to proper specifications so that all planes can land here and also to maintain airmail facilities of the highest, most approved order

On the committee with Mr. Oliver are A. V. Miller, Berny Oakland, C. E. Woolman, C. E. Faulk, H. H. Benoit and J. Lloyd Warren.

'ROSALIE' PLAYS 3 DAYS AT STRAND

Nelson Eddy and Eleanor Powell are co-starred for the first time in the super-lavish musical, "Rosalie," which comes to the Strand theater next Tuesday for a three-day engagement.

The musical also includes such favorites as Frank Morgan, Edna May Oliver, Roy Bolger, the new European sensation, Ilona Massey, Billy Gilbert and Reginald Owen in a story that concerns the love and adventures of a West Point cadet and a princess of mythical Romanza.

In order to bring new beauties to the screen, William Anthony McGuire, co-author of the original story and writer of the screen play, sent talents scouts over the principal colleges of the United States before he cast the 500 beauties in their respective dancing and showgirl roles.

Directed by W. S. Van Dyke II, the new musical includes nine hit tunes by Cole Porter, while Madame Albertina Rasch presents ballet, tap, acrobatic and waltz ensembles.

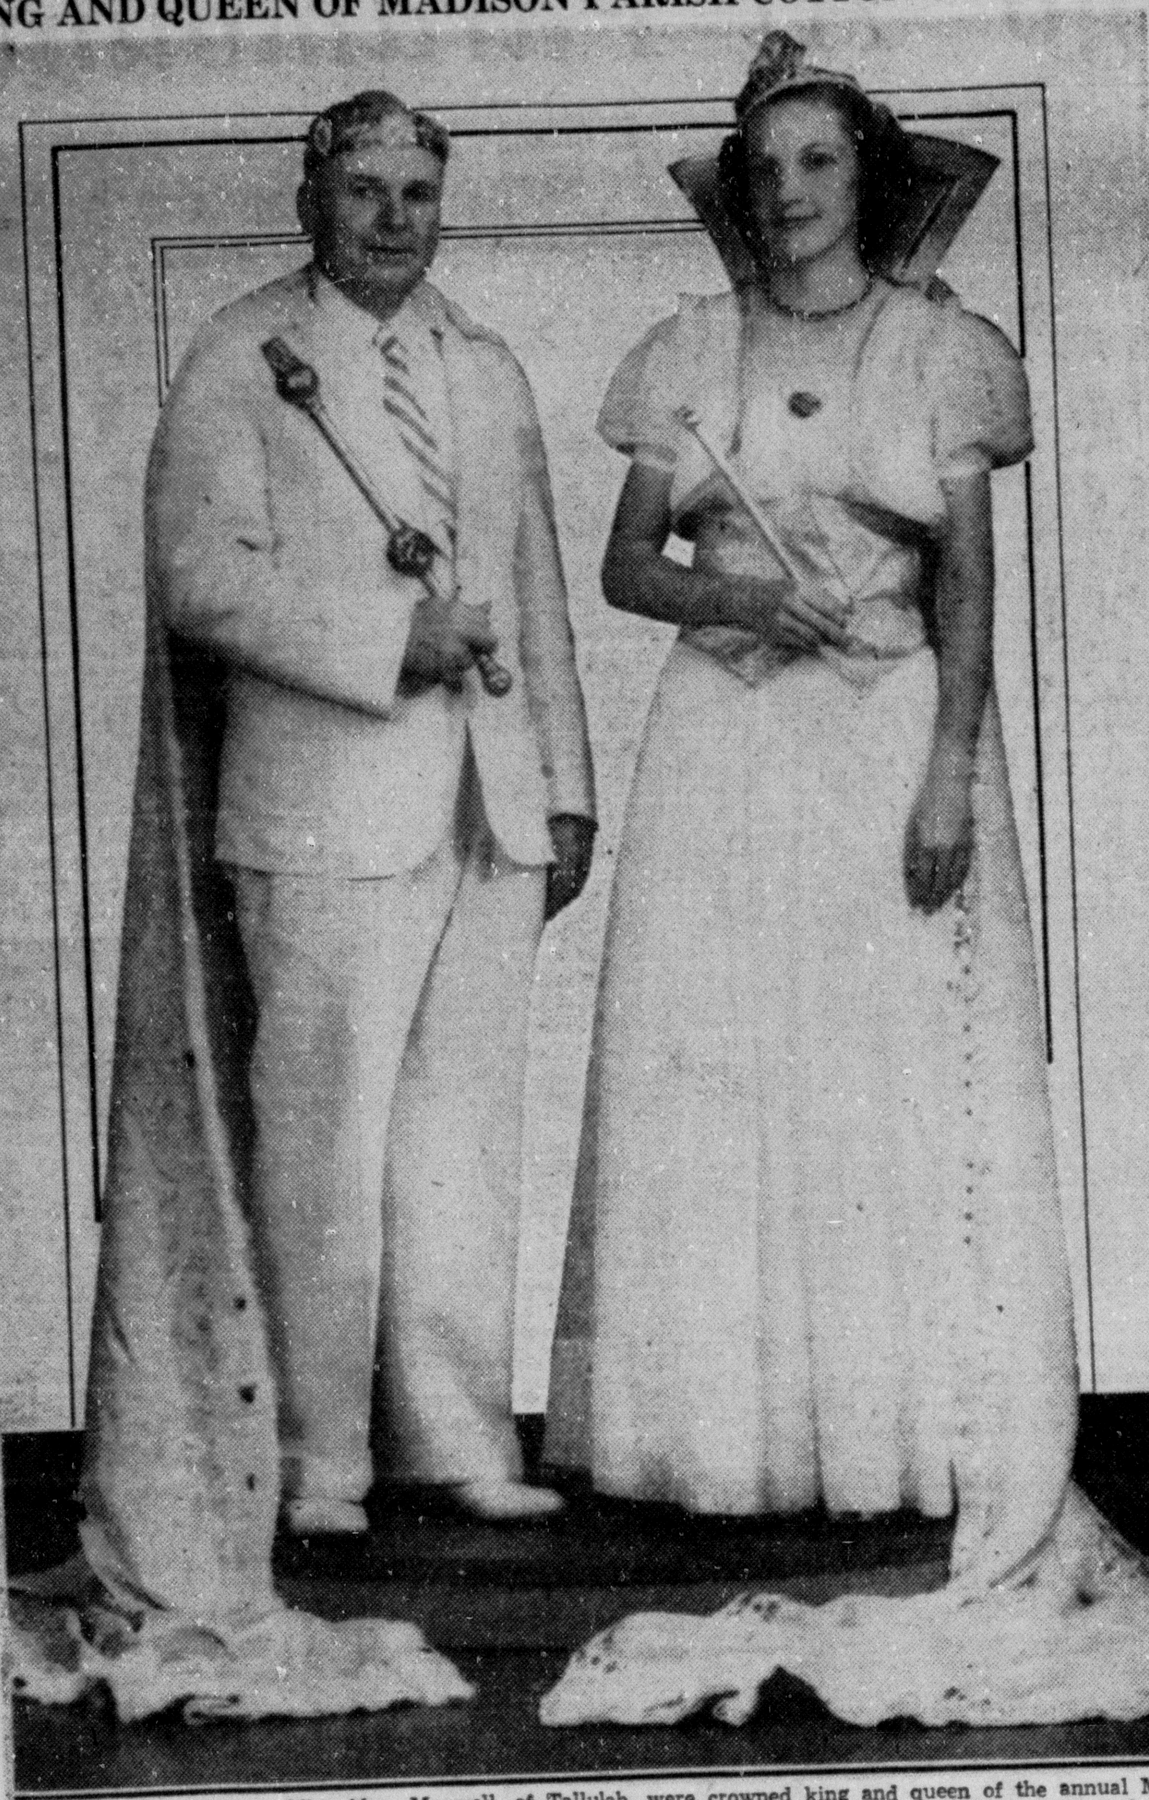
Outstanding among the numbers is the "Romanza" set, which covers more than 60 acres and was filmed entirely at night with the aid of 24 cameras. This set was so large that lights had to be rented from every major studio in Hollywood for its operation. Twenty-five hundred people were included in that number alone.

BUILDING COMPLETED

BONITA, La., June 4.—(Special)—A two-story 21-room high school and physical education building costing $64,000 has just been completed here. Delony and Tatum, contractors, were in charge of the work which has been under way for some months past.

Among the natives of one tribe in New Guinea, shells worth 25 cents are the standard price for wives.

KING AND QUEEN OF MADISON PARISH COTTON CARNIVAL



C. E. Hester, left, and Miss Alma Maxwell, of Tallulah, were crowned king and queen of the annual Madison Parish Cotton carnival which was inaugurated last Thursday at Tallulah, and which was sponsored by the woman's auxiliary of Trinity Episcopal church. The coronation was preceded by a parade and masque ball.

LEGION TO ELECT OFFICERS MONDAY

C. E. McKenzie, commander of the L. B. Faulk post of the American Legion, urges all members to make special effort to attend the meeting Monday at 8 p.m., when election of officers will be held for the ensuing year.

Plans also will be perfected for attending the annual convention in Lafayette early in July.

No indication was given as to who the officers for the coming year will be but it is assured that the selection will be with utmost care for many important matters are expected to arise during the coming year and it is said to be of utmost importance that the selection be such as to further the growth of the post, which has made a creditable showing the past year.

Officers are at present: C. E. McKenzie, commander; B. A. Trousdale, Jr., first vice-commander; Fred Pettit, second vice-commander; C. B. Braun, adjutant; Robert Cowden, finance officer.

Georgia In Midst Of Hot Fight For Post In Senate

Two New Deal Supporters And One Roosevelt Critic Locked In Battle

ATLANTA, June 4.—(AP)—Two Georgia supporters of President Roosevelt and an administration critic campaigned today for the senate seat of Walter F. George, Democratic veteran who has opposed some New Deal policies.

George was among southern congressmen who differed with the White House on provisions for farm, wage-hour, court revision and administrative reorganization bills.

Attacks upon his record already were under way in the Democratic primary race which will be decided at the polls September 14. Nomination is tantamount to election.

Eugene Talmadge, red-suspendered lawyer-farmer who turned against the president after winning re-election as governor for a two-year term in 1934 on a "Roosevelt and Talmadge" platform, flouted a superstition in becoming the first candidate.

Defeated 20 months ago for Georgia's junior senatorship by New Dealer Richard B. Russell, Jr., Talmadge announced against the senior senator Friday, May 13, from his 13th floor Atlanta law office.

"Free homesteads for the unemployed," was his No. 1 plank.

George also qualified; remained in Washington.

Marvin McIntyre, the president's secretary, visited Atlanta on the eve of the qualification deadline this week to receive an honorary degree from a law school. He said his trip had "no political significance whatsoever."

Until the closing minutes before the entry deadline Wednesday it looked like a two-man race.

Then Lawrence S. Camp of Atlanta, United States district attorney who backed Roosevelt for the presidency at the 1932 Democratic national convention, and William G. McRae, 37-year-old Atlanta lawyer, rushed to pay the $350 qualifying fees.

Each announced "100 per cent support" for Roosevelt.

Neither directly claimed the administration blessing.

Camp said Georgians were "heart and soul with the president."

McRae stated he was "for the New Deal and the Townsend national recovery plan."

Speculation was aroused by the fact Camp is close to Senator Russell, whose indorsement of New Deal legislation led Talmadge in 1936 to term him a "rubber stamp."

They roomed together as state legislators. Russell nominated Camp for federal prosecutor, a job which he is retaining.

Both Talmadge and Camp asserted George was a representative of "big business" interests. Lawyer and land holder, George first went to the senate in 1922.

Governor E. D. Rivers, New Dealer, seeks re-election.

He is opposed by Hugh Howell, Atlanta lawyer who headed the state Democratic committee under Talmadge; John J. Mangham, a "business methods" advocate of Bremen, Ga., and Robert F. Wood, Athens salesman, "against Roosevelt, Rivers and all their works."

E. E. Cox, who fought the wage-hour bill, and Robert Ramspeck, who reported the original and voted against the substitute with a demand for sectional differentials, are among Georgia representatives who have primary opposition.

STRANGERS CLICK AS FILM SISTERS

Although Margaret McWade and Margaret Seddon have found their professional careers linked together by their success as The Pixialted Sisters, their private lives are no more correlated than are those of any two other Hollywood actresses.

Currently they are appearing together again in characteristic roles in "Danger—Love At Work," Twentieth Century-Fox comedy starring Ann Sothern, Jack Haley, Mary Boland and Edward Everett Horton, which opens today at the Rialto theater.

Margaret McWade, the one with the angular face and black hair, is a stage and screen veteran who is now living with her husband in a Hollywood bungalow, getting relaxation and pleasure out of tending her flowers.

Margaret Seddon, she of the round face and gray hair, was an actress on the stage before the war and made her screen debut with Richard Barthelmess in 1923. She is a spinster and lives at the Hollywood hotel.

Both are extremely happy that they have found favor with the public after all these years.

COLLECTS TYPEWRITERS

MILWAUKEE—(AP)—Alderman Carl P. Dietz has a hobby of collecting old typewriters for the public museum exhibit. His latest additions were acquired through an exchange with Arthur Brehm of Siegmar-Schonau, Germany, director of a typewriter manufacturing concern. For 14 duplicates in his American collection, Dietz acquired 10 old European models.

COLLEGE TO OPEN AT EARLIER DATE

September 5 Is Time Set At Center; Entering Class May Be Larger Next Fall

With the close of the college year of 1937-1938 at Northeast Center, plans are already being shaped for the coming year. Announcement was made Saturday that both Northeast Center and Louisiana State university are to open on September 5, which is unusually early. Advance indications are that there will be a larger enrollment at the local college this fall than was the case the past year when 470 were enrolled.

Dean Colvert and family left Saturday for Baton Rouge, where he will serve as special guest instructor during the summer months in Louisiana State university.

He will return about August 5, and from then on will be engaged in preparing for the opening of the fall semester. The college bulletin will be prepared by the dean at Baton Rouge within the next few weeks, he said.

The college office here will be open daily, members of the staff being in charge, so that correspondence and the regular routine can be cared for promptly.

The postoffice sub-station will also be operated without interruption.

REV. ALFORD'S BROTHER DIES IN MISSISSIPPI

Rev. J. M. Alford, pastor of the Gordon Avenue Methodist church, left Saturday for Laurel, Miss., together with Mrs. Alford, immediately upon receipt of news of the death of his brother, Rev. L. F. Alford, in that city which occured early Saturday morning. The funeral will be held there at 3:30 p. m. today with interment in Laurel.

Surviving are three brothers, all Methodist pastors, besides his wife and five children. Rev. Alford had been pastor in many places in the Mississippi Methodist conference but was retired at the last session of the conference because of ill health.

The pulpit of Gordon Avenue church will be filled both at the 11 a. m. and 7:45 p. m. services today by Rev Bill Byrd.

Nearly 30,000 Britons have February 29th as their birthdays.

SUBSTITUTE

S. R. Emmons (above), principal of the high school at Minden for several years, will teach history at Louisiana Tech during the summer session opening June 6. He will substitute for Robert W. Mondy, who will do advanced study at the University of Texas. Mr. Emmons holds both the B. A. and M. A. degrees and has done considerable work on the Ph. D. degree at Peabody college.—(Tech News Bureau photo)

SINGING MEET TO BE HELD TODAY

Missouri Pacific Will Sponsor Affair At Clubhouse Here

The monthly Missouri Pacific singing convention will be held at the Booster clubhouse this afternoon from 1:30 p.m. to 4:30 p.m., and if the weather is favorable it is expected that the largest attendance ever will be present, large delegations coming from Bastrop, Columbia, Farmerville, Rust i and other adjacent cities and towns, stated S. A. Moss, president.

Because the seating capacity of the clubhouse is limited, a loud speaker system will be hooked up by Joel B. Dickinson of Oak Grove, so that many can sit in their automobiles parked conveniently near the building and occupants will be enabled to hear the programs.

Quartets and soloists will participate and the program promises to be one of the best that has been yet presented.

These first Sunday of the month singing conventions have been in progress for the past four months and have proved increasingly popular.

The May singing program was eliminated as there was a similar one held in Union parish and in order not to cause conflict the Monroe event was cancelled.

'SNOW WHITE' AT SIEGLE JUNE 17

"Snow White and the Seven Dwarfs" begins an engagement on June 17 at the Siegle theater. This is the first Walt Disney animated film produced in feature-length Technicolor, which has been declared by newspaper critics to be the season's biggest sensation. It is unique in more ways than one, combining as it does the pleasures and lure of fantasy with excellent drama and high-pressure comedy. The plot is derived from the best-known story in Grimms' Book of folk tales, and this factor alone will attract patrons. The young folks will be impatient to see their favorite princess, "Snow White," in all her loveliness on the screen, alive, as they have often seen her in imagination, as well as the wicked queen, the evil witch, the funny little men, and all the other inhabitants of the mystic folk country. The older movie fans will be equally glad to renew their acquaintance with the fiction friends of their childhood!

H-MM, WE'LL HAVE TO ENLARGE THE PLANT AGAIN.
BUNGLE
BUNGLE PRODUCTS ARE THE
BUNGLE PLANT NO. 77
IT'S THE WHITE HOUSE CALLING AGAIN, MR. BUNGLE.
ANOTHER GOLF GAME, EH? OH WELL.
IS THAT THE BUNGLE HOME?
NAW, THAT'S JUST THE GARAGE. THE HOUSE IS TEN TIMES THAT SIZE.
YES, FOR CHARITY. YOU GAVE A MILLION LAST YEAR, AND WE HOPE...
I'LL MAKE IT **TWO** MILLION THIS YEAR.
AND YOU, THE BILLIONAIRE HOG BARON, RECOGNIZE ME...JUST AN OLD PAL. OH MISTER BUNGLE.
EDDIE, I'LL ALWAYS BE JUST PLAIN GEORGE. DO YOU NEED ANY HELP?
TORRID
NOW THIS YACHT IS FASTER THAN YOUR OTHER TWO...BUT THE PRICE IS HIGH. $300,000.
I'LL TAKE TWO OF THEM.
YES SIR. THE MONEY COMES IN FASTER THAN OUR TRUCKS CAN HAUL IT TO THE BANK, AND..
SHH! IS SOMEONE CALLING ME?
YES SIR, MRS. BUNGLE IS ON THE PHONE.
GEORGE! GEORGE!
GEORGE! I'VE BEEN CALLING YOU FOR THE LONGEST TIME. I JUST REMEMBER. WE OWE THE LANDLORD **$8** ON THIS MONTH'S RENT. HE'S COMING FOR IT TOMORROW. HAVE YOU GOT $8?
6-5-38.

SHORT STORIES
WHAT, YOU ARREST ME?
YOU'RE ONLY WASTING TIME TO TAKE ME TO COURT. BECAUSE I KNOW THE JUDGE PERSONALLY. FOR YEARS, AND...
SAYS HE KNOWS YOU, JUDGE.
WHAT, YOU HERE AGAIN?

THE BUNGLE FAMILY

NIGHTMARE.

GEORGE, FOR AN HOUR YOU'VE BEEN TOSSING AND TURNING. THE REASON YOU CAN'T GET TO SLEEP IS BECAUSE YOU SMOKE TOO MUCH.
8,468...
OH OH! THERE'S HOGS COMING OVER NOW.
AND STILL THEY COME. I'M GOING TO BUILD A PEN FOR THEM.
PENNED IN. THOUSANDS OF THEM. MILLIONS. I SHOULD START A PACKING PLANT.

WHADDA YA MEAN "IT DOES A BODY GOOD TO GIT OUT IN TH' COUNTRY"? IT AIN'T DONE ME NO GOOD YET.
IT'S A GREAT PLACE TO REST, KAYO-SO PEACEFUL, SO QUIET. NO WIMMIN' TELLING YOU WHAT TO DO. AHHH!
LOOK, UNCLE WILLIE! WHAT KIND OF A ANIMAL IS THIS?
HEY! THAT'S A PORCUPINE! - THEM THINGS IS DANGEROUS!
OOF!
?
QUIT RUNNIN' IN CIRCLES, UNCLE WILLIE! TH' BULL'S FASTER ON HIS FEET THAN YOU! DUCK INTO THAT HOLLER TREE!
HA! YOU MADE IT!
GIT BACK IN THERE!
OH, GOOD GOSH!
IF YOU'LL TAKE MY ADVICE, YOU'LL STAY IN THERE!
OW!
6-5
ADVICE OR NO ADVICE, TH' HECK WITH THAT PLACE!
SURE I SEEN IT GO IN THERE! YOU'D RATHER GIT STUCK BY A PORCUPINE THAN A BULL, WOULDN'TCHA?
I'M NOT SO SURE! OW! EASY, KID, WITH THEM QUILLS!

HI HO! WE'RE LUCKY TO BE ALIVE, PODNER.
PLANTY WHITE PEOPLE ON ISLAND, TUAN. A GOVERNOR A SERGEANT, AND TWO SCIENTISTS.
THANKS, BUDDIE, WE'LL LOOK 'EM UP.
MEANWHILE:
I'VE NEVER KNOWN ANYONE IN MY LIFE WHO MISPLACED THINGS LIKE YOU, MISS PLACE.
OH, PROFESSOR!
OUR SCIENTIFIC EXPEDITION IS FACE TO FACE WITH DISASTER. HOW DO YOU EXPECT US TO EAT? FORTY CASES OF CANNED GOODS, AND YOU'VE LOST THE ONLY CAN-OPENER IN KOOLY-HOW!
CAN'T WE SEND TO SINGAPORE FOR ONE?
WE'D STARVE! WE'D—
PODDON ME, SUH. THIS HATCHET MAKES A SWELL CAN-OPENER, AND THERE ARE COCONUTS AND BANANAS GROWING ALL AROUND YOU.
MY STARS! HOW RESOURCEFUL!
IT'S AMAZING! ASTOUNDING!
GENTLEMEN, THE EXPEDITION IS SAVED! PERMIT ME TO INTRODUCE MYSELF... PROFESSOR LEONIDUS TWITCHET, OF POTAWOTAMI STATE NORMAL... ON LEAVE OF ABSENCE TO STUDY THE NEUROPTEROUS INSECTS OF THE MALAY ARCHIPELAGO. THIS IS MY ASSISTANT, MISS IMOGENE PLACE.
CAPTAIN EASY, SUH, AT YOUR SERVICE.
A VERY BRILLIANT GIRL, SIR. MOST INTELLECTUAL.
OH, YES INDEED. WE CAN TELL BY THE HANG OF HER CLOTHES.
EEK! A TROPICAL SHOWER! I CAN'T FIND MY PARASOL!
ALWAYS LOSING THINGS, THO. IT'S INCREDIBLE!
MY CLOTHES HAVE SHRUNK! MERCY SAKES! I WAS NEVER SO EMBARRASSED IN MY LIFE!
BLAZES! WHY, SHE LOOKS ALMOST HUMAN!
OBOY! IF ONLY SHE'D LOSE HER SPECS AN' USE SOME LIPSTICK, SHE'D BE A HONEY!
A HONEY!
HMMM! I WONDER!
